INTRODUCTION

All statistical data provided come from an annual survey conducted by the Office of Research and Information Services (ORIS). Individual faculty information is provided by each faculty of medicine as of July, 2014 and, therefore, is subject to change.

This document provides information that covers several academic years. When comparing data from year-to-year it is should be understood that there is some yearly variability in the context affecting the data. Examples of such context variability include changes to the number of available places, admission requirements, and selection policies for some of the faculties of medicine.

General Information

There are seventeen faculties of medicine in Canada that offer programs of study leading to the award of the MD degree which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence going from east to west which implies no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources as well as Canada’s future physician workforce requirement. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

An applicant must decide to which faculty or faculties of medicine application will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. The applicant’s type of pre-medical undergraduate degree and institution of study should not deter filing an application, provided that all academic prerequisites are met. Not only should applicants plan to meet all academic prerequisites, it is also important to respect all deadline dates. In general, an application or documentation is ignored when received after deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which applications are submitted.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.
- Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.
Ontario Medical School Application Service (OMSAS)

The six Ontario faculties of medicine use OMSAS which is a centralized application processing service, thus applicants submit only one set of application materials and academic documents regardless of the number of faculties to which they are applying. Each faculty of medicine independently makes the selection decision.

The OMSAS web-site provides an on-line application service mid-July, 2014 as well as additional information related to each faculty's admission requirements. The web-site is a comprehensive one where applicants can obtain information on the application process and can view details concerning their application. The OMSAS levy is composed of a base fee and an additional fee for each Ontario faculty of medicine to which application is made.

The application service fee is $210 plus an institutional fee for each faculty applied to. The institutional fees will later be forwarded to the relevant faculties.

Deadlines:

September 15, 2014 Deadline to register for/create an account for the OMSAS online application.

October 1, 2014 Last day to submit applications. There are no exceptions. OMSAS must receive all transcripts and academic documents. This is a strict deadline.

October 3, 2014 Payments made by online banking and Western Union Business Solutions – GlobalPay for Students (bank-to-bank transfer for international payments only) must be received.

November 1, 2014 MCAT scores must be released to OMSAS.

May 12, 2015 First date for offers of admission.

June 30, 2015 OMSAS must receive your final transcripts.

Medical College Admission Test (MCAT)

The MCAT is a standardized, multiple-choice examination designed to assess problem solving, critical thinking and writing skills in addition to the examinee’s knowledge of science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine (please see individual medical school websites).

The test consists of three test sections: the Verbal Reasoning, Physical Sciences and Biological Sciences sections contain multiple-choice questions and the scores range from a low of 1 to a high of 15 for each section; the Writing Sample section was discontinued after 2012.

The computer-based test is given at established test centres in Canada, the United States and overseas. Visit the web-site for dates and locations. The overall length of the test day is approximately four and one-half hours. The regular examination fee was $275 in US funds for the 2014 test dates.

A new version of the MCAT exam will be introduced in the spring of 2015. If you want to start medical school in 2015, you should take the current MCAT exam. There are three dates that the (current) MCAT is scheduled for January 2015, January 8, 10, and 13. If you want to start school in 2016 or 2017, you should take the new MCAT2015 exam, please visit the MCAT2015 Exam website for more information.

Repeat Applicants

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Rejected candidates should try to reach an objective assessment of why they did not receive an offer. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the sheer rationing of places that is necessary when the number of qualified candidates greatly exceeds the number of available places. Well qualified candidates have grounds for re-applying for admission to a faculty of medicine and in recent years, repeat applicants have fared relatively well.

Applying to Study Medicine outside Canada

If for any reason an applicant decides to seek admission to a medical faculty outside Canada, some important factors must be borne in mind. The most important of these is that returning to practise medicine in Canada may prove difficult. This is not meant to deter individuals from seeking education in foreign universities some Canadian citizens have always gone abroad to study in recognized reputable universities. Limitations on recognition of foreign earned MDs apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends a foreign medical faculty will be able to train or practise medicine in Canada in the future.
Foreign Applicants

Not all faculties of medicine accept applications from foreign students. Conversely, some faculties of medicine have contracts with foreign governments or institutions to accept applications for “supernumerary” positions. The conditions of admission may require that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada and these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the foreign educational institutions or governments that have negotiated such contracts.

Foreign students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the foreign applicant.
Faculty of Medicine, MEMORIAL UNIVERSITY OF NEWFOUNDLAND

Language Of Instruction: English

Computer: Personal not required

Length Of Program: 4 years

Testing of Language Proficiency: No

New Admissions Into Year One: 80

First-Year Tuition:
- Canadian Residents: $6,250
- Visa Students: $30,000
- Compulsory Fees: $1,220

Québec Residents: $0

Foreign Students: $0

Tuition Details:

Selection Factors:

The number of year one positions available for 2013/14 was 80 which included 3 positions available to Aboriginal students who are residents of Newfoundland and Labrador. The 80 positions included 60 residents of Newfoundland and Labrador, 10 residents of New Brunswick, 4 residents of Prince Edward Island, and 1 resident of the Yukon; the rest of the seats are for the rest of the provinces in Canada and Non/Canadian. The number of year one positions available for 2014/15 will be 80 as well.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:

A Bachelor's degree and six credit hours in English are required at the time of admission. In exceptional circumstances an application may be considered when a Bachelor's degree will not be held at time of admission. Such an applicant will have completed at least 60 credit hours including the prerequisite subject of 6 credit hours in English at a recognized university or university college before admission and have work related or other experience acceptable to the Admissions Committee.

The mean grade point average of successful applicants in 2013/14 was 3.80 on a 4.0 scale.

The MCAT is required and it is recommended that the test be written within the five year period prior to application.

Special Consideration: N/A

Deferred Admissions: Considered

Transfers: Not usually considered but may be in rare circumstances from a Canadian medical faculty

Combined Programs: MD/PhD
Interviews: These take place in November 15, 2014 for the August 2015 entering class. For the 2014 entering class, there were 125 Newfoundland/Labrador residents interviewed and 104 other residents of Canada interviewed for a total of 229 applicants interviewed.

Offers of Admission: Offers are emailed and followed by Priority Mail, between February and May, 2015. A $200 acceptance deposit is required and will be credited towards the tuition fee. The deposit will be forfeited if the applicant subsequently declines the offer.

