AFMC Data Holdings - Faculties of Medicine of Canada

Statistiques relatives à l'enseignement médical au Canada 2018

Section A. Les données sur les facultés de médecine de l'AFMC– Description:

Fonds de données de l'AFMC - Facultés de médecine du Canada

La section A contient des renseignements sur les dix-sept facultés de médecine canadiennes. Cette section fournit des renseignements sur les quotas pour les postes de première année, la durée des stages cliniques et les montants des allocations, les frais de scolarité et autres frais, les honoraires et la rémunération des stagiaires postdoctoraux et d'autres renseignements sur les facultés de médecine. Les données sont recueillies principalement dans le cadre du Sondage de l'AFMC sur les facultés de médecine (SAFM), un sondage annuel en deux parties qui permet de recueillir des données statistiques sur les facultés de médecine canadiennes sur un certain nombre de sujets. Les données du SAFM sont publiées annuellement dans la collection des SREMC depuis 1978. Les données sur les étudiants diplômés et les membres du corps professoral sont disponibles dans notre base de données depuis 2001 et toutes les données depuis 2012.

Section A. Les données sur les facultés de médecine de l'AFMC– Contenu de la Table:

Tableau A-1 Facultés de médecines canadiennes agrégées

Tableau A-2i Renseignements relatifs aux facultés de médecine canadiennes

Tableau A-2ii Répartition géographique des places contingentes aux facultés de médecine canadiennes

Tableau A-3 Droits de scolarités exigées par les facultés de médecine canadiennes : Session débutant à l'automne 2018

Tableau A-4 Population âgée de 20 à 24 ans et nombre de places de première année comblées dans les facultés de médecine canadiennes selon la province de résidence

Tableau A-5 Barème de rémunération des stagiaires post-M.D. en formation clinique dans les facultés de médecine canadiennes selon le rang occupé et la province de formation

Tableau A-6 Droits relatifs aux stagiaires post-MD en formation clinique dans les facultés de médecine canadiennes

Tableau A-7 Durée du stage clinique et montant de l'allocation dans les facultés de médecine canadiennes

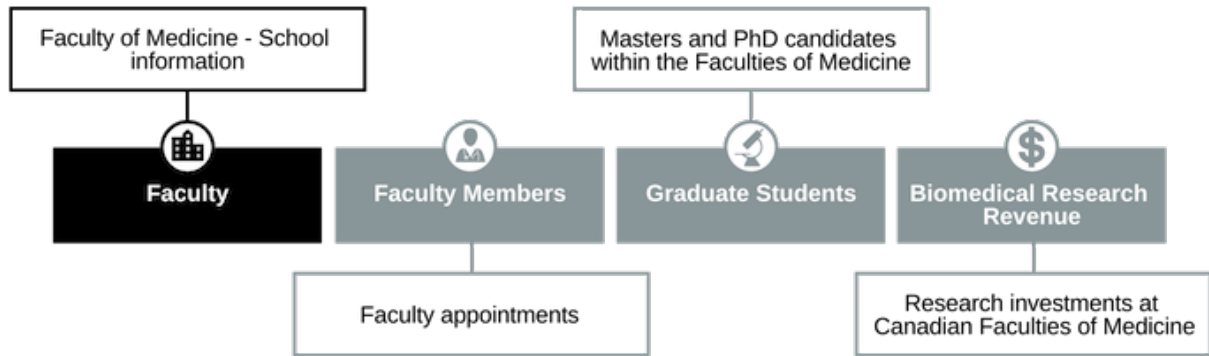

Section A. Les données sur les facultés de médecine de l'AFMC - Notes accompagnant les tableaux

1. Les tableaux de la section A ont été renumérotés pour la publication de 2018 afin d'en faciliter la lecture. Veuillez consulter l'annexe D pour obtenir des renvois aux numéros de tableaux des publications de l'année précédente.
2. Le tableau A-6 contient des notes de bas de page détaillées sur la répartition des frais de formation clinique postdoctorale pour la plupart des facultés de médecine canadiennes.
3. Le tableau A-7 contient des renseignements sur la durée du stage clinique et le montant de l'allocation versée à chaque faculté de médecine canadienne. Les paiements mensuels ne sont pas toujours versés pendant toute la durée du stage, par allocation. Les facultés de médecine peuvent offrir d'autres possibilités de stages, comme des stages intégrés, dont la durée et les exigences en matière de formation varient.

