## INTRODUCTION

All statistical data provided come from an annual survey conducted by the Office of Research and Information Services (ORIS). Individual faculty information is provided by each faculty of medicine as of July, 2013 and, therefore, is subject to change.

This document provides information that covers several academic years. When comparing data from year-to-year it should be understood that there is some yearly variability in the context affecting the data. Examples of such context variability include changes to the number of available places, admission requirements, and selection policies for some of the faculties of medicine.

### General Information

There are seventeen faculties of medicine in Canada that offer programs of study leading to the award of the MD degree which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence going from east to west which implies no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources as well as Canada's future physician workforce requirement. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

An applicant must decide to which faculty or faculties of medicine application will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. The applicant's type of pre-medical undergraduate degree and institution of study should not deter filing an application, provided that all academic prerequisites are met. Not only should applicants plan to meet all academic prerequisites, it is also important to respect all deadline dates. In general, an application or documentation is ignored when received after deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which applications are submitted.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.
- Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.

### **Ontario Medical School Application Service (OMSAS)**

The six Ontario faculties of medicine use OMSAS which is a centralized application processing service, thus applicants submit only one set of application materials and academic documents regardless of the number of faculties to which they are applying. Each faculty of medicine independently makes the selection decision.

The OMSAS web-site provides an on-line application service mid-July, 2013 as well as additional information related to each faculty's admission requirements. The web-site is a comprehensive one where applicants can obtain information on the application process and can view details concerning their application. The OMSAS levy is composed of a base fee and an additional fee for each Ontario faculty of medicine to which application is made.

The application service fee is \$210 plus an institutional fee for each faculty applied to. The institutional fees will later be forwarded to the relevant faculties.

<u>Institutional Fees</u>	<u>In Canadian Funds</u>
McMaster	\$115
Northern	\$85
Ottawa	\$75
Queen's	\$100
Toronto	\$100
Western	\$100

#### Deadlines:

September 15, 2013	Last day to register for/create an account for the on-line application.
October 1, 2013	Last day for receipt of applications, all transcripts/academic documents and all Confidential Assessment Forms.
October 4, 2013	Last day for receipt of all cheques, money orders and electronic payments.
November 1, 2013	Last day for release of MCAT scores.
May 13, 2014	First date for offers of admission.
June 30, 2014	Last day for receipt of final transcripts.

 Web-site: [www.ouac.on.ca/omsas](http://www.ouac.on.ca/omsas)

## **Medical College Admission Test (MCAT)**

The MCAT is a standardized, multiple-choice examination designed to assess problem solving, critical thinking and writing skills in addition to the examinee's knowledge of science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine.

The test consists of four test sections: the Verbal Reasoning, Physical Sciences and Biological Sciences sections contain multiple-choice questions and the scores range from a low of 1 to a high of 15 for each section; the Writing Sample section consists of two essays and the total score ranges from a low of J to a high of T.

The computer-based test is given at established test centres in Canada, the United States and overseas. Visit the web-site for dates and locations. The overall length of the test day is approximately four and one-half hours. The regular examination fee was \$270 in US funds for the 2013 test dates.

## **Repeat Applicants**

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Rejected candidates should try to reach an objective assessment of why they did not receive an offer. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the sheer rationing of places that is necessary when the number of qualified candidates greatly exceeds the number of available places. Well qualified candidates have grounds for re-applying for admission to a faculty of medicine and in recent years, repeat applicants have fared relatively well.

## **Applying to Study Medicine outside Canada**

If for any reason an applicant decides to seek admission to a medical faculty outside Canada, some important factors must be borne in mind. The most important of these is that returning to practise medicine in Canada may prove difficult. This is not meant to deter individuals from seeking education in foreign universities – some Canadian citizens have always gone abroad to study in recognized, reputable universities. Limitations on recognition of foreign earned MDs apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends a foreign medical faculty will be able to train or practise medicine in Canada in the future.

**Foreign Applicants**

Not all faculties of medicine accept applications from foreign students. Conversely, some faculties of medicine have contracts with foreign governments or institutions to accept applications for "supernumerary" positions. The conditions of admission may require that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada and these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the foreign educational institutions or governments that have negotiated such contracts.

Foreign students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the foreign applicant.

**Faculty of Medicine, MEMORIAL UNIVERSITY OF NEWFOUNDLAND**

**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal not required

**2013/14 New Admissions into Year One:** 80

**2013/14 First-Year Tuition:** \$6,250 for Canadian residents; \$30,000 for visa students; other compulsory fees were \$1,209

**Selection Factors:** The number of year one positions available for 2013/14 was 80 which include 2 positions available to Aboriginal students who are residents of Newfoundland and Labrador. The 80 positions included 60 residents of Newfoundland and Labrador, 10 residents of New Brunswick and 4 residents of Prince Edward Island. The number of year one positions available for 2014/15 will be 80 as well.

Canadian citizens/permanent residents or visa students may apply.

**Academic Criteria:** A Bachelor's degree is required at time of admission. In exceptional circumstances an application may be considered when a Bachelor's degree will not be held at time of admission. Such an applicant will have completed at least 60 credit hours including the prerequisite subject of 6 credit hours in English at a recognized university or university college before admission and have work related or other experience acceptable to the Admissions Committee.

The mean grade point average of successful applicants in 2013/14 was 3.80 on a 4.0 scale.

The MCAT is required and it is recommended that the test be written within the five year period prior to application.

Six credit hours in English are required.

**Deferred Admissions:** Considered

**Transfers:** Not usually considered but may be in rare circumstances from a Canadian medical faculty

**Combined Programs:** MD/PhD

**Interviews:** These take place in November 2013 for the August 2014 entering class. For the 2013 entering class, there were 122 Newfoundland/Labrador residents interviewed and 111 other residents of Canada interviewed for a total of 233 applicants interviewed.

