ABOUT THE AFMC

The Association of Faculties of Medicine of Canada (AFMC) represents Canada’s 17 faculties of medicine and is the national voice for academic medicine. Our organization was founded in 1943 and functions to support individually and collectively Canada’s medical schools through the promotion of medical education, research, and clinical care.

INTRODUCTION

This publication provides information on admission requirements that covers several academic years. When comparing data from year to year, it should be understood that there is some yearly variability in the context affecting the data. Examples of such context variability include changes to the number of available places, admission requirements, and selection policies for some of the faculties of medicine.

All statistical data come from an annual survey conducted by the Association of Faculties of Medicine of Canada (AFMC). Individual faculty information is provided by each faculty of medicine as of July, 2017 and, therefore, is subject to change.

General Information

There are seventeen faculties of medicine in Canada offering programs of study leading to the award of the MD degree, which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence from east to west, with no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources, as well as Canada’s future physician workforce requirements. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

An applicant must decide to which faculty or faculties of medicine application will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. The applicant’s type of pre-medical undergraduate degree and institution of study should not deter filing an application, provided that all academic prerequisites are met. Not only should applicants plan to meet all academic prerequisites, it is also important to respect all deadline dates. In general, an application or documentation is ignored when received after deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which applications are submitted.

- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.

Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.
Ontario Medical School Application Service (OMSAS)

The application process for Ontario’s 6 medical schools is centralized through the OMSAS (Ontario Medical School Application Service), and admission must be made through the OMSAS website. Each medical school is completely independent in reaching its own admission decisions.

All applicants are required to pay a service fee plus an institutional fee for each medical school applied to. These fees are non-refundable, and your application will not be forwarded to your universities of choice until you submit full payment to the Ontario Universities’ Application Centre (OUAC).

Fees

OMSAS Application Service Fee: $220
All applicants are required to pay a base fee of $220.

University Fee (In Canadian Funds)
Each medical school charges a university fee.

OMSAS collects the university fees and remits them to the universities to cover a portion of the costs associated with the admissions assessment. This fee is payable to the OUAC.

OMSAS Important Dates

Please note that the OMSAS deadlines listed below are strictly enforced.

September 15, 2017 (4:30 pm ET) Deadline to register for/create an account for the OMSAS online application.

October 2, 2017 (4:30 pm ET) Deadline to submit applications. There are no exceptions (this is a strict deadline).

- Deadline for OMSAS to receive your initial transcripts and academic documents.
- Deadline for OMSAS to receive your references. Deadline for OMSAS to receive all payments.

November 1, 2017 OMSAS must receive your MCAT scores. Note: It takes 2 business days for OMSAS to receive your scores after they are released. Your request should be made no later than October 29, 2017.

May 8, 2018 First round offers of admission are sent out.

June 30, 2018 OMSAS must receive your final transcripts.
Medical College Admission Test (MCAT)

The Medical College Admission Test (MCAT) is a computer-based standardized examination for prospective medical students in the United States, Australia and Canada. It is designed to assess problem solving, critical thinking, and knowledge of natural, behavioural, and social science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine (please see individual school websites for details).

The latest version of the MCAT took effect in April 2015. The exam was updated to reflect changes in medicine and science and to test examinees on not only what they know but how well they use what they know. Please visit Prepare for the MCAT Exam on the AAMC website for more information.

The MCAT exam has four test sections:

- Biological and Biochemical Foundations of Living Systems
- Chemical and Physical Foundations of Biological Systems
- Psychological, Social, and Biological Foundations of Behaviour
- Critical Analysis and Reasoning Skills

Each of the four sections will receive a scaled score from a low of 118 to a high of 132, with a midpoint of 125 (similar the old scale the new scale also has 15 integers but numbered from 118 to 132). These 4 new MCAT scaled scores will be combined to create a total score that will range from 472 to 528, with a midpoint of 500. This total score is used by medical school admission committees to evaluate the MCAT component of the admissions process.

There are MCAT testing centers, both on and off campus, from coast to coast in the US and Canada. For a list of current locations, click here: MCAT testing centres in the US and Canada. Additionally, there are numerous MCAT international testing locations which use a different testing schedule depending on location. Additional information can be found on the International MCAT Testing Calendar page of the AAMC website. The overall length of the new MCAT exam is approximately seven hours. The MCAT registration fee is $305 (in USD) if made at least three weeks before the exam.
Repeat Applicants

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Unsuccessful applicants should try to reach an objective assessment of why they did not receive an offer and see if there are areas of their application upon which they can improve. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the competition for the limited number of places that are available when the number of qualified applicants greatly exceeds the number of available places. Well qualified applicants should consider re-applying for admission to a faculty of medicine and in recent years, repeat applicants have fared relatively well.

Applying to Study Medicine outside Canada

If an applicant decides to seek admission to a medical faculty outside Canada, they must bear in mind that returning to do postgraduate training or practise medicine in Canada may prove difficult. Limitations on recognition of international medical degrees apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends an international medical faculty will be able to train or practise medicine in Canada in the future.

International Students

Not all faculties of medicine accept applications from international students. Conversely, some faculties of medicine have contracts with international governments or institutions to accept applications for “supernumerary” positions. The conditions of admission may require that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada and these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the educational institutions or governments that have negotiated such contracts.

International students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the student.
Faculty of Medicine, MEMORIAL UNIVERSITY OF NEWFOUNDLAND

Length Of Program: 4 years  Language Of Instruction: English
Testing of Language Proficiency: No  Computer: Personal not required

2017/18 New Admissions Into Year One: 80

2017/18 First-Year Tuition:
Canadian Residents: $8,250  Québec Residents: $0  (Québec Schools Only)
Visa Students: $30,000  Foreign Students: $0  (Above Quota Contract)
Compulsory Fees: $1,900

Tuition Details:

Selection Factors:
The number of year one positions available for 2016/17 was 80 which included 3 positions available to Aboriginal students who are residents of Newfoundland and Labrador. The 80 positions included 60 residents of Newfoundland and Labrador, 10 residents of New Brunswick, 4 residents of Prince Edward Island, and 1 resident of the Yukon; the rest of the seats are for the rest of the provinces in Canada and Non/Canadian. The number of year one positions available for 2017/18 will be 80 as well.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:
A Bachelor’s degree and six credit hours in English are required at the time of admission. In exceptional circumstances an application may be considered when a Bachelor’s degree will not be held at time of admission. Such an applicant will have completed at least 60 credit hours including the prerequisite subject of 6 credit hours in English at a recognized university or university college before admission, and have work related or other experience acceptable to the Admissions Committee.

The mean grade point average of successful applicants in 2016/17 was 3.85 on a 4.0 scale.

The MCAT is required and it is recommended that the test be written within the five year period prior to application.

Special Consideration:
N/A
Interviews: Traditional and Multiple Mini Interviews (TaMMI) offered. These take place in November 04, 2017 for the August 2018 entering class. For the 2017 entering class, there were 130 Newfoundland/Labrador residents interviewed and 114 other residents of Canada interviewed for a total of 244 applicants interviewed.

Transfers: Not usually considered but may be in rare circumstances from a Canadian medical faculty.

Combined Programs: MD/PhD Students have to be admitted to the first year medical program and then may be considered.