Canadian Medical Education Statistics 2018

Section A. AFMC Faculties of Medicine Data – Description:

AFMC Data Holdings - *Faculties of Medicine of Canada*

Section A contains information about the seventeen Canadian Faculties of Medicine. This section provides information on quotas for first year positions, duration of clinical clerkships and stipend amounts, tuition and other fees, and post-M.D. trainee fees and remuneration, and other information about the Faculties of Medicine. The data is collected primarily via the AFMC Faculty of Medicine Survey (AFMS), which is an annual two-part survey collecting statistical information about Canadian faculties of medicine on a number of topics. The AFMS data have been published annually in the CMES collection since 1978, with graduate student and faculty data available in our database since 2001 and all data since 2012.

Section A. The AFMC Faculties of Medicine Data – Table Contents:

Table A-1	Accredited Canadian Faculties of Medicine
Table A-2i	Information about Canadian Faculties of Medicine
Table A-2ii	Geographic Allocation of Places within Quota in Canadian Faculties of Medicine
Table A-3	Tuition Fees in Canadian Faculties of Medicine: Session Commencing Fall 2018
Table A-4	Population Aged 20 to 24 and Number of First Year Places Filled in Canadian Faculties of Medicine by Province of Residence"
Table A-5	Payment Scales for Post-MD Clinical Trainees in Canadian Faculties of Medicine by Rank and Province of Training
Table A-6	Post-MD Clinical Trainee Fees in Canadian Faculties of Medicine
Table A-7	Duration of Clinical Clerkship and Amount of Stipend in Canadian Faculties of Medicine

Section A. The AFMC Faculties of Medicine Data - Table Notes:

1. Tables in Section A have been renumbered for 2018's publication for better readability. Please see Appendix D for a cross reference of table numbers across years.
2. Table A-6 contains detailed footnotes on the breakdown of Post-MD Clinical Training Fees for most Canadian faculties of Medicine.
3. Table A-7 contains information on the duration of clinical clerkship and amount of stipend given to each Canadian Faculty of Medicine. Monthly payments are not always disbursed over the full duration of clerkship, per stipend. The Faculties of Medicine may offer additional clerkship opportunities such as integrated clerkships which differ in clerkship lengths and educational requirements.

¹ Regular quota numbers include positions for foreign students.

² Supernumerary/above quota positions are not available to applicants from Canada. They are provided to foreign students only, under contracts with foreign governments or educational institutions to provide medical education on a cost-recovery basis. These positions may be in either first year or at an advanced standing level.

³ See Table A-2ii for details.

⁴ Only required for international students and for Canadian citizens/permanent residents who hold undergraduate degrees from non-Canadian universities.

⁵ Not required for students who have completed the prerequisite courses within Saskatchewan.

Table/Tableau A-2ii
Geographic Allocation of Places within Quota in Canadian Faculties of Medicine
2018/19

Répartition géographique des places contingentées aux facultés de médecine canadiennes