Application Details: An electronic application process is available in July 2014. The deadline for receipt of the application and fee of $75 to Memorial University of Newfoundland, as well as an application service fee of $150 (plus applicable taxes) to CaRMS at the time of application is September 15, 2014.

<sup>1</sup> Includes students who applied for positions available under contract with foreign governments or educational institutions in 2007/08-2010/11.
Faculty of Medicine, DALHOUSIE UNIVERSITY

Length Of Program: 4 years
Testing of Language Proficiency: No
Language Of Instruction: English
Computer: Personal not required

New Admissions Into Year One: 109

2014/15 First-Year Tuition:
Canadian Residents: $17,430
Visa Students: $25,878
Compulsory Fees: $1,101
Québec Residents: $0 (Québec Schools Only)
Foreign Students: $75,000 (Above Quota Contract)

Tuition Details:
Visa students (International / US students) pay a differential fee of $4,224.00/term (2 terms) on top of the regular tuition fees.

Selection Factors:
The number of year one positions available for 2015/16 is 109 (99 for Maritime residents (Nova Scotia, New Brunswick and Prince Edward Island) and 9 for non-Maritime residents); 69 seats in the Maritime pool will be assigned to the Halifax campus and 30 seats to the St. John campus; all permanent residents of New Brunswick will attend the St. John campus and the government of New Brunswick is responsible for defining residency status. One additional position is available for a dental student who after completing the MD program plans to specialize in oral maxillofacial surgery. In 2014/15 there were 99 positions filled by residents of the Maritime Provinces.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:
Three to four years full-time university/college is required. A Bachelor’s degree is required at time of admission.

The minimum acceptable grade point average is 3.3 for Maritime residents and 3.7 for non-Maritime residents on a scale of 4.0. The mean grade point average of successful applicants in 2013/14 was 3.8.

The MCAT is required and the test must have been taken within the last five years.

There are no prerequisite courses.

Special Consideration: Applies on an individual basis to applicants with extenuating circumstances when the need arises.

Deferred Admissions: Considered (only for extenuating circumstances)

Transfers: Not considered

Combined Programs: Not available
### Interviews:

Interviews will take place at both the Halifax and Saint John campuses. Interviews are held on November 22 and 23, 2014 as advertised in the early summer on the Admissions Webpage. All Maritime residents who meet the minimum academic requirements (GPA, course load & MCAT) will be offered an interview. For the September, 2014 entering class there were 292 Maritime residents interviewed and 59 non-Maritime residents interviewed for a total of 351 applicants interviewed.

### Offers of Admission:

All decision letters to interviewed applicants will be tentatively released in mid-March 2015 as noted and updated on the Admissions Webpage. A $500.00 non-refundable acceptance deposit is required. This deposit is applied to tuition upon enrolment.

### Application Details:

An electronic application process is available on July 1, 2014. The application is a two-step process. Step 1- due August 15th is the online application section and must be submitted before you can get access to Step 2. Official transcripts must be RECEIVED by our office on or before August 15th, 2014. Step 2 – due Sept 1st, is the supplemental and essay forms. The deadline for receipt of the application fee of $70 is September 12th, 2014.

1 Includes students who applied for positions available under contract with foreign governments or educational institutions in 2007/08-2010/11.
Faculty of Medicine, LAVAL UNIVERSITY

Length Of Program: According to the path chosen: between 4 and 5 years

Language Of Instruction: French

Testing of Language Proficiency: Yes

Computer: Personal not required

New Admissions Into Year One: 224

Canadian Residents: $10,412

Visa Students: $27,186

Compulsory Fees: $901

Selection Factors:
The number of year one positions available for 2015/2016 will be 224. Among these positions, 218 are for the regular pool of Québec applicants (60% expected for college students and 40% for university students, which includes up to 8 positions filled with applicants to the PhD program and up to 8 positions filled with university applicants from the labour market). There is a possibility of 2 to 3 more positions for applicants who graduated from a medical school outside Canada or the United-States (IMG) and who wish to start at Clerkship; 3 more positions as per the intergovernmental agreement with New-Brunswick, 1 position available for an applicant of foreign nationality who holds a study permit, 1 potential position for an applicant from another province or territory, 4 positions available to applicants who are First Nations people or Inuit people (the quota to be allocated between the 4 Québec faculties of medicine) and 2 potential positions (to be allocated between the 3 Francophone faculties of medicine in Québec) in the Medical Military Training Program (MMTP).

Academic Criteria:
College diploma or degree (Diplôme d'études collégiales or DÉC) or pre-university diploma equivalent to the 13 years of the Québec school system (or pre-university diploma or degree which corresponds to 12 years of study and one year of advanced studies) and academic training deemed satisfactory in sciences (mathematics, physics, chemistry, biology) is required.

The prerequisite courses at college level or equivalent are: 2 courses in biology (NYA and 401), 3 courses in chemistry (NYA, NYB and 202), 2 courses in mathematics (NYA and NYB) and 3 courses in physiscs (NYA, NYB and NYC).

In 2014/15, the last college student interviewed had a performance rating of 33.396 and the last university student interviewed had one of 32.906.

The MCAT is not required.

Special Consideration: Applies to applicants holding a diploma from a faculty of medicine outside Canada or the United States (IMG); to applicants from the pool of First Nations and Inuit students, to the applicants from the pool of the MMTP program students, to applicants to the

Tuition Details:

2014/15 First-Year Tuition: Canadian Residents: $10,412 Québec Residents: $3,613 Visa Students: $27,186 (Québec Schools Only) Compulsory Fees: $901 Foreign Students: $0 (Above Quota Contract)
Interviews:

Multiple Mini-Interviews (MMI) will take place on a Saturday and a Sunday in April 2015. The applicants must show up in person at the date and in the place to which they will have been summoned without opportunity for change. The fees for the interview are currently $100. For the September 2014 entering class, approximately 955 applicants took part in the MMI.

Deferred Admissions: Not authorized

Transfers: Not authorized

Combined Programs: None at admission

Offers of Admission:

Offers will be sent via email around mid-May 2015. No monetary deposit will be required to secure the position.

Application Details:

Online and paper-based applications are now available on the website ulaval.ca. The deadline for receipt of the applications is January 15, 2015 for university students and March 1, 2015 for the others. Processing fees are $77.