Interviews: Offers are emailed between February and May, 2018. A $200 acceptance deposit is required and will be credited towards the tuition fee. The deposit will be forfeited if the applicant subsequently declines the offer.

Application Details: Offers are emailed between February and May, 2018. A $200 acceptance deposit is required and will be credited towards the tuition fee. The deposit will be forfeited if the applicant subsequently declines the offer.

Deferred Admissions: Considered

Transfers: Not usually considered but may be in rare circumstances from a Canadian medical faculty.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.
Selection Factors:

The number of year one positions available for 2017/18 is 109 (99 for Maritime residents (Nova Scotia, New Brunswick and Prince Edward Island) and 9 for non-Maritime residents); 79 seats in the Maritime pool will be assigned to the Halifax campus and 30 seats to the St. John campus; all permanent residents of New Brunswick will attend the St. John campus and the government of New Brunswick is responsible for defining residency status. One additional position is available for a dental student who after completing the MD program plans to specialize in oral maxillofacial surgery. In 2016/17 there were 99 positions filled by residents of the Maritime Provinces.

Canadian citizens/permanent residents may apply.

Academic Criteria:

A Bachelor’s degree is required at time of admission.

The minimum acceptable grade point average is 3.3 for Maritime residents and 3.7 for non-Maritime residents on a scale of 4.0. The mean grade point average of successful applicants in 2016/17 was 3.8.

The MCAT is required and the test must have been taken within the last five years.

There are no prerequisite courses.

Starting with the 2017/2018 application cycle all applicants are required to complete a mandatory 90-minute computer-based test (CASPer), to assist with our selection process.Successful completion of CASPer is mandatory in order to maintain admission eligibility.

Special Consideration:

N/A
**Interviews:**
Interviews will take place at both the Halifax and Saint John campuses during the month of November. Currently all Maritime residents who meet the minimum academic requirements (GPA, course load, MCAT, and CASPer) will be offered an interview.

**Application Details:**
An online application (Section 1) is available annually June 15th to July 31st. The application is a two-step process. Section 1 must be submitted in order to receive access to Section 2. Section 2 is due Sept 1st annually, this includes transcript assessment, residency verification, personal statement and supplemental form. Official transcripts must be RECEIVED by our office on or before July 31st annually (must indicate an issue/print date no later than July 31st). A mandatory application processing fee of $70 is required.

**Deferred Admissions:**
Deferral requests are not routinely granted and have generally been provided only in rare and exceptional circumstances.

**Transfers:**
Not considered

**Combined Programs:**
Not available

**Offers of Admission:**
All decision letters to interviewed applicants are distributed via email March annually. A $500.00 non-refundable acceptance deposit is required. This deposit is applied to tuition upon enrolment.

**Application Details:**
An online application (Section 1) is available annually June 15th to July 31st. The application is a two-step process. Section 1 must be submitted in order to receive access to Section 2. **Québec Residents:** $3,826  

*(Québec Schools Only)*

**Foreign Students:** $28,782  

*(Above Quota Contract)*

**Tuition Details:**

$309.45 per course of 3 credits for Quebec students

---

**Selection Factors:**

The number of year one positions available for 2018 will be roughly 218. Among these positions, 209 are for the regular pool of Québec applicants (60% expected for college students and 40% for university students, which includes up to 8 positions filled with applicants to the PhD program and up to 8 positions filled with university applicants from the labour market). There is a possibility of 3 more positions as per the intergovernmental agreement with New-Brunswick, 1 position available for an applicant of foreign nationality who holds a study permit, 1 potential position for an applicant from another Canadian province or territory, 4 potential positions for applicants who are First Nations people or Inuit people (the quota to be allocated between the 4 Québec faculties of medicine) and 4 positions in the Medical Military Training Program (MMTP) (to be allocated between the 3 Francophone faculties of medicine in Québec) and a possibility of 2 positions for applicants who wish to pursue their postgraduate studies in the field of oral and maxillofacial surgery. Furthermore, as per the annual attrition rate, up to 3 positions could be offered to IMGs willing to start with clerkship.

---

**Academic Criteria:**

College diploma or degree (Diplôme d'études collégiales or DÉC) or pre-university diploma equivalent to the 13 years of the Québec school system (or pre-university diploma or degree which corresponds to 12 years of study and one year of advanced studies) and academic training deemed satisfactory in sciences (mathematics, physics, chemistry, biology) is required. The prerequisite courses at college level or equivalent are: 2 courses in biology (NYA and 401), 3 courses in chemistry (NYA, NYB and 202), 2 courses in mathematics (NYA and NYB) and 3 courses in phiscs (NYA, NYB and NYC). The MCAT is not required.

- An applicant that holds a college diploma or the equivalent and whose academic record contains less than 12 credits taken into account to calculate the term average will be assessed on his/her college record;

- The applicant from the pool of Québec university students who solely attended Laval University must have achieved at least 45 university credits at Laval University that can be taken into account to calculate the Laval rating at the time of application. Training activities associated with a non numeric value, training acquired as a free auditor, through micro-programs and graduate programs don't fulfill this requirement.
• The applicant from the pool of Québec university students who did not attend Laval University must have achieved at least 75 university credits in a single training program at the time of application in order to be considered eligible.

• The applicant from the pool of Québec university students who attended both another university and Laval University must have achieved at the time of application a minimum of 75 university credits in a single training program or have achieved at least 45 university credits at Laval University that can be taken into account to calculate the Laval rating and must have achieved at Laval University the last university credits taken into account in the calculation. The training activities associated with a non numeric value, training acquired as a free auditor, through micro-programs and graduate programs don’t fulfill this requirement.

Selection process: The first step of the selection process, the one that will determine which applicants will be summoned for the Multiple Mini-Interviews (MMI), is the analysis of the academic record (rating R*). The Multiple Mini-Interviews represent the second step of the process. The final selection is based upon the results obtained in the two steps of the selection process, in the following proportion:

• Academic record: 50%
• MMI: 50%

*The performance rating for the last applicant summoned for a MMI in 2017 was 33.321 for college students and 33.197 for university students.

Special Consideration:

Applies to applicants holding a diploma from a faculty of medicine outside Canada or the United States (IMG); to applicants from the pool of First Nations and Inuit students, to the applicants from the pool of the MMTP program students, to applicants to the PhD program, to academic applicants from the work force and to applicants from the pool of New Brunswick students and to applicants from the pool of oral and maxillofacial surgery students.

 Deferred Admissions: Not authorized

 Transfers: Not authorized

 Combined Programs: None at admission

 Interviews: Multiple Mini-Interviews (MMI) will take place on a Saturday and a Sunday at the end of April 2018. The applicants must show up in person at the date and in the place to which they will have been summoned without opportunity for change. The fees for the interview are currently $125.

 Offers of Admission: Offers will be sent via email around mid-May 2018. No monetary deposit will be required to secure the position.

 Application Details: Online and paper-based applications will be available starting on November 1st 2017 on the website ulaval.ca. The deadline for receipt of the applications is January 15, 2018 for university students and March 1st, 2018 for college students. Processing fees are $80.00.

N/A = Data not available
Faculty of Medicine and Health Sciences, UNIVERSITY OF SHERBROOKE

Length Of Program: 4 Years  
Language Of Instruction: French
Testing of Language Proficiency: Yes  
Computer: iPads provided

2017/18 New Admissions Into Year One: 199  
This number could increase because of drop-outs in previous years.