Faculty of Medicine/Province		Quota	Geographic Allocation within Quota
Memorial University	NL	80	Canadian citizens/permanent residents or Visa Students may apply; 60 residents of Newfoundland and Labrador including up to 3 positions available for Aboriginal students residing within province; 20 residents from other provinces including: 5 residents from other Canadian Provinces/Non-Canadian; 10 residents of New Brunswick; 4 residents of Prince Edward Island; 1 resident of the Yukon.
Dalhousie University	NS	108 + 1	Canadian citizens/permanent residents or Visa Students may apply; 99 residents from the Maritimes and 9 from Non-Maritime provinces; 1 for Indigenous Student; 1 additional position is available for a dental student who after completing the MD program plans to specialize in oral maxillofacial surgery. Foreign students are not eligible for apply, however, Foreign students with supernumerary foreign contracts under contract with foreign governments/institutions are accept.
Université Laval *		216 + 2	218 are for the regular pool of Québec applicants (60% expected for college students and 40% for university students, which includes up to 8 positions filled with applicants to the PhD program and up to 8 positions filled with university applicants from the labour market); 3 more positions as per the intergovernmental agreement with New-Brunswick, 1 position available for an applicant of foreign nationality who holds a study permit, 1 potential position for an applicant from another Canadian province or territory, 4 potential positions for applicants who are First Nations people or Inuit people (the quota to be allocated between the 4 Québec faculties of medicine) and 4 positions in the Medical Military Training Program (MMTP) (to be allocated between the 3 Francophone faculties of medicine in Québec) and a possibility of 2 positions for applicants who wish to pursue their postgraduate studies in the field of oral and maxillofacial surgery; up to 3 positions could be offered to IMGs willing to start with clerkship.
Université de Sherbrooke*		199	Canadian citizens/permanent residents or foreign applicants holding a student visa may apply; 171 for residents of Québec, 24 for residents of Atlantic Canada, 1 for residents of Western Canada, 1 for foreign applicants holding a visa. There is an agreement between the 4 schools of Québec residents or for members of the Canadian Forces. 142 to the Sherbrooke site, 33 to the Saguenay site and 24 to the Moncton site.
Université de Montréal *		291	Canadian citizens/permanent residents or Visa Students may apply; 280 from Québec; 3 positions for International Medical Graduates; 3 filled by New Brunswick residents following an agreement with that province, 2 positions for Visa Students; Up to 4 additional positions are made available to applicants who are Québec residents and First Nations or Inuit people. 2 additional positions were offered to Canadian Force. 209 in preparatory year and 82 in the MD program.
McGill University *		173 + 2	Canadian citizens/permanent residents or Visa Students may apply; up to 165 from Québec; up to 2 positions are available for visa students; up to 10 positions are available for Canadian citizens/permanent residents residing outside Québec; up to 2 positions are available for students admitted to the joint Medicine and Oral and Maxillofacial Surgery (MD-OMFS) program; 4 potential positions for applicants who are First Nations people or Inuit people (the quota to be allocated between the 4 Québec faculties of medicine)
	QC	879 + 4	* Up to 4 positions available to eligible First Nations and Inuit / Indigenous applicants who are residents of Québec (maximum quota distributed among the four Québec faculties of medicine); Up to 4 positions funded by the Canadian Forces Medical Military Training Program (MMTP) (allocated between the 3 Francophone faculties of medicine in Québec).

Continued/Suite

Table/Tableau A-2ii (continued/suite)
Geographic Allocation of Places within Quota in Canadian Faculties of Medicine
2018/19
Répartition géographique des places contingentées aux facultés de médecine canadiennes