Tuition Details:

Selection Factors:

The number of year one positions for 2015/16 will be around 202. This number could differ according to government regulations as well as replacements to compensate for attrition. These 202 positions will be roughly allocated as follows: 169 for residents of Québec, 30 for residents of Atlantic Canada, 2 for residents of Western Canada, 0 for foreign applicants holding a student visa, 1 for First Nations or Inuit people who are Québec residents, and 0 for Canadian Forces.

The 202 positions are allocated between three sites roughly as follow: 173 to the Sherbrooke site, 33 to the Saguenay site and 26 to the Moncton site. At the beginning of May, applicants who apply as Québec residents must complete a form to choose a site by stating their preference between Saguenay and Sherbrooke. The assignment of these persons to one of those two sites depends upon the number of available positions at each site at the time the offer is made, upon the applicant’s preference mentioned on the site choice form and upon the rank of the applicants on the excellence list. The Saguenay site is reserved solely for Québec applicants. The Moncton site is reserved solely for New Brunswick applicants.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:

To hold, before the start of the school year, a diploma or degree deemed equivalent to the College studies diploma (CEGEP) given by the Québec Ministry of Education, Leisure and Sport; or have achieved at least 75 university credits at the date of the filing of the application.

The first step of the selection process is based on prior academic performance. However, these results are not summarized as a GPA but rather as an academic score. The Internet page (http://www.usherbrooke.ca/doctorat-medecine/admission/questions-en-rafale/qu-est-ce-que-la-cote-academique/) gives more detail on this score while another page (http://www.usherbrooke.ca/doctorat-medecine/admission/questions-en-rafale/donnees-saillantes/) provides details about the academic scores for accepted applicants from the previous year.

The MCAT is not considered.

Prerequisite courses (post-secondary level) to have successfully completed are: Mathematics 103 and 203; Physics 101, 201 and 301; Chemistry 101, 201 and 202; Biology 301 and 401 or Biology 911 and 921.
Prerequisite courses (post-secondary level) to have successfully completed are: Mathematics 103 and 203; Physics 101, 201 and 301; Chemistry 101, 201 and 202; Biology 301 and 401 or Biology 911 and 921. Courses deemed equivalent by the faculty will be accepted.

Interviews: Applicants selected on the basis of their former academic results are invited to do other selection tests which differ according to the quotas considered: Multiple Mini-Interviews (MMI) and Test d’aptitude à l’apprentissage de la médecine à l’Université de Sherbrooke (TAAMUS) for applicants resident in Québec, Atlantic provinces and western Canada, as well as for members of the Canadian Forces; interviews for foreign applicants holding a student visa as well as members of First Nations and Inuit people of Québec. MMI and TAAMUS will take place in April 2015 while the other interviews will take place in May and June 2015. During the admission process of 2014, 810 applicants from Québec and 75 from Atlantic provinces were invited for the MMI and TAAMUS. TAAMUS is a paper and pencil test that lasts one hour.

Offers of Admission: In 2014, the first offers of admission were sent starting May 16 and will eventually continue until August 29. Mandatory registration fees of $300 must be paid to accept an offer and reserve a position. That amount is not refundable but can be transferred to another program offered by the University of Sherbrooke.

Application Details: Admission requests, either electronic or paper, are available all year round. The deadline for receipt of application is January 15, 2015 for all applicants, except for Québec college applicants without any university credits (these persons have until March 1st, 2015). The processing fee is $70.

Faculty of Medicine, UNIVERSITY OF MONTRÉAL

**Length Of Program:** 5 years (including preparatory year) 4 years (MD Program only)  
**Language Of Instruction:** French  
**Testing of Language Proficiency:** No  
**Computer:** Personal not required

---

**2014/15 New Admissions Into Year One:** 294  
**First-Year Tuition:**  
- **Canadian Residents:** \$9,145  
- **Visa Students:** \$24,482  
- **Compulsory Fees:** \$1,220  
- **Québec Residents:** \$3,262  
- **Foreign Students:** \$0

**Tuition Details:**

**Selection Factors:**

The number of year one positions available for 2014/15 was 297 which included 288 positions filled by Québec residents, 3 filled by Québec applicants who obtained their medical degree from an institution outside Canada and the United-States (IMG), 3 filled by New Brunswick residents following an agreement with that province, 2 filled by visa students and 1 filled by French-speaking applicants from outside Québec without an intergovernmental agreement. Up to 5 additional positions are made available to applicants who are Québec residents and First Nations or Inuit people (the maximum contingent to be allocated between Québec faculties of medicine). No additional position was offered to the Canadian Forces.

The 295 positions in year one and preparatory year are allocated to two campuses: at the University of Montreal - 173 in preparatory year and 79 in the MD program; at the Center for medical studies in Mauricie (Centre d’études médicales en Mauricie) in Trois-Rivières - 40 in preparatory year and 3 in the MD program. As long as positions are available, the applicant can choose between the Montréal campus or the Mauricie campus.

All applicants present an admission request for the preparatory year for the MD program. Depending on the academic profile of the applicant, the Admission Committee decides if the applicant is considered for the preparatory year or the first year of medical studies.

Depending on the number of positions, about three quarters of the selected applicants are admitted in preparatory year and the other quarter joins the contingent of last year’s preparatory year to form the first year.

Canadian citizens/permanent residents or visa students may apply.

About 45% of the selected applicants hold a Bachelor’s degree and are considered in a particular category. Applicants holding a PhD in relation to biomedical sciences are also in a particular category. The same is true for international applicants.
Academic Criteria:

Preparatory year: Applicants must either have completed two full years in a Collège d’enseignement général et professionnel (CÉGEP) in sciences, arts and literature or in natural sciences, having successfully completed 00XU (biology) and 00XV (chemistry). Alternately, applicants may have obtained a different college diploma or degree, with successful completion, before entering the program, of the following prerequisites: Biology 301 and 401 or two courses of human biology; Chemistry 101, 201 and 202; Mathematics 103 and 203; Physics 101, 201 and 301. Or such applicants must hold a post-secondary studies diploma equivalent to a Diploma of College Studies (Diplôme d'études collégiales or DÉC) or a Bachelor’s degree as issued in Québec and have succeeded in the above-mentioned prerequisites or equivalent courses in each of the four subjects. The preparatory year is required for college students, international students and university students who have completed a first university degree but the study program is considered to be less than equivalent to the preparatory year.