2017/18 First-Year Tuition:  
Canadian Residents: $11,608  
Visa Students: $27,379  
Compulsory Fees: $1,060  
Québec Residents: $4,503  
(Québec Schools Only)
Foreign Students: $0  
(Above Quota Contract)

Tuition Details:

Selection Factors:

The number of year one positions for 2017/18 will be around 199. This number could differ according to replacements to compensate for attrition. These 199 positions will be roughly allocated as follows: 171 for residents of Québec, 24 for residents of Atlantic Canada, 1 for residents of Western Canada, 1 for foreign applicants holding a student visa (this year, it's a supplemental candidat from Western Canada). There is an agreement between the 4 schools of Québec for positions intended for First Nations or Inuit people who are Québec residents or for members of the Canadian Forces. The positions are determined by Canadian regulations and the 4 faculties agree on the way these positions are to be shared.

The 199 positions are allocated between three sites roughly as follow: 142 to the Sherbrooke site, 33 to the Saguenay site and 24 to the Moncton site. At the beginning of May, applicants who apply as Québec residents must complete a form to choose a site by stating their preference between Saguenay and Sherbrooke. The assignment of these persons to one of those two sites depends among other things upon the number of available positions at each site at the time the offer is made, upon the applicant's preference mentioned on the site choice form and upon the rank of the applicants on the excellence list. The Saguenay site is reserved solely for Québec applicants. The Moncton site is reserved solely for New Brunswick applicants.

Canadian citizens/permanent residents or foreign applicants holding a student visa may apply.

Academic Criteria:

To have earned, before the start of the school year, a diploma or degree deemed equivalent to the College studies diploma (CEGEP) given by the Québec Ministry of Education, Leisure and Sport; or have achieved at least 75 university credits at the date of the filing of the application.

The first step of the selection process is based on prior academic performance (college and university results). Prerequisite courses (post-secondary level) to have successfully completed are: Mathematics 103 and 203; Physics 101, 201 and 301; Chemistry 101, 201 and 202; Biology 301 and 401 or Biology 911 and 921. Courses deemed equivalent by the faculty will be accepted.

The MCAT is not considered in our admission process.
*The Faculty has established a new requirement concerning the proficiency level in French for applicants with a college and university training obtained outside of Quebec or in a language other than French.

Special Consideration:

Special conditions apply to the applicants who belong to the following categories: IMG, First Nations or Inuit people, MMTP; and who are Canadian citizens/permanent residents and live in Québec as well as for applicants with particular profiles.

Deferred Admissions: Not authorized

Transfers: Not authorized

Combined Programs: MD/MSc, MD/PhD

Interviews: Applicants selected on the basis of their academic results are invited to the Multiple Mini-Interviews (MMI) prepared in collaboration with the faculties of medicine of Laval University and of Montréal. The eligible applicants from Atlantic Canada will attend their MMI interviews in Moncton. An interview fee of $125.00 is applied.

Offers of Admission: In 2017, the first offers of admission will be sent starting mid-May and will continue until the end of August. Mandatory registration fees of $300 must be paid to accept an offer and reserve a position. That amount is not refundable but can be transferred to another program offered by the University of Sherbrooke.

Application Details: Admission requests, either electronic or paper, are available all year round. The deadline for receipt of application is January 15, 2017 for all applicants, except for Québec college applicants without any university credits. These persons have until March 1st, 2018. The fee for the creation of record is $82.

2017/18 **New Admissions Into Year One:** 291 (209 - 5 years; 82 - 4 years, first year) This number could increase or decrease because of drop-outs in previous years.

2017/18 **First-Year Tuition:**
- **Canadian Residents:** $10,857
- **Visa Students:** $26,824
- **Compulsory Fees:** $1,142

**Québec Residents:** $3,507 (Québec Schools Only)

**Foreign Students:** $0 (Above Quota Contract)

**Tuition Details:**

**Selection Factors:**

The number of positions available for 2017/18 was 290 which included 280 positions filled by Québec residents, 3 filled by Québec applicants who obtained their medical degree from an institution outside Canada and the United States (IMG), 3 filled by New Brunswick residents following an agreement with that province, 2 filled by visa students and 1 filled by French-speaking applicants from outside Québec without an intergovernmental agreement. Up to 4 additional positions are made available to applicants who are Québec residents and First Nations or Inuit people (the maximum contingent to be allocated between Québec faculties of medicine - 1 admission in 2017 at the University of Montreal) and two additional positions were offered to the Canadian Forces (0 admissions in 2017 at the University of Montreal).

The 290 positions in year one and preparatory year are allocated to two campuses: at the University of Montreal - 175 in preparatory year and 75 in the MD program; at the Center for medical studies in Mauricie (Centre d'études médicales en Mauricie) in Trois-Rivières - 34 in preparatory year and 6 in the MD program. As long as positions are available, the applicant can choose between the Montréal campus or the Mauricie campus.

All applicants present an admission request for the preparatory year for the MD program. Depending on the academic profile of the applicant, the Admission Committee decides if the applicant is considered for the preparatory year or the first year of medical studies.

Depending on the number of positions, about three quarters of the selected applicants are admitted in preparatory year and the other quarter joins the contingent of last year’s preparatory year to form the first year.

Canadian citizens/permanent residents or visa students may apply.

About 45% of the selected applicants hold a Bachelor’s degree and are considered in a particular category. Applicants holding a PhD in relation to biomedical sciences are also in a particular category. The same is true for international applicants.
Academic Criteria:

Preparatory year: Applicants must either have completed two full years in a Collège d'enseignement général et professionnel (CEGEP) in sciences, arts and literature or in natural sciences, having successfully completed 00XU (biology) and 00XV (chemistry). Alternately, applicants may have obtained a different college diploma or degree, with successful completion, before entering the program, of the following prerequisites: Biology 301 and 401 or two courses of human biology; Chemistry 101, 201 and 202; Mathematics 103 and 203; Physics 101, 201 and 301. Or such applicants must hold a post-secondary studies diploma equivalent to a Diploma of College Studies (Diplôme d'études collégiales or DÉC) or a Bachelor's degree as issued in Québec and have succeeded in the above-mentioned prerequisites or equivalent courses in each of the four subjects. The preparatory year is required for college students, international students and university students who have completed a first university degree but the study program is considered globally to be less than equivalent to the preparatory year.

Four years: The applicant must hold a Bachelor’s degree obtained in Québec in a study program considered equivalent to the preparatory year. Alternatively, another equivalent degree is required at the time of admission for applicants of the university category.

A performance rating is calculated for all applicants. According to the actual criteria, a first selection is made, by category, based on the excellence of the academic record demonstrated by taking the performance rating into account. The last college student interviewed had a performance rating of 34.038 and the last university student interviewed had one of 34.200.

The MCAT is not required.

Special Consideration:

Applies to applicants holding a degree from a faculty of medicine outside Canada and the United States (IMG) who are Canadian citizens or permanent residents and who are Québec residents.

Deferred Admissions: Not considered

Transfers: Not considered (demand which is awaiting approval)

Combined Programs: None

Interviews: Multiple Mini-Interviews (MMI) will take place on April 28 and 29 2018. The applicants must show up in person at the date and in the place to which they will have been summoned without opportunity for change. Currently, the fee for the interview is $125.