---

**Offers of Admission:** Offers are mailed in March and April, 2014. A \$200 acceptance deposit is required and will be credited towards the tuition fee. The deposit will be forfeited if the applicant subsequently declines the offer.

---

**Application Details:** An electronic application process is available in July 2013. The deadline for receipt of the application and fee of \$75 to Memorial University of Newfoundland, as well as an application service fee of \$150 (plus applicable taxes) to CaRMS at the time of application is September 16 , 2013.

---

<sup>1</sup> Includes students who applied for positions available under contract with foreign governments or educational institutions in 2007/08-2010/11.

**Faculty of Medicine, DALHOUSIE UNIVERSITY****Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required

---

**2013/14 New Admissions into Year One:** 112**2013/14 First-Year Tuition:** \$16,600 for Canadian residents; \$24,802 for visa students; other compulsory fees were \$1051.70

---

**Selection Factors:** The number of year one positions available for 2014/15 is 109 (99 for Maritime residents (Nova Scotia, New Brunswick and Prince Edward Island) and 9 for non-Maritime residents); 69 seats in the Maritime pool will be assigned to the Halifax campus and 30 seats to the St. John campus; all permanent residents of New Brunswick will attend the St. John campus and the government of New Brunswick is responsible for defining residency status. One additional position is available for a dental student who after completing the MD program plans to specialize in oral maxillofacial surgery. In 2013/14 there were 99 positions filled by residents of the Maritime Provinces.

Canadian citizens/permanent residents or visa students may apply.

---

**Academic Criteria:** Three to four years full-time university/college is required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.3 for Maritime residents and 3.7 for non-Maritime residents on a scale of 4.0. The mean grade point average of successful applicants in 2012/13 was 3.7.

The MCAT is required and the test must have been taken within the last five years.

There are no prerequisite courses.

---

**Special Consideration:** Applies on an individual basis to applicants with extenuating circumstances when the need arises.

---

**Deferred Admissions:** Considered (only for extenuating circumstances)**Transfers:** Not considered**Combined Programs:** Not available

**Interviews:** Interviews are held on November 23 and 24, 2013 as advertised in the early summer on the Admissions Webpage. For the September, 2013 entering class there were 299 Maritime residents interviewed and 61 non-Maritime residents interviewed for a total of 300 applicants interviewed. All Maritime residents who meet the minimum academic requirements will be offered an interview.

---

**Offers of Admission:** All decision letters to interviewed applicants will be tentatively released in mid-March 2014 as noted and updated on the Admissions Webpage. A \$500.00 non-refundable acceptance deposit is required. This deposit is applied to tuition upon enrolment.

---

**Application Details:** An electronic application process is available on July 1, 2013. The deadline for receipt of the application and fee of \$70 is September 9th, 2013. Transcripts and supplemental information are due on September 1, 2013.

## Faculty of Medicine, LAVAL UNIVERSITY

**Length of Program:** 4 years

**Language of instruction:** French

**Proficiency in French testing:** Yes

**Computer:** Personal not required

**2013/14 New Admissions into Year One:** 231

*This number could increase because of drop-outs in previous years.*

**2013/14 First-Year Tuition:** \$3,485 for Québec residents; \$9,768 for residents of another Canadian province or territory; \$26,150 for foreign students; other compulsory fees were \$832

**Selection Factors:** The number of year one positions available for 2013/14 was 231 which included 8 positions filled with applicants to the MD/PhD program. In total, 222 positions were filled by Québec residents. Up to 4 additional positions are made available to applicants who are Quebec residents and First Nations people or Inuit people (the quota to be allocated between Québec faculties of medicine) and up to 6 additional positions offered by the Canadian Forces (the quota to be allocated between the Francophone faculties of medicine in Québec).

Canadian citizens/permanent residents or visa students may apply.

**Academic Criteria:** Two years of full time post-secondary studies are required.

The MCAT is not required.

The performance rating in 2013/2014 was 33.241 for college students and 31.835 for university students.

Prerequisite courses at college level or equivalent: 2 courses in biology, 3 courses in chemistry, 2 courses in mathematics and 3 courses in physics.

**Special Consideration:** Applies to applicants holding a diploma from a faculty of medicine outside Canada or the United States who are permanent residents of Québec; to applicants from the pool of students coming from a college of general and professional instruction (CÉGEP); to Aboriginal applicants; to applicants coming from the military; to applicants to the MD/PhD program and to applicants from the work force.

**Deferred Admissions:** Not considered

**Transfers:** Not considered

**Combined Programs:** MD/MSc, MD/PhD

---

**Interviews:** Interviews will take place in April 2014. For the September 2013 entering class 967 Québec, 14 other residents of Canada and 10 residents of other countries were interviewed for a total of 991 applicants interviewed.

---

**Offers of admission:** Offers will be sent via email in May 2014. No monetary deposit will be required to secure the position.

---

**Application Details:** Online and paper-based applications are available on April 1, 2013. The deadline for receipt of the applications is February 1, 2014 for university students and March 1, 2014 for the others. Processing fees are \$75.

---

Total Applicants	1816	1942	2123	2111	
<hr/>					
<b>SUCCESS RATE (%) BY RESIDENCE <sup>1</sup></b>	<b>%</b>	<b>%</b>	<b>%</b>	<b>%</b>	<b>%</b>
Québec	21.4	22.8	21.3	19.9	
Other Canadian	10.0	4.5	16.4	9.1	<b>Data not yet provided.</b>
Foreign	12.8	1.2	2.3	0.0	
All Applicants to Laval	20.6	21.1	20.4	19.4	

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

<sup>1</sup> The province of Québec has restrictions on both the numbers of positions allocated for other residents in Canada and residents outside Canada. The distribution is apportioned by the four faculties of medicine during each admissions cycle.