Four years: The applicant must hold a Bachelor’s degree obtained in Québec in a study program considered equivalent to the preparatory year. Alternatively, another equivalent degree is required at the time of admission for applicants of the university category.

A performance rating is calculated for all applicants. According to the actual criteria, a first selection is made, by category, based on the excellence of the academic record demonstrated by taking the performance rating into account. The last college student interviewed had a performance rating of 33.392 and the last university student interviewed had one of 33.966.

The MCAT is not required.

Special Consideration: Applies to applicants holding a degree from a faculty of medicine outside Canada and the United-States (IMG) who are Canadian citizens or permanent residents and who are Québec residents.

Deferred Admissions: Not considered

Transfers: Not considered

Combined Programs: None

Interviews: Multiple Mini-Interviews (MMI) will take place on a Saturday and a Sunday in April 2015. The applicants must show up in person at the date and in the place to which they will have been summoned without opportunity for change. The fees for the interview are $100 but could be raised in the upcoming months.

Offers of Admission: Offers will be mailed around the 15th of May 2015 for all applicants. A mandatory acceptance deposit of $200 will be subsequently deducted from the tuition fee.

Application Details: The electronic version will exceptionally be available on November 1st, 2014. The application deadline is January 15, 2015 for university students and March 1st, 2015 for college students. The charge for opening an electronic applicant file is $90.

2014/15 New Admissions Into Year One: 75 New Admissions into MED-P

2014/15 First-Year Tuition:  
Canadian Residents: $2,273  
Visa Students: $0  
Compulsory Fees: $1,689  
Québec Residents: $2,273  
(Québec Schools Only)  
Foreign Students: $0  
(Above Quota Contract)

Tuition Details:

MED-P Tuition: The preparatory year program fees ($2,273.10 tuition, $1,688.50 other compulsory fees) are those of the Faculty of Science in which the student is registered for this year. Upon successful completion of the preparatory year, the student will be admitted to the MD-CM program in the Faculty of Medicine.

Selection Factors:

The anticipated number of positions available for 2015 is 75.

Canadian citizens/permanent residents who are residents of Québec currently enrolled in their final year at a Québec Collège d'enseignement général et professionnel (CÉGEP) science program may apply.

Academic Criteria:

A CÉGEP Diplôme d'études collégiales is required at time of admission.

The suggested cote de rendement collégiale (CRC) is 34.0 and the average of applicants invited for interview in 2014 was 35.2.

The MCAT is not required.

Prerequisite courses from the CÉGEP program in Health Sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

Special Consideration: N/A

Deferred Admissions: N/A

Transfers: N/A

Combined Programs: N/A
**Interviews:** Mandatory on site Multiple Mini-Interviews (MMI) will be taking place in April 2015. In 2014, 190 applicants were interviewed. Interviews can be in English or French based on the applicant’s choice at time of application.

**Offers of Admission:** Offers are sent via e-mail and posted on the electronic application system in mid-May, 2015. A $400 non-refundable deposit is required and is applicable towards tuition.

**Application Details:** An electronic application is available starting September 1, 2014 with a fee of $140 payable upon completion. The deadline for receipt of the application, including supporting documents, is March 1, 2015.

1 MED-P Program only available for CEGEP applicants.
Faculty of Medicine, MCGILL UNIVERSITY - MD-CM Program

Length Of Program: 4 years  Language Of Instruction: English

Testing of Language Proficiency: No  Computer: Personal required

New Admissions Into Year One: 184  At time of admission, first year quota positions may increase due to attrition.

First-Year Tuition:  
- Canadian Residents: $13,946  Québec Residents: $4,774 (Québec Schools Only)
- Visa Students: $35,988  (Above Quota Contract)
- Compulsory Fees: $2,080  Foreign Students: $0

Tuition Details:

Canadian Residents: First Year (13945.68 + 2079.97 = 16025.65); Second Year (10625.28 + 1998.92 = 12624.20); Third Year (11289.36 + 1994.53 = 13283.89); Fourth Year (6308.76 + 1690.15 = 7998.91)

Québec Residents: First Year (4773.51 + 2079.97 = 6853.48); Second Year (3636.96 + 1998.92 = 5635.88); Third Year (3864.27 + 1994.53 = 5858.80); Fourth Year (2159.45 + 1690.15 = 3849.60)

Foreign Students: First Year (35988.12 + 2808.97 = 38797.09); Second Year (27419.52 + 2727.92 = 30147.44), Third Year (29133.24 + 2723.53 = 31856.77); Fourth Year (16280.34 + 2419.15 = 18699.49)

International students are subject to additional health insurance fees.

Selection Factors:

The anticipated number of first-year positions available in 2014/15 is 184 of which up to 4 positions are available for visa students, up to 9 positions are available for Canadian citizens/permanent residents residing outside Québec but in Canada and up to 2 positions are available for students admitted to the joint Medicine and Oral and Maxillofacial Surgery (MD-OMFS) program. The remaining 169 positions are available for residents of Québec and are distributed among university-level applicants (including up to 3 positions for non-traditional pathways students) and students who have successfully completed the MED-P year. An additional 4 positions (maximum quota distributed among the four Québec faculties of medicine) are available to eligible First Nations and Inuit applicants who are residents of Québec.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:

A 4 year Bachelor degree (120 credits) is required at time of admission.

Cumulative grade point averages (CGPA) of at least 3.5 on a 4.0 scale are considered to be within the competitive range. The average cumulative grade point average of all applicants in 2013/14 was approximately 3.66 and the average CGPA of applicants invited to interview was 3.80.

The MCAT is required for visa students and for Canadian citizens or permanent residents who hold undergraduate degrees from non-Canadian universities. Results must be available by the application deadline. Overall scores of 30 or greater are considered competitive. Test results older than five years before the application deadline will not be considered. When the time comes, the admissions office will also be accepting scores for the new 2015 exam.
Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in physiology, biochemistry, cellular and molecular biology and statistics are recommended. Pass/fail grades are not acceptable and basic science courses completed more than 8 years ago must be repeated. Exception may be made for applicants with advanced degrees in the material concerned. Prerequisite courses in progress must be completed and grades submitted by January 15, 2015.

| Special Consideration: | May be given to applicants with extenuating circumstances upon formal request and First Nations/Inuit applicants who are residents of Québec. |

**Interviews:** Mandatory on-site Multiple Mini-Interviews (MMI) take place in spring 2015 for all applicants. For the 2013/14 year, there were 227 university-level Québec residents interviewed, 48 residents of Canada (outside Quebec) interviewed and 21 international residents interviewed for a total of 296 applicants interviewed for the MD-CM or joint programs.