Offers of Admission: Offers will be mailed around the 15th of May 2017 for all applicants. A mandatory acceptance deposit of $300 is required; it will be subsequently deducted from the tuition fee.

Application Details: The electronic version will exceptionally be available on November 1st, 2017. The application deadline is January 15, 2018 for university students and March 1st, 2018 for college students. The charge for opening an electronic applicant file is $94.00.

Faculty of Medicine, MCGILL UNIVERSITY - MED-P Program

Length Of Program: 1 preparatory year followed by 4 years MD-CM

Language Of Instruction: English

Computer: Personal required

Testing of Language Proficiency: No

New Admissions Into Year One: 71

2017/18 New Admissions into MED-P

2017/18 First-Year Tuition:

Canadian Residents: $0

Visa Students: $0

Compulsory Fees: $1,824

Québec Residents: $2,391 (Québec Schools Only)

Foreign Students: $0 (Above Quota Contract)

Tuition Details:

MED-P Tuition: The preparatory year program fees ($2,391.00 tuition, $1,823.78 other compulsory fees) are those of the Faculty of Science in which the student is registered for this year. Upon successful completion of the preparatory year, the student will be admitted to the MD-CM program in the Faculty of Medicine.

Selection Factors:

The anticipated number of positions available for 2017 is 71.

Canadian citizens/permanent residents who are residents of Québec currently enrolled in their final year at a Québec Collège d'enseignement général et professionnel (CÉGEP) science program may apply.

Academic Criteria:

A CÉGEP Diplôme d'études collégiales is required at time of admission.

The suggested cote de rendement collégiale (CRC) is 34.0 and the average of applicants invited for interview in 2017 was 35.55.

The MCAT is not required.

Prerequisite courses from the CÉGEP program in Health Sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

Special Consideration:

May be given to applicants with extenuating circumstances upon formal request.
Deferred Admissions: N/A

Transfers: N/A

Combined Programs: N/A

Interviews: Mandatory on site Multiple Mini-Interviews (MMI) will be taking place in April 2018. In 2017, 273 applicants were interviewed. Interviews can be in English or French based on the applicant’s choice at time of application.

Offers of Admission: Offers are sent via e-mail and posted on the electronic application system in mid-May, 2018. A $300 non-refundable deposit is required and is applicable towards tuition.

Application Details: An electronic application is available starting September 1, 2017 with a fee of $150.50 payable upon completion. The deadline for receipt of the application, including supporting documents, is March 1, 2018.

^1 MED-P Program only available for CEGEP applicants.
Faculty of Medicine, MCGILL UNIVERSITY - MD-CM Program

Length Of Program: 4 years  Language Of Instruction: English
Testing of Language Proficiency: No  Computer: Personal required

2017/18  New Admissions Into Year One: 175 At time of admission, first year quota positions may increase due to attrition.

2017/18  First-Year Tuition:  
Canadian Residents: $15,546  Québec Residents: $5,021  (Québec Schools Only)
Visa Students: $38,407  
Compulsory Fees: $2,208  Foreign Students: $0  (Above Quota Contract)

Tuition Details:
Canadian Residents: First Year ($15,545.88 + $2,208.07=$17,753.95); Second Year ($12,214.62 + $2,115.79=$14,330.41); Third Year ($12,584.76 + $2,117.15=$14,701.91); Fourth Year ($8,759.98 + $1,807.91=$10,567.89)
Québec Residents: First Year ($5,021.10+$2,208.07=$7,229.17); Second Year ($3,945.15+$2,115.79=$6,060.94); Third Year ($4,064.70+$2,117.15=$6,181.85); Fourth Year ($2,829.35+$1,807.91=$4,637.26)
Visa Students: First Year ($38,406.69+$2,063.07=$40,469.76); Second Year ($30,176.69+$1,970.79=$32,147.48), Third Year ($31,091.13+$1,972.15=$33,063.28); Fourth Year ($21,641.87+$1,662.91=$23,304.78)

Visa students are subject to additional health insurance fees.

Selection Factors:
The anticipated number of first-year positions available in 2017/18 is 175 of which up to 2 positions are available for visa students, up to 10 positions are available for Canadian citizens/permanent residents residing outside Québec, but in Canada and up to 2 positions are available for students admitted to the joint Medicine and Oral and Maxillofacial Surgery (MD-OMFS) program. The remaining 165 positions are available for residents of Québec and are distributed among university-level applicants (including up to 3 positions for non-traditional pathways students) and students who have successfully completed the MED-P year. An additional 4 positions (maximum quota distributed among the four Québec faculties of medicine) are available to eligible First Nations and Inuit applicants who are residents of Québec.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:
A 4 year Bachelor degree (120 credits) is required at time of admission.

Cumulative grade point averages (CGPA) of at least 3.5 on a 4.0 scale are considered to be within the competitive range. The average cumulative grade point average of all applicants in 2016/17 was approximately 3.70 and the average CGPA of applicants invited to interview was 3.84.

The MCAT is required for all applicants who hold undergraduate degrees from non-Canadian universities. Results must be available by the application deadline. Overall scores in 80 percentile or greater are
considered competitive. Test results older than five years before the application deadline will not be considered.

Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in physiology, biochemistry, cellular and molecular biology and statistics are recommended. Pass/fail grades are not acceptable and basic science courses completed more than 8 years ago must be retaken. Exception may be made for applicants with advanced degrees in the material concerned. Prerequisite courses in progress must be completed and grades submitted by January 15, 2018.

Special Consideration:

May be given to applicants with extenuating circumstances upon formal request and First Nations/Inuit applicants who are residents of Québec.

Deferred Admissions: One-year deferral requests will be considered.

Transfers: Not considered

Combined Programs: MD-CM/MBA, MD-CM/PhD, MD-CM/OMFS

Interviews:

Mandatory on-site Multiple Mini-Interviews (MMI) take place in winter 2018 for all applicants. For the 2016/17 year, there were 313 university-level Québec residents interviewed, 52 residents of Canada (outside Quebec) interviewed and 11 international residents interviewed for a total of 376 applicants interviewed for the MD-CM or joint programs.

Offers of Admission: Offers are sent via e-mail and posted on the electronic application system in early May 2018. A $500 non-refundable deposit is required, applicable towards tuition.

Application Details: An electronic application process is available starting September 1, 2017 with a fee of $150.50 payable upon completion. The deadline for receipt of the application is November 1, 2017 and all supporting documents must be received no later than November 1, 2017.

Faculty of Medicine, UNIVERSITY OF OTTAWA

Length Of Program: 4 years

Language Of Instruction: English and French

Testing of Language Proficiency: If needed

Computer: Personal required

2017/18 New Admissions Into Year One: 164

Included 8 above-quota positions available through the Consortium National de Formation en Santé.

2017/18 First-Year Tuition:

Canadian Residents: $25,686

Visa Students: $0

Québec Residents: $25,686

(Québec Schools Only)

Compulsory Fees: $696

Foreign Students: $0

(Above Quota Contract)

Tuition Details:

Tuition fees are the same for all students regardless of their geographical status, as we do not admit international students.

Selection Factors:

The projected number of year one positions available for 2017/18 is 164 which includes up to 7 positions available to Indigenous students and up to 4 positions available to students in the MD/PhD program; 8 positions available through the Consortium National de Formation en Santé.