**Faculty of Medicine and Health Sciences, UNIVERSITY OF SHERBROOKE**

**Length of Program:** 4 years

**Language of instruction:** French

**Proficiency in French testing:** Yes

**Computer:** Personal not required

**2013/14 New Admissions into Year one:** 205

*This number could increase because of drop-outs in previous years.*

**2013/14 First-Year Tuition:** \$3,613 for Québec and New Brunswick residents; \$9,763 for residents of another Canadian province or territory; \$28,003 for foreign students; other compulsory fees were \$1,060.

**Selection Factors:** The number of year one positions for 2014/15 will be around 202. This number could differ according to government regulations as well as replacements to compensate for attrition. These 202 positions will be roughly allocated as follows: 169 for residents of Québec, 30 for residents of Atlantic Canada, 2 for residents of Western Canada, 0 for foreign applicants holding a student visa, 1 for First Nations or Inuit people who are Québec residents, and 0 for Canadian Forces.

The 202 positions are allocated between three sites roughly as follow: 173 to the Sherbrooke site, 33 to the Saguenay site and 26 to the Moncton site. At the beginning of May, applicants who apply as Québec residents must complete a form to choose a site by stating their preference between Saguenay and Sherbrooke. The assignment of these persons to one of those two sites depends upon the number of available positions at each site at the time the offer is made, upon the applicant's preference mentioned on the site choice form and upon the rank of the applicants on the excellence list. The Saguenay site is reserved solely for Québec applicants. The Moncton site is reserved solely for New Brunswick applicants.

Canadian citizens/permanent residents or visa students may apply.

**Academic Criteria:** To hold, before the start of the school year, a diploma or degree deemed equivalent to the College studies diploma (CÉGEP) given by the Québec Ministry of Education, Leisure and Sport; or have achieved at least 75 university credits at the date of the filing of the application.

The first step of the selection process is based on prior academic performance. However, these results are not summarized as a GPA but rather as an academic score. The Internet page (<http://www.usherbrooke.ca/doctordat-medecine/admission/questions-en-rafale/qu-est-ce-que-la-cote-academique/>) gives more detail on this score while another page (<http://www.usherbrooke.ca/doctordat-medecine/admission/questions-en-rafale/donnees-saillantes/>) provides details about the academic scores for accepted applicants from the previous year.

The MCAT is not considered.

Prerequisite courses (post-secondary level) to have successfully completed are: Mathematics 103 and 203; Physics 101, 201 and 301; Chemistry 101, 201 and 202; Biology 301 and 401 or Biology 911 and 921. Courses deemed equivalent by the faculty will be accepted.

---

**Deferred Admissions:** Not authorized

**Transfers:** Not authorized

**Combined Programs:** MD/MSc, MD/PhD

---

**Interviews:** Applicants selected on the basis of their former academic results are invited to do other selection tests which differ according to the quotas considered: Multiple Mini-Interviews (MMI) and Test d'aptitude à l'apprentissage de la médecine à l'Université de Sherbrooke (TAAMUS) for applicants resident in Québec, Atlantic provinces and western Canada, as well as for the members of the Canadian Forces; interviews for foreign applicants holding a student visa as well as members of First Nations and Inuit people of Québec. MMI and TAAMUS will take place in April 2014 while the other interviews will take place in May and June 2014. During the admission process of 2013, 801 applicants from Québec and 83 from Atlantic provinces were invited for the MMI and TAAMUS. TAAMUS is a paper and pencil test that lasts one hour.

---

**Offers of admission:** In 2013, the first offers of admission were sent starting May 29 and continue until August 30. Mandatory registration fees of \$300 must be paid to accept an offer and reserve a position. That amount is not refundable but can be transferred to another program offered by the University of Sherbrooke.

---

**Application Details:** Admission requests, either electronic or paper, are available all year round. The deadline for receipt of application is January 15, 2014 for all applicants, except for Québec college applicants without any university credits (these persons have until March, 1st 2014). The processing fee is \$70.

**Proficiency in French testing:** Yes      **Computer:** Personal not required

---

**2013/14 New Admissions into Year One:** 300 (219 - 5 years; 81 - 4 years)

*This number could increase because of drop-outs in previous years.*

**2013/14 First-Year Tuition:** \$3,179 for Québec residents; \$8,592 for residents of other Canadian provinces or territories; \$23,847 for foreign students; other compulsory fees were \$1,202.

---

**Selection Factors:** The number of year one positions available for 2013/14 was 300 which included 295 positions filled by Québec residents, 3 filled by New Brunswick residents following an agreement with that province and 2 filled by visa students. Up to 8 additional positions are made available to applicants who are Québec residents and First Nations or Inuit people (the maximum contingent to be allocated between Québec faculties of medicine). No additional position was offered to the Canadian Forces.

The 300 positions are allocated to two campuses: at the University of Montreal - 178 in preparatory year and 79 in the MD program; at the Center for medical studies in Mauricie (Centre d'études médicales en Mauricie) in Trois-Rivières - 40 in preparatory year and 3 in the MD program. As long as positions are available, the applicant can choose between the Montréal campus or the Mauricie campus.

All applicants present an admission request for the preparatory year for the MD program. Depending on the academic profile of the applicant, the Admission Committee decides if the applicant is considered for the preparatory year or the first year of medical studies.

Depending on the number of positions, about three quarters of the selected applicants are admitted in preparatory year and the other quarter join the contingent of last year's preparatory year to form the first year.

Canadian citizens/permanent residents or visa students may apply.

About 45% of the selected applicants hold a Bachelor's degree and are considered in a particular category. Applicants holding a PhD in relation to biomedical sciences are also in a particular category. The same is true for international applicants.