**Deferred Admissions:** One-year deferral requests will be considered.

**Transfers:** Not considered

**Combined Programs:** MD-CM/MBA, MD-CM/PhD, MD-CM/OMFS

**Interviews:** Offers are sent via e-mail and posted on the electronic application system in early May 2015. A $500 non-refundable deposit is required, applicable towards tuition.

**Application Details:** An electronic application process is available starting September 1, 2014 with a fee of $140 payable upon completion. The deadline for receipt of the application is November 1, 2014 and all supporting documents must be received no later than November 1, 2014.

Faculty of Medicine, UNIVERSITY OF OTTAWA

Length Of Program: 4 years
Testing of Language Proficiency: If needed

Language Of Instruction: English and French
Computer: Personal required

New Admissions Into Year One: 164

2014/15 First-Year Tuition:
Canadian Residents: $23,298
Visa Students: $0
Compulsory Fees: $671

Québec Residents: $0
(Québec Schools Only)
Foreign Students: $0
(Above Quota Contract)

Selection Factors:
The projected number of year one positions available for 2014/15 is 164 which includes up to 7 positions available to Aboriginal/native students and up to 4 positions available to students in the MD/PhD program; plus 8 positions available through the Consortium national de formation en santé.

Deferred Admissions: Considered under exceptional circumstances only
Transfers: Considered under special conditions
Combined Programs: MD/PhD

Academic Criteria:
Three years full-time university studies leading to a Bachelor’s degree is required.

The minimum acceptable grade point average is 3.5 on a 4.0 scale. The mean grade point average of successful applicants in 2013/14 was 3.91.

The MCAT is not required.

Prerequisite courses include the equivalent of one full year course in general biology (with laboratory) and one full year course in humanities/social sciences and the equivalent of two full year courses in the following chemistries - general chemistry (with laboratory), organic chemistry (with laboratory) and/or biochemistry (without laboratory).

Special Consideration: Aboriginal applicants: Required minimum weighted grade point average is set at a lower cut-off for advancement in the selection process.
**Interviews:**
These take place in February - March, 2015. Approximately 575 applicants are interviewed.

**Offers of Admission:**
Offers are e-mailed starting on May 12, 2015 until the class is complete. A firm non-refundable deposit of $1,000 must be received with a final acceptance and will be deducted from the tuition fee.

**Application Details:**
See OMSAS section.

Tuition Details:

Québec Residents: $0
Foreign Students: $0

Selection Factors:
The number of year one positions available for 2015/16 is 100 which includes up to 4 positions available to Aboriginal students.

Academic Criteria:

Three years full-time university/college are required.

Applicants are assessed based on the cumulative converted grade point average (see the OMSAS Conversion Scale) of all years of undergraduate study, including summer and supplemental courses. For applicants who do not meet the minimum requirement, the most recent two full-time years of completed undergraduate study will be considered. Grade point averages fluctuate annually based on the applicant pool. Past minimum grade point average levels are not a predictor of future levels.

The MCAT is required and the test must have been taken within five years of the application submission.

Special Consideration: Applies to Aboriginal applicants.

Deferred Admissions: Considered

Transfers: Not considered

Combined Programs: May be considered on an individual basis
**Interviews:**
These take place on March 7, 8, 28 and 29, 2015

**Offers of Admission:**
Offers are emailed May 12, 2015. A non-refundable acceptance deposit of $1,050 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

**Application Details:**
See OMSAS section.

**To Request an Application or More Detailed Information:**

**Success Rate:** Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

<sup>1</sup> Includes Canadian citizens/landed immigrants who were living outside Canada at time of application.
Faculty of Medicine, UNIVERSITY OF TORONTO

Length Of Program: 4 years

Language Of Instruction: English

Testing of Language Proficiency: No

Computer: Personal not required

New Admissions Into Year One: 259

Canadian Residents: $21,130

Visa Students: $62,050

Compulsory Fees: $2,001

Québec Residents: $0 (Québec Schools Only)

Foreign Students: $0 (Above Quota Contract)

Tuition Details:
Compulsory Fees: $2,000.94 (Domestic) / $2,684.94 (Visa)

Selection Factors:
The number of year one positions available for 2015/16 is 259 which includes up to 7 positions available for foreign students and up to 10 positions available to applicants to the MD/PhD program.

The 259 positions are allocated to two campuses: 205 at the St. George campus (in downtown Toronto) and 54 at the Mississauga campus (in Mississauga).

Students will be assigned to either the Mississauga campus or the St. George campus at the time of offer of admission. At the St. George campus, students will be assigned to one of three academy sites shortly after the admissions process is completed. The St. George campus includes the Fitzgerald, Peters-Boyd and Wightman-Berris Academies. All campus and academy assignments will be for the entire 4 years of study. All students will be able to participate in clinical learning opportunities across the faculty of medicine’s affiliates.

During the interview weekends, detailed information regarding the campus and academy structure and method of assignment will be provided. Interviewed applicants will be asked to complete a short survey indicating their preference for one academy over the other, or that they have no preference. Although we cannot guarantee placement at one’s first choice of campus or academy, our process is designed to maximise student satisfaction.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:
A minimum of three years full-time university study is required.

The minimum acceptable grade point average is 3.6 on a 4.0 scale. The mean grade point average of successful applicants in 2014/15 was 3.94.

The MCAT is required and the test must have been written within five years of the application deadline. Only the most recent score is considered. The minimum acceptable scores are 9/9/9.

Prerequisite courses include two full courses in life sciences and one full course in social science or humanities or a second language.
Special Consideration: Applicants from a graduate program may be assessed in a separate process. As part of the OMSAS application, they must submit an Academic Curriculum Vitae showing research productivity, as well as an additional reference letter from their supervisor evaluating their performance and stating the expected date of degree completion. The format for the Academic CV may be found on the Admissions Website. Graduate applicants may be considered with a lower than minimum required grade point average. Graduate applicants will only be considered if they have already completed or are in the final stages of completing their graduate program. Completion of all program requirements, including successful defence of a thesis if required, must occur prior to June 30th in the year of proposed entry.