Canadian citizens/permanent residents may apply.

Academic Criteria:

Three years full-time university studies leading to a Bachelor’s degree is required.

The minimum acceptable grade point average is 3.5 on a 4.0 scale. The weighted grade point average of successful applicants in 2016/17 was 3.93.

The MCAT is not required.

Prerequisite courses include the equivalent of one full year course in general biology (with laboratory) and one full year course in humanities/social sciences and the equivalent of two full year courses in the following chemistries - general chemistry (with laboratory), organic chemistry (with laboratory) and/or biochemistry (without laboratory).

Special Consideration:

Indigenous applicants: Required minimum weighted grade point average is set at a lower cut-off for advancement in the selection process.
Deferred Admissions: Considered under exceptional circumstances only

Transfers: Considered under special conditions

Combined Programs: MD/PhD

Interviews: These take place in February - March, 2018. Approximately 575 applicants are interviewed.

Offers of Admission: Offers are e-mailed starting on May 8, 2018 until the class is complete. A deposit of $1,000 must be received with a final acceptance and will be deducted from the tuition fee.

Application Details: See OMSAS section.

To Request an Application or More Detailed Information:

See OMSAS section.

School of Medicine, QUEEN'S UNIVERSITY

Length Of Program: 4 years

Testing of Language Proficiency: Not for Canadian citizens or permanent resident applicants. International applicants whose native languages do not include English will be required to obtain satisfactory standing in the Test of English as a Foreign Language (TOEFL) proficiency test as part of the application process, and before final acceptance is granted.

Language Of Instruction: English

Computer: A laptop is required

2017/18 New Admissions Into Year One: 100 100 + 5 International Students

2017/18 First-Year Tuition:
- Canadian Residents: $26,827
- Visa Students: $80,000
- Compulsory Fees: $1,238

Québec Residents: $0 (Québec Schools Only)

Foreign Students: $80,000 (Above Quota Contract)

Tuition Details:

Selection Factors:
The number of year one positions available for 2017/18 is 100 for Canadian citizens or permanent residents which includes up to 4 positions available to Aboriginal students. Up to 5 additional positions are available for international students.

Academic Criteria:
A minimum of three years full-time university are required.

Applicants are assessed based on the cumulative converted grade point average (see the OMSAS Conversion Scale) of all years of undergraduate study, including summer and supplemental courses. For applicants who do not meet the minimum grade point average requirement, the most recent two full-time years of completed undergraduate study will be considered. The grade point averages fluctuate annually based on the applicant pool. Past minimum grade point average levels are not a predictor of future standards.

The MCAT is required and the test must have been taken within five years of the application submission. Queen’s School of Medicine no longer accepts the Old MCAT test scores.

Special Consideration:
Applies to Aboriginal applicants.
Deferred Admissions: Considered

Transfers: Not considered

Combined Programs: May be considered on an individual basis

Interviews: These take place on March 3th, 4th, 24th and 25th 2018

Offers of Admission: Offers are emailed May 8th, 2018. A non-refundable acceptance deposit of $1,050 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

N/A = Data not available
Faculty of Medicine, UNIVERSITY OF TORONTO

Length Of Program: 4 years
Testing of Language Proficiency: No

Language Of Instruction: English
Computer: Refer to our “Technology Requirements for Incoming Students” page at http://www.md.utoronto.ca/technology-requirements-incoming-students

2017/18 New Admissions Into Year One: 259 259 domestic seats (International seats supernumerary)

2017/18 First-Year Tuition:

Canadian Residents: $24,440
Visa Students: $78,670
Compulsory Fees: $1,781

Québec Residents: $24,440 (Québec Schools Only)
Foreign Students: $0 (Above Quota Contract)

Tuition Details:

- Canadian/Québec Residents: $24,440.00 (Entering 2017); Note: 2018 domestic fee schedule will become available in December 2017
- Visa Students: $78,670.00 (Entering 2017)
- Compulsory Fees: $1748.90 (St. George Campus, Entering 2017), $2121.90 (Mississauga Campus, Entering 2017)

NOTE: All fees are subject to change pending the Governing Council’s review in spring 2018

Selection Factors:

The number of domestic, year one positions available for 2017/18 is 259.

The 259 positions are allocated to two campuses: 205 at the St. George campus (in downtown Toronto) and 54 at the Mississauga campus (in Mississauga).

Students will be assigned to either the Mississauga campus or the St. George campus at the time of offer of admission. At the St. George campus, students will be assigned to one of three academy sites shortly after the admissions process is completed. The St. George campus includes the FitzGerald, Peters-Boyd and Wightman-Berris Academies.

All campus and academy assignments will be for the entire 4 years of study. All students will be able to participate in clinical learning opportunities across the Faculty of Medicine’s affiliates. During the interview weekends, detailed information regarding the campus and academy structure and method of assignment will be provided. Interviewed applicants will be asked to complete a short survey indicating their preference for one campus over the other, or that they have no preference. Although we cannot guarantee placement at one’s first choice of campus or academy, our process is designed to maximise student satisfaction.

Canadian citizens/permanent residents or visa students may apply.
Academic Criteria:

For students studying at an undergraduate program at a Canadian university, a minimum of three years full-time university study (equivalent of 15 full-course-equivalents) is required.

The minimum acceptable grade point average is 3.6 on a 4.0 scale. The mean grade point average of successful applicants in 2016/17 was 3.96.

The MCAT is required and the test must have been written within five years of the application deadline. Only the most recent score is considered. The minimum acceptable scores are 9/9/9 for the old MCAT, and 125 in each of the four sections for MCAT 2015.

Prerequisite courses include two full-course-equivalents in life sciences and one full-course-equivalent in social science or humanities or language.

Special Consideration:

Applicants from a graduate program may be assessed in a separate process. As part of the OMSAS application, they must submit an Academic Curriculum Vitae showing research productivity, as well as an additional reference letter from their supervisor evaluating their graduate performance and stating the expected date of degree completion. The format for the Academic CV may be found on the Admissions Website. Graduate applicants may be considered with a lower than minimum required grade point average. Graduate applicants will only be considered if they have already completed or are in the final stages of completing their graduate program. Completion of all program requirements, including successful defence of a thesis if required, must occur prior to June 30th in the year of proposed entry.

Indigenous Student Application Program: Recognizing the commitment to social responsibility in the faculty’s mission, this program has been implemented to increase the number of Indigenous (First Nations, Inuit and Métis) medical students. Members of the Indigenous community (faculty, students and public members) may take part in the admissions file review and admission interviews. Applicants to this program must meet the same minimum requirements for MCAT, GPA and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process along with the following additional materials:

• self-declared Aboriginal status via OMSAS,
• Proof of Aboriginal ancestry (details of documentation may be found on the Admissions website), and
• a personal essay describing history of community experiences within the Indigenous community.