---

**Academic Criteria:** Preparatory year: Applicants must have completed two full years in a Collège d'enseignement général et professionnel (CÉGEP) in sciences, arts and literature or in natural sciences, having successfully completed 00XU (biology) and 00XV (chemistry). Alternately, applicants may have obtained a different college diploma or degree, with successful completion of the following prerequisites: Biology 301 and 401 or two courses of human biology; Chemistry 101, 201 and 202; Mathematics 103 and 203; Physics 101, 201 and 301. Such applicants must hold a post-secondary studies diploma equivalent to a Diploma of College Studies (Diplôme d'études collégiales or DÉC) or a Bachelor's degree as issued in Québec and have succeeded in the above-mentioned prerequisites or equivalent courses in each of the four subjects. The preparatory year is required for college students, international students and university students who have completed a first university degree but the study program is considered to be less than equivalent to the preparatory year.

Four years: The applicant must hold a Bachelor's degree obtained in Québec in a study program considered equivalent to the preparatory year. Alternatively, another equivalent degree is required at the time of admission for applicants of the university category.

A performance rating is calculated for all applicants. According to the actual criteria, a first selection is made, by category, based on the excellence of the academic record demonstrated by taking the performance rating into account. The last college student interviewed had a performance rating of 33.241 and the last university student interviewed had one of 32.639.

The MCAT is not required.

---

**Special Consideration:** Applies to applicants holding a degree from a faculty of medicine outside Canada and the United States (IMG) who are Canadian citizens or permanent residents and who are Québec residents.

---

**Deferred Admissions:** Not considered

**Transfers:** Not considered

**Combined Programs:** None

---

**Interviews:** Multiple Mini-Interviews (MMI) will take place on a Saturday and a Sunday in April 2014. The applicants must show up in person at the date and in the place where they will have been summoned without opportunity for change. Preparatory year: For the September 2013 class, 744 Québec residents, 7 other residents of Canada and 2 residents from other countries were interviewed for a total of 753 applicants interviewed. Four years: For the September 2013 class, 172 Québec residents were interviewed. The fees for the interview are \$100 but could be raised in the upcoming months.

---

**Offers of admission:** Offers will be mailed around the 15th of May 2014 for all applicants. A mandatory acceptance deposit of \$200 will be subsequently deducted from the tuition fee.

---

**Application Details:** The paper-based application will be available on September 1st, 2013 and the electronic version will exceptionally be available on November 8, 2013. The application deadline is January 15, 2014 for university students and March 1st, 2014 for college students. The charge for opening an electronic applicant file is \$90 and for a paper-based file, \$120.

**Faculty of Medicine, MCGILL UNIVERSITY**  
**MED-P Program**

**Length of Program:** 1 preparatory year followed by 4 years MD-CM

**Language of Instruction:**  
 English

**Proficiency in English Testing:** No

**Computer:** Personal required

**2013/14 New Admissions into MED-P: 75**

**2013/14 MED-P Tuition:** The preparatory year program fees (\$2,224 tuition, \$1,660 other compulsory fees) are those of the Faculty of Science in which the student is registered for this year. Upon successful completion of the preparatory year, the student will be admitted to the MD-CM program in the Faculty of Medicine.

**Selection Factors:** The anticipated number of positions available for 2014/15 is 75.

Canadian citizens/permanent residents who are residents of Québec currently enrolled in their final year at a Québec *Collège d'enseignement général et professionnel (CÉGEP)* science program may apply.

**Academic Criteria:** A *CÉGEP Diplôme d'études collégiales* is required at time of admission.

The suggested *cote de rendement collégial* is 34.0 and the average of applicants invited for interview in 2013/14 was 35.0.

The MCAT is not required.

Prerequisite courses from the *CÉGEP* program in Health Sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

**Interviews:** Mandatory on site Multiple Mini-Interviews (MMI) take place in mid-April, 2014. For the 2013/14 year, 200 applicants were interviewed. Interviews can be in English or French based on the applicant's choice at time of application.

**Offers of Admission:** Offers are sent via e-mail and posted on the electronic application system in mid-May, 2014. A \$400 non-refundable deposit is required and is applicable towards tuition.

**Application Details:** An electronic application is available starting September 1, 2013 with a fee of \$140 payable upon completion. The deadline for receipt of the application, including supporting documents, is March 1, 2014, and all supporting documents must be received no later than March 4, 2014.

**Faculty of Medicine, MCGILL UNIVERSITY**  
**MD-CM Program**

**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal required

**2013/14 New Admissions into Year One:** 184

*At time of admission, first year quota positions may increase due to attrition.*

**2013/14 First-Year Tuition:** \$4,671 for residents of Québec; \$13,093 for other Canadian residents; \$35,053 for visa students; other compulsory fees are \$2,058; international students are subject to additional health insurance fees

**Selection Factors:** The anticipated number of first-year positions available in 2014/15 is 184 of which up to 4 positions are available for visa students, up to 9 positions are available for Canadian citizens/permanent residents residing outside Québec but in Canada and up to 2 positions are available for students admitted to the joint Medicine and Oral and Maxillofacial Surgery (MD-OMFS) program. Up to 3 positions are available for residents of Québec in the non-traditional pathway. The remaining 169 positions are available for residents of Québec and are distributed among university-level applicants and students who have successfully completed the MED-P year. An additional 4 positions (maximum quota distributed among Québec faculties) are available to First Nations/Inuit applicants who are residents of Québec.

In 2013/14, 169 positions were filled by residents of Québec of which 3 positions were filled by non-traditional pathway applicants.

Canadian citizens/permanent residents or visa students may apply.

**Academic Criteria:** A 4 year Bachelor degree (120 credits) is required at time of admission.

Cumulative grade point averages (CGPA) of at least 3.5 on a 4.0 scale are considered to be within the competitive range. The average cumulative grade point average of all applicants in 2013/14 was approximately 3.67 and the average CGPA of applicants invited to interview was 3.82.