Faculty of Medicine/Province		Quota	Geographic Allocation within Quota
University of Ottawa**		156 + 8	Canadian citizens/permanent residents may apply; the 164 position which includes up to 7 positions available to Indigenous students, up to 4 positions available to students in the MD/PhD program; plus 8 abovequota positions available through the Consortium national health training.
Queen's University		100	Canadian citizens/permanent residents or Visa Students may apply; includes up to 4 positions available for Aboriginal Students; up to 3 positions available to students in the MD/PhD program.; and up to 10 positions available for the Queen's University Accelerated Route to Medical School (QuARMS) program . Up to 5 positions available for International Students;
University of Toronto		259	Canadian citizens/permanent residents or Visa Students may apply; no quota within regular pool; 205 at the St. George campus and 54 at the Mississauga campus.
McMaster University		203	Canadian citizens/permanent residents or Visa Students may apply; includes 3 positions available to students in the MD/PhD program.
Western University		170 + 1	Canadian citizens/permanent residents may apply; includes up to 5 positions available for Aboriginal students; up to 3 positions available for students in the MD/PhD program; up to 1 position available for the Oral and Maxillofacial Surgery Program.
Northern Ontario School of Medicine		64	Canadian citizens/permanent residents may apply; 2 position available to Indigenous students; 36 to Laurentian Campus, 28 to Lakehead Campus.
	ON	952 + 9	** Positions eligible through the "Consortium national de formation en santé" for Francophone students outside Québec and Ontario.
University of Manitoba	MB	110	Canadian citizens/permanent residents may apply; 95% will be filled by residents of Manitoba; 5% of positions available for out-of-province residents.
University of Saskatchewan	SK	100	Canadian citizens/permanent residents may apply; 79 Saskatchewan residents position; 10 positions available to Aboriginal students; 6 positions within the Diversity and Social Accountability Admissions Program (DSAAP) and 5 positions available to out-of province applicants.
University of Alberta		162	Canadian citizens/permanent residents may apply; at least 85% residents of Alberta; up to 5 positions available for Indigenous students; up to 10 positions available to rural applicants.
University of Calgary		157	Canadian citizens/permanent residents may apply; at least 85% residents of Alberta.
	AB	319	
University of British Columbia	BC	288	Canadian citizens/permanent residents may apply; the 288 positions are allocated to four campuses: 192 at the Vancouver Fraser Medical Program; 32 at the Island Medical Program; 32 at the Northern Medical Program; 32 at the Southern Medical Program. A Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program, up to 10 positions at the Southern Medical Program, and up to 2 positions at the Island Medical Program. Up to 29 positions available for out-of-province residents; up to 14 positions available for Indigenous students; up to 5 positions available for students in the MD/PhD program.
Total		2836 + 14	

These figures are valid for 2018/19. They are subject to change in subsequent years.

Information available as of September, 2018

¹ Exemption from paying the foreign differential fee may be granted in some cases. These exemptions are defined by individual provincial government policies.

² These fees are determined based on individual contracts with foreign governments or educational institutions to provide medical education on a cost-recovery basis.

³ Other compulsory fees may vary for visa students, for example, comprehensive health care insurance.

⁴ International applicants are no longer accepted to the medical program.

⁵ Residents of New Brunswick pay the same tuition fee as Québec residents as a result of an interprovincial government agreement.

⁶ Health and Dental Insurance is charged once a year in the Fall term for Canadian students. Students from France who are eligible to pay tuition at the non-Quebec Canadian rate should deduct \$145 for the SSMU Health Insurance, and add \$993 for International Health Insurance.

⁷ International students admitted above the regular quota pay a tuition fee of \$95,000 and \$972 other compulsory fees.

British Columbia	331,559	323	1,026	0.84	9
Yukon / NWT / Nunavut	9,332	8	1,167	0.74	11
Total, residents of Canada	2,476,338	2,859	866	1.00	

Data shown refers to province of residence of admitted students, irrespective of the province of location of the medical faculty in which students are studying.

¹ Excludes repeaters

² “**Relative opportunity**” compares the population per place for each province with that of the national average. A number greater than 1.00 illustrates a greater than average opportunity; a number less than 1.00 shows a lower than average opportunity.

³ At Université de Montréal, first time, first year includes those students promoted from année préparatoire.

* Canadian Citizens & Permanent Residents Trainee.

** Saudi sponsored visa trainees rate of contract fee is based on the year of commencing training; other compulsory fees may apply.

*** Québec Citizens Trainee

¹ Memorial: The following fees are included in the totals: \$984 Registration fee, \$1,812 Canadian Medical Protective Association (CMPA) fee, \$200 CPSNL Educational Register Fee and \$250 CPSNL Prescribing License Fees.

² Dalhousie: Trainees under the collective agreement pay \$500 maximum towards tuition, the remainder is paid by the sponsor. Those who have contracts with Dalhousie will have full tuition covered.

³ Ottawa: Saudi sponsored visa trainee rate of \$100,000 includes the \$700 registration fee, all other sponsored trainees pay \$100,700.

⁴ Queen's: Visa-sponsored trainee contract fee of \$100,000 does not include a Saudi Arabia Cultural Bureau, Living allowance of \$18,000 and an International Electives fee of \$750.

⁵ Toronto: Sponsored trainees pay \$700 registration fee (with exception of Saudi Bureau residents/fellows). Visa Trainees pay a Visa Processing Fee of \$155 and an IRCC Employee Compliance Fee of \$230 which is paid by Post MD Office.