Black Student Application Program (BSAP): The BSAP is an optional application stream for Black applicants who self-identify as Black African, Black Caribbean, Black North American, multi-racial students who have and identify with their Black ancestry. The aim of this application program is to increase and support Black medical student representation at the University of Toronto. Members of the Black community take part in admissions file review and interview processes, including: faculty, physicians, residents, medical students, and public members. This program reflects the Faculty of Medicine’s strong commitment to diversity as demonstrated in its Diversity Statement. Applicants to this program must meet the same minimum requirements for MCAT, GPA and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process along with the following additional materials:

• Self-identification as Black African, Black Caribbean, Black North American, multi-racial student who has and identifies with their Black ancestry via OMSAS, and
• a personal essay highlighting why the applicant has chosen to apply through this application stream.
Deferred Admissions: Considered (not routinely)

Transfers: Not considered

Combined Programs: MD/PhD

Interviews: These will take place on 3 weekends between February and April, 2018. For the September 2017 entering class, 607 applicants were interviewed.

Offers of Admission: Offers are mailed on May 8, 2018. An acceptance deposit of $1,000 must be received in order to secure the position. The deposit will be applied to the tuition fee.

Application Details: See OMSAS section.

Success Rate:Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

N/A = Data not available
Michael G. DeGroote School of Medicine, McMaster University

Length of Program: 3 years
Testing of Language Proficiency: Yes
Language of Instruction: English
Computer: Required

2017/18 New Admissions Into Year One: 203

2017/18 First-Year Tuition:
Canadian Residents: $27,241
Visa Students: $95,000
Compulsory Fees: $960
Québec Residents: $27,241 (Québec Schools Only)
Foreign Students: $95,000 (Above Quota Contract)

Selection Factors:
The number of year one positions available for 2017/18 is 203: 147 positions at the Hamilton campus, 28 positions at the Waterloo Regional Campus (in Kitchener) and 28 positions at the Niagara Regional Campus (in St. Catharine's).

All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference. Offers of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:
Three years (30 credits) of university is required.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2016/17 was 3.84.

The MCAT is required - only the Verbal Reasoning score (a minimum score of 6 is required) or Critical Analysis and Reasoning score (a minimum score of 123 is required) is used in the selection process. The test must have been taken within five years of the application deadline. The most recent MCAT score is used in all cases.

There are no prerequisite courses.

Special Consideration:
Indigenous applicants must self-identify and must meet minimum requirements. Applicants are reviewed by a separate committee.
Deferred Admissions: Considered

Transfers: Not considered

Combined Programs: MD/PhD

Interviews: These will take place in March and April, 2018. For the September, 2017 entering class there were 502 Ontario residents interviewed, 50 other residents of Canada interviewed for a total of 552 applicants interviewed.

Offers of Admission: Offers will be emailed on May 8, 2018. A non-refundable acceptance deposit of $1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

N/A = Data not available
Schulich School of Medicine & Dentistry, WESTERN UNIVERSITY

Length Of Program: 4 years
Testing of Language Proficiency: No
Computer: Personal required

Language Of Instruction: English

New Admissions Into Year One: 171

First-Year Tuition:
Canadian Residents: $27,225
Visa Students: $0
Compulsory Fees: $1,350

Québec Residents: $0 
(Québec Schools Only)
Foreign Students: $0
(Above Quota Contract)

Selection Factors:
The number of year one positions available for entry in 2018 is 171: 133 in London and 38 at the Windsor campus. Students are assigned to the campus of their preference based on their rank. Once the preferred campus is filled, students are assigned in rank order to the remaining seats. In 2017/18, the 171 positions include up to 5 positions available to Indigenous applicants, a maximum of 3 positions available to applicants to the MD/PhD program, and up to 1 position available to applicants to the oral maxillofacial surgery program.

Canadian citizens/permanent residents may apply.

Academic Criteria:
Have completed or be in the final year of a program leading to a 4-year undergraduate degree at a recognized university, and expect to have obtained your degree by the end of the academic year in which application is being made.

The minimum acceptable grade point average in each of two years of the undergraduate degree was 3.70 on a 4.0 scale for the 2017 entering class.

All applicants must have written the MCAT version introduced in April 2015. Test scores from the previous version of the MCAT will no longer be valid. MCAT cut offs vary from year to year and are dependent on the competitiveness of the applicant pool.

There are no prerequisite courses.

Please note that the admission policy is reviewed annually and the admission requirements from previous years may not apply. The University reserves the right to review and change the admission requirements at any time, without notice.

Special Consideration:
Applies to applicants who have indicated on their application that they are from designated communities in Southwestern Ontario and from Indigenous communities.
Interviews: These take place on March 3, 4 and March 24, 25 in 2018. For the September 2017 entering class there were 433 applicants interviewed.

Application Details: See OMSAS section.

Deferred Admissions: Considered only on the basis of appeal to applicants who have progressed through the regular admission cycle and have received an offer of admission. Individuals requesting deferred admission must submit a request in writing to the Admissions Office.

Transfers: Consideration is restricted to Canadian citizens or permanent residents of Canada currently enrolled in a Canadian faculty of medicine. Applicants considering transfer must contact the Admissions Office.

Combined Programs: MD/PhD (Western University only), Oral Maxillofacial Surgery (MD/MSc)

Offers of Admission: Offers are electronically mailed on May 8, 2018. A tuition deposit of $1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

Visa Students: $0  
Compulsory Fees: $0  
Québec Residents: $0 (Québec Schools Only)  
Foreign Students: $0 (Above Quota Contract)

Tuition Details:  
$23,432 - 1st year Tuition  
Compulsory Fees: approx. $799-$1100

Selection Factors:

The number of year one positions available for 2017/18 is 64 which includes a minimum of 2 designated positions available to Aboriginal students.

The 64 positions are allocated to two campuses: Lakehead University (28) and Laurentian University (36). Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred campus.

Canadian citizens/permanent residents may apply.

Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Indigenous and Francophone applicants.

Academic Criteria:

The minimum requirement is a 4 year undergraduate university degree or equivalent in any discipline from a recognized Canadian university or equivalent. No preference is given to a particular discipline over another.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2016/17 was 3.8.

The MCAT is not required.

While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.
Special Consideration:
Indigenous applicants may apply through the Indigenous/Aboriginal Admissions Stream; however, all minimum requirements must be met.

Deferred Admissions: Not considered (except under extenuating circumstances)

Transfers: Not considered due to the distributed nature of the curriculum, all NOSM students must complete all four years of the program.

Combined Programs: Not available

Interviews: These take place in March and April, 2018. For the September, 2017 entering class there were 326 applicants interviewed.

Offers of Admission: Offers are emailed on the second Tuesday in May each year. An acceptance deposit of $1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

To Request an Application or More Detailed Information:
Application is made online via the Ontario Medical School Application Service (OMSAS).

**Success Rate:** Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

N/A = Data not available
Max Rady College of Medicine, Rady Faculty of Health Sciences, UNIVERSITY OF MANITOBA

Length Of Program: 4 years
Testing of Language Proficiency: Yes

Language Of Instruction: English
Computer: Students would benefit from owning/having access to a personal computer or laptop

2017/18 New Admissions Into Year One: 110

2017/18 First-Year Tuition: Canadian Residents: $9,463 Québec Residents: $0
Visa Students: $0 (Québec Schools Only)
Compulsory Fees: $1,056 Foreign Students: $0 (Above Quota Contract)

Tuition Details:
Tuition fee for Year 1 Medicine $9463.40. Tuition Fees for Years 2, 3 and 4, $8,110.20 per year.