The MCAT is required for visa students and for Canadian citizens or permanent residents who hold undergraduate degrees from non-Canadian universities. Results must be available by the application deadline. Overall scores of 30 or greater are considered competitive. Test results older than five years before the application deadline will not be considered.

Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in biochemistry, cellular and molecular biology and statistics are recommended. Pass/fail grades are not acceptable and courses

completed more than 8 years ago must be repeated. Exception may be made for applicants with advanced degrees in the material concerned.

---

**Special Consideration:** May be given to applicants with extenuating circumstances upon formal request and First Nations/Inuit applicants who are residents of Québec.

---

**Deferred Admissions:** One-year deferral requests will be considered.

**Transfers:** Not considered

**Combined Programs:** MD-CM/MBA, MD-CM/PhD, MD-CM/OMFS

---

**Interviews:** Mandatory on-site Multiple Mini-Interviews (MMI) take place in spring 2014 for all applicants. For the 2013/14 year, there were 220 university-level Québec residents interviewed, 50 residents of Canada (outside Quebec) interviewed and 30 international residents interviewed for a total of 300 applicants interviewed for the MD-CM or joint programs.

---

**Offers of Admission:** Offers are sent via e-mail and posted on the electronic application system in early May 2014. A \$500 non-refundable deposit is required, applicable towards tuition.

---

**Application Details:** An electronic application process is available starting September 1, 2013 with a fee of \$140 payable upon completion. The deadline for receipt of the application is November 1, 2013 and all supporting documents must be received no later than November 6, 2013.

## Faculty of Medicine, UNIVERSITY OF OTTAWA

**Length of Program:** 4 years

**Language of Instruction:** English and French

**Proficiency in English Testing:** If needed

**Computer:** Personal required (to be purchased through the university and invoiced with tuition fees)

**2013/14 New Admissions into Year One:** 164

**2013/14 First-Year Tuition:** \$22,188 for Canadian residents; other compulsory fees were \$666

**Selection Factors:** The projected number of year one positions available for 2014/15 is 164 which includes up to 7 positions available to Aboriginal/native students and up to 4 positions available to students in the MD/PhD program; plus 8 positions available through the Consortium national de formation en santé.

Canadian citizens/permanent residents may apply.

**Academic Criteria:** Three years full-time university studies leading to a Bachelor's degree is required.

The minimum acceptable grade point average is 3.5 on a 4.0 scale. The mean grade point average of successful applicants in 2012/13 was 3.90.

The MCAT is not required.

Prerequisite courses include the equivalent of one full year course in general biology (with laboratory) and one full year course in humanities/social sciences and the equivalent of two full year courses in the following chemistries - general chemistry (with laboratory), organic chemistry (with laboratory) and/or biochemistry (without laboratory).

**Special Consideration:** *Aboriginal applicants:* Required minimum weighted grade point average is set at a lower cut-off for advancement in the selection process.

**Deferred Admissions:** Considered under exceptional circumstances only

**Transfers:** Considered under special conditions

**Combined Programs:** MD/PhD

**Interviews:** These take place in February - March, 2014. Approximately 575 applicants are interviewed.

---

**Offers of Admission:** Offers are e-mailed starting on May 13, 2014 until the class is complete. A firm non-refundable deposit of \$1,000 must be received with a final acceptance and will be deducted from the tuition fee.

---

**Application Details:** See OMSAS section.

**Faculty of Medicine, UNIVERSITY OF TORONTO****Length of Program:** 4 years**Language of Instruction:** English**Proficiency in English Testing:** No**Computer:** Personal not required**2013/14 New Admissions into Year One:** 259**2013/14 First-Year Tuition:** \$20,132 for Canadian residents; \$59,923 for visa students

**Selection Factors:** The number of year one positions available for 2014/15 is 259 which includes up to 7 positions available for foreign students and up to 10 positions available to applicants to the MD/PhD program.

The 259 positions are allocated to two campuses: 205 at the St. George campus (in downtown Toronto) and 54 at the Mississauga campus (in Mississauga).

Students will be assigned to either the Mississauga campus or the St. George campus at the time of admission. At the St. George campus, students will be assigned to one of three academy sites shortly after the admissions process is completed. The St. George campus includes the Fitzgerald, Peters-Boyd and Wightman-Berris Academies. All campus and academy assignments will be for the entire 4 years of study. All students will be able to participate in clinical learning opportunities across the faculty of medicine's affiliates. During the interview weekends, detailed information regarding the campus and academy structure and method of assignment will be provided. Interviewed applicants will be asked to complete a short survey indicating their preference for one academy over the other, or that they have no preference. Although we cannot guarantee placement at one's first choice of campus or academy, our process is designed to maximise student satisfaction.

Canadian citizens/permanent residents or visa students may apply.

**Academic Criteria:** A minimum of three years full-time university study is required.

The minimum acceptable grade point average is 3.6 on a 4.0 scale. The mean grade point average of successful applicants in 2013/14 was 3.92.

The MCAT is required and the test must have been written within five years of the application deadline. Only the most recent score is considered. The minimum acceptable scores are 9/9/9.

Prerequisite courses include two full courses in life sciences and one full course in social science or humanities or a second language.

**Special Consideration:** Applicants from a graduate program may be assessed in a separate process. As part of the OMSAS application, they must submit an Academic Curriculum Vitae showing research productivity, as well as an additional reference letter from their supervisor evaluating their performance and stating the expected date of degree completion. The format for the Academic CV may be found on the Admissions Website. Graduate applicants may be considered with a lower than minimum required grade point average. Graduate applicants will only be considered if they have already completed or are in the final stages of completing their graduate program. Completion of all program requirements, including successful defence of a thesis if required, must occur prior to June 30<sup>th</sup> in the year of proposed entry.