Indigenous Student Application Program: Recognizing the commitment to social responsibility in the faculty's mission, this program has been implemented to increase the number of Indigenous (First Nations, Inuit and Métis) medical students. Applicants to this program must meet the same requirements for MCAT, grade point average and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process with the following modifications to written material submissions and interview: 1) self-declared Aboriginal status via OMSAS, 2) Proof of Aboriginal ancestry (details of documentation may be found on the Admissions website), 3) a personal essay describing history of community experiences, and 4) members of the Indigenous community (faculty, students and public members) may take part in the admissions file review and admission interviews.

Deferred Admissions: Considered (not routinely)

Transfers: Not considered

Combined Programs: MD/PhD

Interviews: These take place on 3 weekends between February-April, 2015. For the September 2014 entering class there were 600 applicants interviewed.

Offers of Admission: Offers are mailed on May 12, 2015. A non-refundable acceptance deposit of $1,000 must be received in order to secure the position. The deposit will be applied to the tuition fee.

Application Details: See OMSAS section.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.
Michael G. DeGroote School of Medicine, McMaster University

Length of Program: 3 years

Language of Instruction: English

Testing of Language Proficiency: Yes

Computer: Required

New Admissions Into Year One: 203

Canadian Residents: $25,545
Visa Students: $0
Foreign Students: $95,000

Compulsory Fees: $871

 Québec Residents: $0

Selection Factors:

The number of year one positions available for 2014/15 was 203: 147 positions were at the Hamilton campus, 28 positions were at the Waterloo Regional Campus (in Kitchener) and 28 positions were at the Niagara Regional Campus (in St. Catharines).

All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference. Offers of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:

Three years (30 credits) of university is required.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2013/14 was 3.83.

The MCAT is required—only the Verbal Reasoning score (a minimum score of 6 is required) is used in the selection process. The test must have been taken within five years of the application deadline.

There are no prerequisite courses.

Special Consideration:

Aboriginal applicants must self-identify and must meet minimum requirements. Applicants are reviewed by a separate committee.

Deferred Admissions: Considered

Transfers: Not considered

Combined Programs: MD/PhD
Interviews: These will take place in March and April, 2015. For the September, 2014 entering class there were 499 Ontario residents interviewed, 50 other residents of Canada interviewed and 1 resident outside of Canada interviewed for a total of 550 applicants interviewed.

Offers of Admission: Offers are emailed on May 12, 2015. A non-refundable acceptance deposit of $1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

**Success Rate:** Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.
Schulich School of Medicine & Dentistry, WESTERN UNIVERSITY

Length Of Program: 4 years
Testing of Language Proficiency: No

Language Of Instruction: English
Computer: Personal required

2014/15 New Admissions Into Year One: 171

2014/15 First-Year Tuition:  
Canadian Residents: $22,788  
Visa Students: $0  
Compulsory Fees: $1,247  
Québec Residents: $0  
(Québec Schools Only)  
Foreign Students: $0  
(Above Quota Contract)

Tuition Details:

Selection Factors:
The number of year one positions available for entry in 2015 is 171: 133 in London and 38 at the Windsor campus. Students are assigned to the campus of their preference based on their rank. Once the preferred campus is filled, students are assigned in rank order to the remaining seats. In 2014/15, the 171 positions include up to 3 positions available to Indigenous applicants, a maximum of 3 positions available to applicants to the MD/PhD program, a maximum of 3 positions available to applicants to the MD/BESc program who are deemed competitive with the general application pool, and up to 1 position available to applicants to the oral maxillofacial surgery program.

Canadian citizens/permanent residents may apply.

Academic Criteria:
Have completed or be in the final year of a program leading to a 4-year undergraduate degree at a recognized university, and expect to have obtained your degree by the end of the academic year in which application is being made.

The minimum acceptable grade point average in each of two years of the undergraduate degree was 3.70 on a 4.0 scale for the 2014 entering class.

The MCAT is required and the test must have been taken within five years prior to the application deadline. MCAT cut offs vary from year to year and are dependent on the competitiveness of the applicant pool.

There are no prerequisite courses.

Please note that the admission policy is reviewed annually and the admission requirements from previous years may not apply. The University reserves the right to review and change the admission requirements at any time, with out notice.

Special Consideration: Applies to applicants who have indicated on their application that they are from designated communities in South-western Ontario and from Indigenous communities.
Deferred Admissions: Considered only on the basis of appeal to applicants who have progressed through the regular admission cycle and have received an offer of admission. Individuals requesting deferred admission must submit a request in writing to the Admissions Office.

Transfers: Consideration is restricted to Canadian citizens or permanent residents of Canada currently enrolled in a Canadian faculty of medicine. Applicants considering transfer must contact the Admissions Office.

Combined Programs: MD/BESc, MD/PhD (Western University only), Oral Maxillofacial Surgery (MD/MSc)

Interviews: These take place on March 7-8 and March 28-29, 2015. For the September 2014 entering class there were 413 applicants interviewed.

Offers of Admission: Offers are electronically mailed on May 12, 2015. A tuition deposit of $1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

Northern Ontario School of Medicine, LAURENTIAN UNIVERSITY / LAKEHEAD UNIVERSITY

Length Of Program: 4 years

Language Of Instruction: English

Testing of Language Proficiency: No

Computer: Students may lease laptops from the school if they choose

2014/15 New Admissions Into Year One: 64

2014/15 First-Year Tuition: Canadian Residents: $21,254
Visa Students: $0
Compulsory Fees: $0

Québec Residents: $0 (Québec Schools Only)

Foreign Students: $0 (Above Quota Contract)

Tuition Details:
$21,254.00 plus ancillary fees
Laurentian (East) Campus - Compulsory Fees $1,029
Lakehead (West) Campus - Compulsory Fees $ 798

Selection Factors:
The number of year one positions available for 2014/15 is 64 which includes a minimum of 2 designated positions available to Aboriginal students.

The 64 positions are allocated to two campuses: Lakehead University (28) and Laurentian University (36). Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred site.