Selection Factors:
The number of Year One positions available for 2017/18 is 110. Approximately ninety-five percent (95%) will be filled by residents of Manitoba.

Canadian Indigenous applicants who self-identify are reviewed by a separate committee. These applicants must meet minimum eligibility requirements and submit documentation to support their declaration of Indigenous ancestry.

All applicants will be evaluated in a variety of domains including a connection to, and involvement with, rural communities and advanced academic pursuits.

Applicants must be a Canadian citizen/permanent resident at the time of application.

Academic Criteria:
All applicants must meet the following academic requirements:

1. Bachelor’s degree 3 or 4-year degree completed no later than June 30, 2018, from a university recognized by the University of Manitoba.

2. Medical College Admission Test (MCAT) completed no earlier than April 2014 and no later than September 9, 2017. See the Applicant Information Bulletin for the Max Rady College of Medicine for more information.

3. Adjusted Grade Point Average (AGPA) of 3.30 or higher on a 4.5 scale. In general, an adjusted grade point average of 4.0 or higher will be competitive.

4. Biochemistry Requirement:
   a. For applicants who are using an eligible MCAT, written prior to March 2015 to meet MCAT requirements

The Biochemistry requirement is required for candidates who are using an eligible MCAT, prior to March 2015 to meet MCAT requirements.
Minimum of 6 credit hours (full year or two academic terms) completed in Biochemistry at the university degree level with a minimum grade of C in each course is required. Courses must be complete and a grade assigned no later than June 30, 2018. Biochemistry courses must be completed at a second year level or higher learning. Introductory biology, chemistry and organic chemistry are not acceptable equivalents. The following courses offered at Manitoba universities are accepted prerequisites.

- University of Manitoba CHEM/MBIO 2360 & CHEM/MBIO 2370
- University of Winnipeg CHEM 3502 & 3503
- Brandon University CHEM 363 & CHEM 373
- Université de Saint-Boniface CHEM/MBIO 2361 & CHEM/MBIO 2371
- Canadian Mennonite University CHEM 2110/CHEM 3110

b. For applicants who are using an eligible MCAT written after March 2015 to meet MCAT requirements

The Biochemistry requirement is not required for candidates who have solely written the MCAT after March 2015.

The Biochemistry requirement is not required for candidates who have written the former version of MCAT® and the MCAT after March 2015 and do not wish to have the former version of MCAT® considered in the calculation of the composite score.

5. Humanities/Social Sciences

a. For applicants who are using an eligible MCAT, prior to March 2015 to meet MCAT requirements

The Humanities/Social Sciences requirement is required for candidates who are using an eligible MCAT, prior to March 2015 to meet MCAT requirements.

Applicants with a BSc (General) or BA (General) must complete 18 credit hours in humanities/social sciences.

Applicants who complete a 4 Year Major or Honours program may waive up to 12 credit hours of the humanities/social sciences prerequisite. Courses must be complete and a grade assigned no later than June 30, 2018.

b. For applicants who are using an eligible MCAT written after March 2015 to meet MCAT requirements

The Humanities/Social Sciences requirement is not required for candidates who have solely written the MCAT after March 2015.

The Humanities/Social Sciences requirement is not required for candidates who have written the former version of MCAT® and the MCAT written after March 2015 and do not wish to have the former version of MCAT® considered in the calculation of the composite score.

Note: Even though the Biochemistry and Humanities/Social Science prerequisite courses have been eliminated for eligibility for applicants who have written the MCAT after March 2015, they are considered highly recommended courses for writing the Medical College Admission Test. AAMC recommends that students consider taking courses in the following disciplines: biology, chemistry, organic chemistry, physics, psychology, sociology, biochemistry, and research methods.

Special Consideration:

N/A
Deferred Admissions: Considered

Transfers: Considered

Combined Programs: MD/PhD

Interviews: A multiple mini interview (MMI) format is used. These take place in February and/or March. For the August, 2017 entering class there were two hundred and sixty (260) Manitoba residents interviewed and twenty-five (25) other residents of Canada interviewed for a total of two hundred and eighty-five (285) applicants.

Offers of Admission: Offers will be e-mailed on May 17th and June 1st. A $500 non-refundable acceptance deposit is required.

Application Details: There is an electronic application process. The application deadline is October 1, 2017 and the fee is $100.00.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.
College of Medicine, UNIVERSITY OF SASKATCHEWAN

Length Of Program: 4 years

Testing of Language Proficiency: No; however, applicants whose primary language is not English may be required to present proof of proficiency in English. Information regarding the English language proficiency requirements at the University of Saskatchewan can be found at http://explore.usask.ca/admission/s/elp.php

Language Of Instruction: English

Computer: Personal required

New Admissions Into Year One: 100 Application Fall of 2017 for Entry Fall of 2018. Up to 5% of positions may be held by out-of-province applicants and 10% of positions are reserved for applicants of Canadian Aboriginal descent.

2017/18 First-Year Tuition:

- Canadian Residents: $16,642
- Quebec Residents: $16,642 (Quebec Schools Only)
- Visa Students: $0
- Foreign Students: $0 (Above Quota Contract)
- Compulsory Fees: $835

Tuition Details:
Canadian Residents: 2017-18 rate; Compulsory Fees: 2017-18 rate; Foreign Students: N/A

Selection Factors:
The number of year one positions available for admission in the fall of 2018 is expected to be 100 which includes:

1) >79+ Saskatchewan resident positions (depending on whether the other three pools (listed below) fill or not as unfilled seats in the three following pools revert back to the Saskatchewan resident pool);

2) 10 positions available to self-declared Aboriginal applicants through the Aboriginal Admissions Program (AAP);

3) 6 positions within the Diversity and Social Accountability Admissions Program (DSAAP) for Saskatchewan Residents. Note: Self-declared Aboriginal applicants are not eligible for the DSAAP, instead they are first considered through the usual Saskatchewan ARN process and then if not competitive, they are considered through the AAP. Similarly, applicants eligible to be considered through the DSAAP are first considered through the usual Saskatchewan ARN process and then if not competitive, considered through the DSAAP process;

4) 5 positions will be available to out-of-province (OP) applicants. All applicants must be a Canadian citizen or a permanent resident.
**Academic Criteria:**

Saskatchewan Residents (including applicants eligible to apply through the Aboriginal Admissions Program):

There are two main academic requirements that must be met in order to apply as a Saskatchewan resident: MCAT and a 4-year Baccalaureate degree awarded prior to entering Medicine.

MCAT scores must be obtained in one sitting prior to the application deadline. The earliest accepted scores for 2018 entry are April 2015 and only the most recent score will be considered. Prerequisite courses are not required.

To meet the second mandatory requirement, a 4-year Baccalaureate degree must be completed prior to entering Medicine (requirements completed by the end of April) and in < 5 years since starting university. Students may apply in the final year of that degree or once it is completed. The minimum acceptable university academic average (UAA) is 75%. All university courses completed as of the end of December following application will be used in the UAA calculation for admission purposes. Although courses completed in the calendar year following application will not be used in calculating a UAA for admission purposes, these final courses must average \( \geq 75\% \). If a 4-year degree has been awarded prior to application, the UAA will be calculated on the most recent 120 CU completed, provided they were completed within a period spanning < 5 years.

Out-of-Province Residents:

There are two main academic requirements that must be met in order to apply as an out-of-province resident: MCAT and a 4-year Baccalaureate degree.