*Indigenous Student Application Program:* Recognizing the commitment to social responsibility in the faculty's mission, this program has been implemented to increase the number of Indigenous (First Nations, Inuit and Métis) medical students. Applicants to this program must meet the same requirements for MCAT, grade point average and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process with the following modifications to written material submissions and interview: 1) self-declared Aboriginal status via OMSAS, 2) Proof of Aboriginal ancestry (details of documentation may be found on the Admissions website), 3) a personal essay describing history of community experiences , and 4) members of the Indigenous community (faculty, students and public members) may take part in the admissions file review and admission interviews.

---

**Deferred Admissions:** Considered (not routinely)

**Transfers:** Not considered

**Combined Programs:** MD/PhD

---

**Interviews:** These take place on 3 weekends between January-April, 2014. For the September, 2013 entering class there were 587 applicants interviewed.

---

**Offers of Admission:** Offers are mailed on May 13, 2014. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be applied to the tuition fee.

---

**Application Details:** See OMSAS section.

**Michael G. DeGroot School of Medicine, MCMaster University**

**Length of Program:** 3 years

**Language of Instruction:** English

**Proficiency in English Testing:** Yes

**Computer:** Required

**2013/14 New Admissions into Year One:** 203

**2013/14 First-Year Tuition:** \$24,800.73 for Canadian residents; \$95,000 for visa students; other compulsory fees were \$864.24

**Selection Factors:** The number of year one positions available for 2013/14 was 203: 147 positions were at the Hamilton campus, 28 positions were at the Waterloo Regional Campus (in Kitchener) and 28 positions were at the Niagara Regional Campus (in St. Catharines).

All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference. Offers of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site.

Canadian citizens/permanent residents or visa students may apply.

**Academic Criteria:** Three years (30 credits) of university is required.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2013/14 was 3.83.

The MCAT is required – only the Verbal Reasoning score (a minimum score of 6 is required) is used in the selection process. The test must have been taken within five years of the application deadline.

There are no prerequisite courses.

**Special Consideration:** Aboriginal applicants must self-identify and must meet minimum requirements. Applicants are reviewed by a separate committee.

**Deferred Admissions:** Considered

**Transfers:** Not considered

**Combined Programs:** MD/PhD

**Interviews:** These take place in March and April, 2014. For the September, 2013 entering class there were 490 Ontario residents interviewed, 50 other residents of Canada interviewed and 0 residents outside of Canada interviewed for a total of 540 applicants interviewed.

---

**Offers of Admission:** Offers are mailed on May 14, 2014. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

---

**Schulich School of Medicine & Dentistry, WESTERN UNIVERSITY**

**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal required

**2013/14 New Admissions into Year One:** 171

**2013/14 First-Year Tuition:** \$21,703 for Canadian residents; other compulsory fees were \$1,238.71

**Selection Factors:** The number of year one positions available for 2014/15 is 171; 133 in London and 38 at the Windsor campus. Students are assigned to the campus of their preference based on their rank. Once the preferred campus is filled, students are assigned in rank order to the remaining seats. In 2014/15, the 171 positions include up to 3 positions available to Indigenous applicants, a maximum of 3 positions available to applicants to the MD/PhD program, a maximum of 3 positions available to applicants to the MD/BESc program who are deemed competitive with the general application pool.; and up to 1 position available to applicants to the oral maxillofacial surgery program.

Canadian citizens/permanent residents may apply.

**Academic Criteria:** Have completed or be in the final year of a program leading to a 4-year undergraduate degree at a recognized university, and expect to have obtained your degree by the end of the academic year in which application is being made.

The minimum acceptable grade point average in each of two years of the undergraduate degree was 3.70 on a 4.0 scale for the 2013/14 entering class.

The MCAT is required and the test must have been taken within five years prior to the application deadline. MCAT cut offs vary from year to year and are dependent on the competitiveness of the applicant pool.

There are no prerequisite courses.

**Special Consideration:** Applies to applicants who have indicated on their application that they are from designated communities in South-western Ontario and from Indigenous communities.

**Deferred Admissions:** Considered only on the basis of appeal to applicants who have progressed through the regular admission cycle and have received an offer of admission. Individuals requesting deferred admission must submit a request in writing to the Admissions & Student Affairs Office.

**Transfers:** Consideration is restricted to Canadian citizens or permanent residents of Canada currently enrolled in a Canadian faculty of medicine. Applicants considering transfer must contact the Admissions Office.

**Combined Programs:** MD/BESc, MD/PhD (Western University only), Oral Maxillofacial Surgery (MD/MSc)

---

**Interviews:** These take place on March 1-2 and March 29-30, 2014. For the September, 2013 entering class there were 427 applicants interviewed.

---

**Offers of Admission:** Offers are electronically mailed on May 13, 2014. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

**Northern Ontario School of Medicine, LAURENTIAN UNIVERSITY / LAKEHEAD UNIVERSITY**

**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Students must lease laptops from the school

**2013/14 New Admissions into Year One:** 64

**2013/14 First-Year Tuition:** \$20,242 for Canadian residents (Ancillary fees for Lakehead - \$1,012.67, for Laurentian - \$765.38)

**Selection Factors:** The number of year one positions available for 2014/15 is 64 which includes a minimum of 2 positions available to Aboriginal students.

The 64 positions are allocated to two campuses: Lakehead University (28) and Laurentian University (36). Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred site.

Canadian citizens/permanent residents may apply.

Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Aboriginal and Francophone applicants.

**Academic Criteria:** Four years full-time university/college is required. An applicant who is 25 years or older may apply with a three year degree. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2012/13 was 3.6.

The MCAT is not required.

While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.

**Special Consideration:** Aboriginal applicants may apply through the Aboriginal Admissions Stream; however, all minimum requirements must be met.