Canadian citizens/permanent residents may apply.

Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Aboriginal and Francophone applicants.

Academic Criteria:
Four years full-time university/college is required. An applicant who is 25 years or older may apply with a three year degree. A Bachelor’s degree is required at time of admission.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2013/14 was 3.83.

The MCAT is not required.

While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.
**Interviews:** These take place in March and April, 2015. For the September, 2014 entering class there were 321 applicants interviewed.

**Deferred Admissions:** Not considered (except under extenuating circumstances)

**Transfers:** Not considered due to the distributed nature of the curriculum, all NOSM students must complete all four years of the program.

**Combined Programs:** Not available

**Interviews:** These take place in March and April, 2015. For the September, 2014 entering class there were 321 applicants interviewed.

**Offers of Admission:** Offers are mailed on May 12, 2015. A non-refundable acceptance deposit of $1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

**Application Details:** See OMSAS section.

**Tuition Details:**
Not available at time of publication. Fees for 2013/14 academic year was $7,911.96 for Canadian residents; other compulsory fees were $1,023.50.

**Selection Factors:**

The number of Year One positions available for 2015/16 is 110. Approximately ninety-four percent (94%) will be filled by residents of Manitoba.

Aboriginal applicants who self-identify are reviewed by a separate committee. These applicants must meet minimum eligibility requirements and submit documentation to support their declaration of Aboriginal ancestry.

All applicants will be evaluated in a variety of domains including a connection to, and involvement with, rural communities and advanced academic pursuits.

Applicants must be a Canadian citizen/permanent resident at the time of application.

**Academic Criteria:**

A Bachelor’s degree of three (3) or four (4) years is required at time of admission.

The minimum acceptable grade point average is 3.3 on a 4.5 scale. In general, an adjusted grade point average of 4.0 or higher will be competitive.

The MCAT is required. Eligible applicants must have scored a minimum of seven (7) in each of the Verbal Reasoning (VR), Physical Sciences (PS) and Biological Sciences (BS) sub-tests with a minimum of M on the Writing Sample (WS), if applicable, in a single session. In general, applicants must achieve an operative MCAT score of over ten (10) to be competitive.

Prerequisite courses include a minimum of six (6) credit hours of university level biochemistry. Applicants must also complete courses in humanities/social sciences. Applicants who complete a BSc (General) or BA (General) must complete eighteen (18) credit hours in humanities/social sciences. Applicants who complete a four (4) year Major or Honours program may waive up to twelve (12) credit hours of humanities/social sciences.

**Deferred Admissions:** Considered

**Transfers:** Considered

**Combined Programs:** MD/BSc Med, MD/PhD

**Interviews:** A multiple mini interview (MMI) format is used. These take place from late February to early March. For the August, 2014 entering class there were two hundred fifty (250) Manitoba residents interviewed and twenty-eight (28) other residents of Canada interviewed for a total of two hundred seventy eight (278) applicants.

**Offers of Admission:** Offers are e-mailed on May 13 and June 1, 2015. A $500 non-refundable acceptance deposit is required.

**Application Details:** An electronic application process will be available in August 2014. The application deadline is October 1, 2014 and the fee is $90.

</table>

**Tuition Details:**

- Canadian Residents: $15,530 (2014 rate as 2015 TBA)
- Compulsory Fees: $785.95 (2014 rate as 2015 TBA)

**Selection Factors:**

The number of year one positions available for 2015/16 is expected to be 100 which includes up to 10 positions available to Aboriginal applicants and 10 positions available to out-of-province applicants.

Applicants must be a Canadian citizen or a permanent resident.

**Academic Criteria:**

Saskatchewan Residents:

There are two main academic requirements that must be met in order to apply as a Saskatchewan resident: 1) MCAT OR prerequisites and, 2) a 4-year Baccalaureate degree awarded prior to entering Medicine.

The MCAT is required except for students who have completed the prerequisites within Saskatchewan as described in the next paragraph. The test must have been taken within the last five years and scores have to be available at the time of application. The minimum acceptable score is 26 - accumulated scores in biological sciences, physical sciences and verbal reasoning sections of 26 with no section below 8. The maximum number of times an applicant may take the MCAT is five times (additional sittings will not be accepted unless approved in writing by the Admissions Office, College of Medicine).

Prerequisite courses are mandatory for students who wish to apply under the "prerequisite" requirement whereby all courses are taken at the University of Saskatchewan or University of Regina within five years of applying with a minimum overall average of 78% and minimum individual course grade of 60%. The prerequisites are identified at www.medicine.usask.ca/admissions and include two terms in each of biochemistry, biology, chemistry (general and organic), physics, social science/humanities and English. Students attending institutions outside Saskatchewan are strongly recommended to complete equivalent prerequisites, particularly two terms of biochemistry, to ensure readiness for the basic sciences covered in the first two years of the undergraduate medical curriculum.

To meet the second mandatory requirement, a 4-year Baccalaureate degree must be completed prior to entering Medicine. Students may apply in the final year of that degree or once it is completed.

The minimum acceptable grade point average is 78% for residents of Saskatchewan. The mean grade point average of successful applicants in the Saskatchewan pool 2013/14 was 89.46%.
Out-of-Province Residents:

There are two main academic requirements that must be met in order to apply as an out-of-province resident: 1) MCAT and 2) 4-year Baccalaureate degree.

All Out-of-Province applicants must complete the Medical College Admission Test (MCAT) prior to application. Scores on Verbal Reasoning, Physical Sciences and Biological Sciences sections must total a minimum of 30 (no section scores less than 8). Scores must be obtained in one sitting prior to the application deadline and current within the last 5 years (earliest accepted scores for 2015 entry are 2010). The maximum number of times an applicant may take the MCAT is five.

Application by out-of-province applicants can be made only during or after the final year of a four year degree. If a four year degree is completed prior to application, course-work for the degree must have been started within the 60 months prior to completion of the degree. If applicants are in the final year of a four year degree, a minimum of 90 credit units must have been completed in the 36 months prior to the end of August immediately before application. All courses completed at the date of application will be used for calculation of the grade-point-average (GPA). The minimum GPA required for application will be 83.0%. The four year degree must be completed by the time study of medicine starts. All remaining courses completed for the degree after the date of application must minimally average 83.0%. Graduate program grades will not be considered.