MCAT scores must be obtained in one sitting prior to the application deadline. The earliest accepted scores for 2018 entry are April 2015 and only the most recent score will be considered. Prerequisite courses are not required.

Application by out-of-province applicants can be made only during or after the final year of a four year degree. If a four year degree is completed prior to application, course-work for the degree must have been started within the 5 years prior to completion of the degree. If applicants are in the final year of a four year degree, a minimum of 90 credit units must have been completed in the 48 months prior to the end of August immediately before application. The minimum UAA required for application will be 83.0%. The four year degree must be completed prior to entering medicine (requirements completed by the end of April). All remaining courses completed for the degree after the date of application must minimally average 83.0%. For the most up-to-date admission requirements refer to the Applicant Information document posted at www.medicine.usask.ca/admissions.

**Special Consideration:**

Students of Aboriginal ancestry may make application through the Aboriginal Admissions Program whereby all requirements are the same as the regular Saskatchewan resident pool. All self-declared Aboriginal applicants are first considered within the Saskatchewan pool, and if not competitive, then within the Aboriginal Admissions Program. There are six positions within the Diversity and Social Accountability Admissions Program (DSAAP) for Saskatchewan Residents. Note: Self-declared Aboriginal applicants are not eligible for the DSAAP, instead they are first considered through the usual Saskatchewan ARN process and then if not competitive, they are considered through the AAP. Similarly, applicants eligible to be considered through the DSAAP are first considered through the usual Saskatchewan ARN process and then if not competitive, considered through the DSAAP process.
Deferred Admissions: Considered (residents of Saskatchewan only)

Transfers: Not considered

Combined Programs: MD/PhD (program available only after successful admission to the MD program), MD/MBA (successful applicants to the MD program defer admission for one year to complete an MBA degree).

Interviews: The Multiple Mini Interview process is used and all interviews will take place on March 17 and 18, 2018.

Offers of Admission: Offers will be e-mailed around mid-May. A non-refundable acceptance deposit of 10% of tuition is required.

Application Details: The on-line application is available in early August 2017. The deadline to submit the application is October 1, 2017 at 4:00 PM (Saskatoon Time). The application fee is $125.00.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.
Selection Factors:

The number of year one positions available for 2016/17 was 162 which included 5 positions available to Aboriginal applicants and 10 positions available to rural applicants. At least eighty-five percent of year one positions were filled by residents of Alberta.

Canadian citizens/permanent residents may apply.

Selection for admission is based on cumulative grade point average (CGPA), Medical College Admission Test (MCAT), personal activities, reference letters and interview.

Academic Criteria:

All applicants to the Doctor of Medicine Program must be registered in a baccalaureate degree program and obtain their degree prior to admission or already have completed their degree program.

The minimum cumulative GPA (CGPA) required to be eligible to apply for Albertan applicants is 3.30 on the UofA 4.0 grading scale, and 3.5 for Non-Albertans. The mean CGPA of successful applicants in 2016/17 was 3.83.

The new MCAT2015 exam is required. The minimum acceptable MCAT2015 score for Alberta residents is 124 in each of the four categories: Chemical and Physical Foundations of Biological Systems; Critical Analysis and Reasoning Skills; Biological and Biochemical Foundations of Living Systems; Psychological, Social, and Biological Foundations of Behavior. The minimum MCAT2015 score for Non-Albertans is 128 in Critical Analysis and Reasoning Skills; and 124 in each of the remaining three categories: Chemical and Physical Foundations of Biological Systems; Biological and Biochemical Foundations of Living Systems; Psychological, Social, and Biological Foundations of Behavior.

Special Consideration:

Not considered
Interviews: Interviews take place on March 17 - 18, 2018. For the September 2017 entering class there were 459 Alberta residents interviewed and 65 Non-Albertans interviewed for a total of 524 applicants interviewed.

Application Details: An electronic application process is available on July 18, 2017. The deadline for submitting the application is October 1, 2017. The application fee is $130 for current and former University of Alberta undergraduates and $180 for students new to the University of Alberta. Applicants first complete the University of Alberta Undergraduate Application for Admission followed by the Secondary Medicine Application.

Offers of Admission: Applicants invited for interview will be notified of their admission decision May 2018. A $1,000 non-refundable acceptance deposit is required. The deposit will be applied towards tuition.

Deferred Admissions: Requests reviewed

Transfers: Not considered

Combined Programs: MD/MBA, MD/PhD, MD (with Special Training in Research)

**Success Rate:** Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

<sup>1</sup> Includes students who applied for positions under contract with foreign governments or educational institutions in 2011/12. In 2010/11, includes a Canadian citizen/landed immigrant who was living outside Canada at time of application.
Faculty of Medicine, UNIVERSITY OF BRITISH COLUMBIA

Length Of Program: 4 years

Testing of Language Proficiency: No

2017/18 New Admissions Into Year One: 288

2017/18 First-Year Tuition: Canadian Residents: $17,755 Quebec Residents: $0
Visa Students: $0 Quebec Schools Only
Compulsory Fees: $982 Above Quota Contract

Tuition Details:
Please see UBC MD Program for more information on compulsory fees and likely costs:
http://mdprogram.med.ubc.ca/student-resources/financial-support/cost-of-an-md-student/

Selection Factors:

The number of year one positions available for 2017/18 is 288 which includes up to 14 positions available to Aboriginal applicants and up to 5 positions available to applicants to the MD/PhD program. A maximum of 29 positions will be available to out-of-province residents.

The 288 positions are allocated to four campuses: 192 at the Vancouver Fraser Medical Program; 32 at the Island Medical Program (in Victoria); 32 at the Northern Medical Program (in Prince George); 32 at the Southern Medical Program (in Kelowna). All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program, up to 10 positions at the Southern Medical Program, and up to 2 positions at the Island Medical Program.

Canadian citizens/permanent residents may apply.

Academic Criteria:

Three years full-time university/college is required.

The minimum acceptable average for in province applicants is 75% on a 100% scale. The minimum average for out-of-province applicants is 85% (visit the website for up-to-date information on minimum academic standing).

The MCAT is required (please visit the website for information on MCAT eligibility).

Six credits of English are the only required prerequisites. Taking courses in biology, biochemistry, chemistry and organic chemistry are strongly encouraged.

Special Consideration:

N/A
Deferred Admissions: Considered, but only granted in exceptional circumstances.

Transfers: Rarely granted. Considered only after completion of two years of medical studies in Canada or the United States in a school that is accredited by the Committee on Accreditation of Canadian Medical Schools and the Liaison Committee.

Combined Programs: MD/PhD

Interviews: These take place in early-mid February, 2018. For the September, 2017 entering class there were 579 British Columbia residents interviewed and 81 other residents of Canada interviewed for a total of 660 applicants interviewed.

Offers of Admission: Offers are mailed mid-May, 2018. A $1,000 non-refundable acceptance deposit is required.

Application Details: An electronic application process is available in early June, 2017. The deadline for receipt of the application is September 15, 2017 (interviewed applicants who are required to submit supplementary information must do so by mid-February 2017). The application fees are $119.75 for residents of British Columbia with BC transcripts only; $153.75 for residents of British Columbia with any out-of-province transcripts; and $177.00 for residents outside British Columbia.