---

**Deferred Admissions:** Not considered (except under extenuating circumstances)

**Transfers:** Not considered

**Combined Programs:** Not available

---

**Interviews:** These take place in March and April, 2014. For the September, 2013 entering class there were 323 applicants interviewed.

---

**Offers of Admission:** Offers are mailed on May 13, 2014. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

---

## Faculty of Medicine, UNIVERSITY OF MANITOBA

**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** Yes

**Computer:** Students would benefit from owning/having access to a personal computer or laptop

**2013/14 New Admissions into Year One:** 110

**2013/14 First-Year Tuition:** Not available at time of publication. Fees for 2012/13 academic year was \$7,787 for Canadian residents; other compulsory fees were \$940

**Selection Factors:** The number of year one positions available for 2013/14 is 110 of which ninety-four percent were filled by residents of Manitoba.

Aboriginal applicants who self-identify are reviewed by a separate committee. They must meet minimum eligibility requirements and submit documentation to support their declaration of Aboriginal ancestry.

All applicants will be evaluated in a variety of domains including a connection to and involvement with rural communities and advanced academic pursuits.

Applicants must be a Canadian citizen/permanent resident at the time of application.

**Academic Criteria:** Three years full-time university are required. A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.3 on a 4.5 scale. The mean grade point average of successful applicants in 2013/14 was 4.21 for Manitoba residents, 4.25 for out-of-province residents, and 4.13 for Aboriginal applicants.

The MCAT is required and the test must have been taken no earlier than April, 2010 and no later than September, 2013. Eligible applicants must have scored a minimum of 7 each of the Verbal Reasoning (VR), Physical Sciences (PS) and Biological Sciences (BS) sub-tests with a minimum of M on the Writing Sample (WS), if applicable, in a single session.

Prerequisite courses include a minimum of 6 credit hours of university level biochemistry. If biochemistry courses are taken at another university, they must be assessed for equivalency to the University of Manitoba's course content. Applicants must also complete courses in humanities/social sciences. Applicants who complete a BSc (general) or BA (general) must complete 18 credit hours in humanities/social

sciences. Applicants who complete a 4 year Major or Honours program may waive up to 12 credit hours of humanities/social sciences.

---

**Deferred Admissions:** Considered

**Transfers:** Considered

**Combined Programs:** MD/BSc Med, MD/PhD

---

**Interviews:** These take place from late February to early March, 2014. For the August, 2013 entering class there were 249 Manitoba residents interviewed and 28 other residents of Canada interviewed for a total of 277 applicants.

---

**Offers of Admission:** Offers are e-mailed on May 14 and June 2, 2014. A \$500 non-refundable acceptance deposit is required.

---

**Application Details:** An electronic application process will be available in August, 2013. The early-bird application deadline is September 20, 2013 and the fee is \$95. The final application deadline is October 4, 2013 and the fee is \$125 between September 20 and October 4, 2013.

**College of Medicine, UNIVERSITY OF SASKATCHEWAN**

**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal required

**2013/14 New Admissions into Year One:** 100

**2013/14 First-Year Tuition:** \$14,930 for Canadian residents; other compulsory fees were \$770

**Selection Factors:** The number of year one positions available for 2014/15 is expected to be 100 which includes up to 10 positions available to Aboriginal applicants and 10 positions available to out-of province applicants.

Canadian citizens/permanent residents may apply.

**Academic Criteria: Saskatchewan Residents:**

There are two main academic requirements that must be met in order to apply as a Saskatchewan resident:

1. MCAT OR prerequisites
2. Two full year average

The MCAT is required except for students who have completed the prerequisites within Saskatchewan as described in the next paragraph. The test must have been taken within the last five years and scores have to be available at the time of application. The minimum acceptable score is 26 - accumulated scores in biological sciences, physical sciences and verbal reasoning sections of 26 with no section below 8. The maximum number of times an applicant may take the MCAT is five times (additional sittings will not be accepted unless approved in writing by the Admissions Office, College of Medicine).

Prerequisite courses are mandatory for students who wish to apply under the "prerequisite" requirement whereby all courses are taken at the University of Saskatchewan or University of Regina within five years of applying with a minimum overall average of 78% and minimum individual course grade of 60%. The prerequisites are identified at [www.medicine.usask.ca/admissions](http://www.medicine.usask.ca/admissions) and include two terms in each of biochemistry, biology, chemistry (general and organic), physics, social science/humanities and English. Students attending institutions outside Saskatchewan are strongly recommended to complete equivalent prerequisites, particularly two terms of biochemistry, to ensure readiness for the basic sciences covered in the first two years of the undergraduate medical curriculum.

Two years full-time university/college is required.

The minimum acceptable grade point average is 78% for residents of Saskatchewan. The mean grade point average of successful applicants in the Saskatchewan pool 2012/13 was 89.85%.

**Out-of-Province Residents:**

There are two main academic requirements that must be met in order to apply as an out-of-province resident:

1. MCAT
2. Degree requirement

All Out-of-Province applicants must complete the Medical College Admission Test (MCAT) prior to application. Scores on Verbal Reasoning, Physical Sciences and Biological Sciences sections must total a minimum of 30 (no section scores less than 8). Scores must be obtained in one sitting prior to the application deadline and current within the last 5 years (earliest accepted scores for 2014 entry are 2009). The maximum number of times an applicant may take the MCAT is five.

Application by out-of-province applicants can be made only during or after the final year of a four year degree. If a four year degree is completed prior to application, course-work for the degree must have been started within the 48 months prior to completion of the degree. If applicants are in the final year of a four year degree, a minimum of 90 credit units must have been completed in the 36 months prior to the end of August immediately before application. All courses completed at the date of application will be used for calculation of the grade-point-average (GPA). The minimum GPA required for application will be 83.0%. The four year degree must be completed by the time study of medicine starts. All remaining courses completed for the degree after the date of application must minimally average 83.0%. Graduate program grades will not be considered.