Special Consideration:

Students of Aboriginal ancestry may make application through the Aboriginal Equity Access Program whereby all requirements are the same as the regular Saskatchewan resident pool but students compete within this category, not against the entire applicant pool.

Note: Aboriginal applicants have the option of applying under the “prerequisite” academic requirement even if prerequisites are taken outside Saskatchewan institutions. Confirmation of equivalent courses must be made by contacting the Admissions Office prior to application.

Deferred Admissions: Considered (residents of Saskatchewan only)

Transfers: Not considered

Combined Programs: MD/PhD (program available only after successful admission to the MD program), MBA/MD (successful applicants to the MD program defer admission for one year to complete an MBA degree)

Interviews: The Multiple Mini Interview process is used and all interviews will take place on March 21 and 22, 2015. For the September, 2014 entering class, there were 271 Saskatchewan residents and 51 other residents of Canada interviewed for a total of 322 applicants interviewed.

Offers of Admission: Offers will be e-mailed by May 15, 2015. A non-refundable acceptance deposit of 10% of tuition is required.
**Application Details:** The on-line application is available on August 1, 2014. The deadline to submit the application on-line is October 15, 2014. The application fee is $125.00.

Faculty of Medicine & Dentistry, UNIVERSITY OF ALBERTA

Length Of Program: 4 years  
Language Of Instruction: English

Testing of Language Proficiency: Yes  
Computer: Personal not required

2014/15  New Admissions Into Year One: 162

2014/15  First-Year Tuition: 
Canadian Residents: $12,044  
Visa Students: $0  
Compulsory Fees: $1,260  
Québec Residents: $0 (Québec Schools Only)  
Foreign Students: $0 (Above Quota Contract)

Tuition Details:

Selection Factors:
The number of year one positions available for 2014/15 was 162 which included 5 positions available to Aboriginal applicants and 10 positions available to rural applicants. At least eighty-five percent of year one positions were filled by residents of Alberta.

Canadian citizens/permanent residents may apply.

Academic Criteria:
Two years full-time university/college is required.

The minimum acceptable grade point average on a 4.0 scale is 3.3 for Alberta residents and 3.5 for non-Alberta residents with 4 or more years post-secondary study; 3.7 for students with 2 or 3 years post-secondary study (not receiving a degree). The mean grade point average of successful applicants in 2013/14 was 3.8.

The MCAT is required and the test must have been taken no later than September, 2014 and no earlier than October, 2009. The minimum acceptable MCAT score for Alberta residents is 7 in any category. The minimum MCAT score for non-Alberta residents is 11 in Verbal Reasoning and 7 in each of Physical Sciences and Biological Sciences.

Prerequisite courses include full year courses in organic and general (inorganic) chemistry, biology, physics and English; half year courses in biochemistry and statistics.

Special Consideration: Not considered

Deferred Admissions: Not considered

Transfers: Not considered

Combined Programs: MD/MBA, MD/PhD, MD (with Special Training in Research)
### Interviews:
Multiple Mini Interviews (MMI) take place on March 14-15, 2015. For the September, 2014 entering class there were 408 Alberta residents interviewed and 65 non-Alberta residents interviewed for a total of 473 applicants interviewed.

### Offers of Admission:
Offers are mailed on May 15, 2015. A $1,000 non-refundable acceptance deposit is required. The deposit will be applied towards tuition.

### Application Details:
An electronic application process is available on July 2, 2014. The deadline for submitting the application is October 1, 2014. The application fee is $75 for current and former University of Alberta undergraduates and $125 for students new to the University of Alberta. Applicants first complete the University of Alberta general undergraduate application followed by a secondary medicine application.

\(^1\) Includes students who applied for positions under contract with foreign governments or educational institutions in 2007/08-2009/10 and 2011/12. In 2010/11, includes a Canadian citizen/landed immigrant who was living outside Canada at time of application.
Faculty of Medicine, UNIVERSITY OF BRITISH COLUMBIA

Length Of Program: 4 years Language Of Instruction: English
Testing of Language Proficiency: No Computer: Personal required

2014/15 New Admissions Into Year One: 288

2014/15 First-Year Tuition: Canadian Residents: $16,731 Québec Residents: $0 (Québec Schools Only)
Visa Students: $0 Foreign Students: $0 (Above Quota Contract)
Compulsory Fees: $988

Tuition Details:
Other compulsory fees for first-year were: Vancouver Fraser Medical Program = $988.00, Island Medical Program = $0.00, Northern Medical Program = $0.00, Southern Medical Program = $0.00

Selection Factors:
The number of year one positions available for 2014/15 is 288 which includes up to 14 positions available to Aboriginal applicants and up to 5 positions available to applicants to the MD/PhD program. A maximum of 29 positions will be available to out-of-province residents.

The 288 positions are allocated to four campuses: 192 at the Vancouver Fraser Medical Program; 32 at the Island Medical Program (in Victoria); 32 at the Northern Medical Program (in Prince George); 32 at the Southern Medical Program (in Kelowna). All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program.

Canadian citizens/permanent residents may apply.

Academic Criteria:
Three years full-time university/college is required.

The minimum acceptable grade point average is 2.8 on a 4.0 scale (visit the web-site for up-to-date information on minimum academic standing). The mean grade point average of successful applicants in 2013/14 was 3.82.

The MCAT is required and the test must have been taken within the last five years.

Prerequisite courses include English, biochemistry, biology, organic and inorganic chemistry.

Special Consideration: N/A
Deferred Admissions: Considered, but only granted in exceptional circumstances.

Transfers: Rarely granted. Considered only after completion of two years of medical studies in Canada or the United States.

Combined Programs: MD/PhD

Interviews: These take place in early-mid February, 2015. For the September, 2014 entering class there were 573 British Columbia residents interviewed and 81 other residents of Canada interviewed for a total of 654 applicants interviewed.

Offers of Admission: Offers are mailed mid-May, 2015. A $1,000 non-refundable acceptance deposit is required.

Application Details: An electronic application process is available in early June, 2014. The deadline for receipt of the application is September 15, 2014 (interviewed applicants who are required to submit supplementary information must do so by early March, 2015). The application fees are $111 for residents of British Columbia with BC transcripts only; $143 for residents of British Columbia with any out-of-province transcripts; and $164 for residents outside British Columbia.