**Special Consideration:** Students of Aboriginal ancestry may make application through the Aboriginal Equity Access Program whereby all requirements are the same as the regular Saskatchewan resident pool but students compete within this category, not against the entire applicant pool.

Note: Aboriginal applicants have the option of applying under the "prerequisite" academic requirement even if prerequisites are taken outside Saskatchewan institutions. Confirmation of equivalent courses must be made by contacting the Admissions Office prior to application.

**Deferred Admissions:** Considered (residents of Saskatchewan only)

**Transfers:** Not considered

**Combined Programs:**

- MD/MSc, MD/PhD (programs available only after successful completion of MD year one)
- PhD/MD Admissions-Based Combined Program

**Dual Degree Programs:** MBA\MD (successful applicants to the MD program defer admission for one year to complete an MBA degree.)

**Interviews:** The Multiple Mini Interview process is used and all interviews take place on March 22 and 23, 2014. For the September, 2013 entering class, there were 266 Saskatchewan residents and 55 other residents of Canada interviewed for a total of 321 applicants interviewed.

**Offers of Admission:** Offers are e-mailed and hard-copy mailed on May 13, 2014. A non-refundable acceptance deposit of 10% of tuition (2013 was \$1,493.00) is required.

---

**Application Details:** The on-line application is available on August 1, 2013. The deadline to submit the application on-line is October 15, 2013. The application fee is \$125.00.

**Faculty of Medicine, UNIVERSITY OF CALGARY**

**Length of Program:** 3 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal required

**2013/14 New Admissions into Year One:** 155

**2013/14 First-Year Tuition:** \$14,864 for Canadian residents; other compulsory fees were \$1120

**Selection Factors:** The number of year one positions available for 2013/14 was 155. Eighty-five percent of year one positions were filled by residents of Alberta.

Canadian citizens/permanent residents may apply.

**Academic Criteria:** Two years full-time university/college are required.

The minimum acceptable grade point average is 3.2 for residents of Alberta and 3.8 for residents outside of Alberta on a 4.0 point scale. The mean grade point average of successful applicants in 2013/14 was 3.71.

The MCAT is required and the test must have been taken in 1991 or later.

Although there are no prerequisite courses the following courses are recommended: biology, chemistry, physics, English, organic chemistry, biochemistry, physiology, psychology/sociology/anthropology and calculus/statistics.

**Deferred Admissions:** Considered

**Transfers:** Not considered

**Combined Programs:** MD/MBA, MD/MSc, MD/PhD (other combinations are possible)

**Interviews:** These take place on February 22-23 and March 1, 2014. For the July, 2013 entering class there were 519 Alberta residents interviewed and 125 other residents of Canada interviewed for a total of 644 applicants interviewed. Aboriginal applicants who meet the minimum grade point average for Alberta residents are automatically interviewed.

**Offers of Admission:** Offers are mailed on May 15, 2014. A \$500 non-refundable acceptance deposit is required and can be applied towards tuition.

**Application Details:** An electronic application process is available on July 15, 2013. The deadline for receipt of the application and fee of \$150 is October 1, 2013.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

<sup>1</sup> Includes students who applied for positions under contract with foreign governments or educational institutions in 2007/08-2009/10 and 2011/12. In 2010/11, includes a Canadian citizen/landed immigrant who was living outside Canada at time of application.

FACULTY OF MEDICINE

**Faculty of Medicine, UNIVERSITY OF BRITISH COLUMBIA**
**Length of Program:** 4 years

**Language of Instruction:** English

**Proficiency in English Testing:** No

**Computer:** Personal required

**2013/14 New Admissions into Year One:** 288

**2013/14 First-Year Tuition:** \$16,403 for Canadian residents; other compulsory fees were:  
 Vancouver Fraser Medical Program = \$933.84,  
 Island Medical Program = \$234.41,  
 Northern Medical Program = \$323.21,  
 Southern Medical Program = \$140.37

**Selection Factors:** The number of year one positions available for 2014/15 is 288 which includes up to 14 positions available to Aboriginal applicants and up to 5 positions available to applicants to the MD/PhD program. A maximum of 29 positions will be available to out-of-province residents.

The 288 positions are allocated to four campuses: 192 at the Vancouver Fraser Medical Program; 32 at the Island Medical Program (in Victoria); 32 at the Northern Medical Program (in Prince George); 32 at the Southern Medical Program (in Kelowna). All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program.

Canadian citizens/permanent residents may apply.

**Academic Criteria:** Three years full-time university/college is required.

The minimum acceptable grade point average is 2.8 on a 4.0 scale (visit the website for up-to-date information on minimum academic standing). The mean grade point average of successful applicants in 2012/13 was 3.82

The MCAT is required and the test must have been taken within the last five years.

Prerequisite courses include English, biochemistry, biology, organic and inorganic chemistry.

**Deferred Admissions:** Considered

**Transfers:** Considered only after completion of two years of medical studies in Canada or the United States

**Combined Programs:** MD/PhD

**Interviews:** These take place in mid-late February, 2014. For the September, 2013 entering class there were 640 British Columbia residents interviewed and 80 other residents of Canada interviewed for a total of 640 applicants interviewed.

**Offers of Admission:** Offers are mailed mid-May, 2014. A \$1,000 non-refundable acceptance deposit is required.

**Application Details:** An electronic application process is available on June 10, 2013. The deadline for receipt of the application is September 16, 2013 (interviewed applicants who are required to submit supplementary information must do so by early March, 2014). The application fees are \$111 for residents of British Columbia with BC transcripts only; \$143 for residents of British Columbia with any out-of-province transcripts; and \$164 for residents outside British Columbia.