⁶ McMaster: Gulf funded residents pay \$100,000 per annum. DND is \$55,000 per annum, but the contract is under renewal. Only a small number of residents are covered under contract/sponsors, and the vast majority of residents only pay the \$700 registration fees.

⁷ Western: Those enrolled in the Canadian Forces Medical Officer Training Plan (MOTP) are eligible to receive a recruitment allowance of \$77,500.00 for Family Medicine and \$62,880.00 for Specialty training. Other special funded programs include Grey Bruce Health Sciences and Windsor Regional Hospital PGY3 salary amount of \$120,657.18. Visa trainees pay a one-time administrative fee of \$150 unless a visa renewal is required.

⁸ Northern Ontario School of Medicine: Those enrolled in the Canadian Forces Medical Officer Training Plan (MOTP) are eligible to receive a recruitment allowance of \$77,500.00 for Family Medicine and \$62,880.00 for Specialty training.

⁹ Manitoba: The following Academic Fees are included in the totals: Registration Fee=\$41.36, Tuition Fee=\$905.06, Library Fee=\$41.36, Students Services=\$41.36, and Tech Fees=\$177.00. Visa-sponsored trainee contract fee of \$100,000 also includes the International Tuition fee of \$3,826.31.

¹⁰ Saskatchewan: Currently no tuition or registration fees assessed. Non-Regular Ministry Funded Positions for Visa Trainees also includes Admin Fee - MOH/SMA Funded amount of \$51,909; Admin Fee - Health Region/Other Funded amount of \$67,289.

¹¹ Calgary: Trainees on education contracts do not pay the \$500 registration fee. For those who pay the \$500 this is a one time fee. Starting July 2013 all ministry funded trainees are charged an annual PGME \$250 registration fee.

¹² British Columbia: Those enrolled in the Canadian Forces Medical Officer Training Plan (MOTP) are eligible to receive a recruitment allowance of \$77,500.00 for Family Medicine and \$62,880.00 for Specialty training plus registration fee of \$421. Canadian Institution funders pay \$20,000 Education Training Fee.

Information available as of September, 2018.

- Notes:** Mandatory = rotations in specific disciplines which must be completed by each student
 Electives = optional programs which are the choice of students provided the choices are approved
 Selectives = optional programs that may be chosen from a particular set of courses
 Non-clinical = the components vary from one faculty to another; examples are: CaRMS interviews, orientation, examination review, ACLS (advanced cardiac life support)

¹ Non-clinical rotations also include 48 weeks Physicianship: Professional and Healer 1 week of Public Health & Preventative Medicine, and 98 weeks Physicianship: Physician Apprentice (year 3 and year 4).

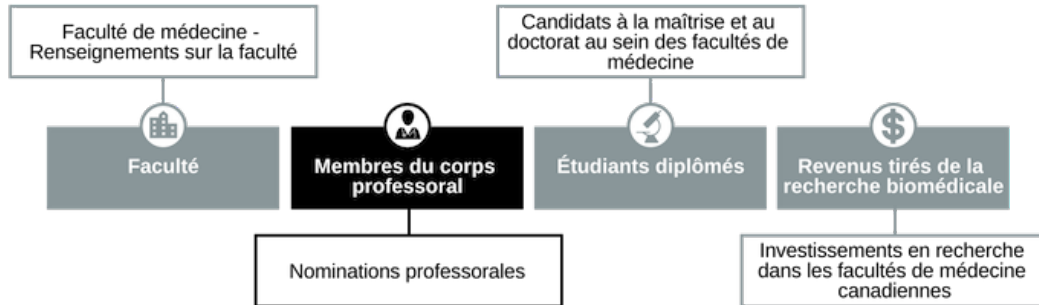

² Data reflects 3rd year Longitudinal Integrated Clerkship. Electives and Selectives follow in 4th year, or occur in the weeks prior to the start of the clerkship.

³ Stipend includes 12 monthly payments of \$350.00 to a maximum of \$4,200.00.

Statistiques relatives à l'enseignement médical au Canada 2018

Section B. L'étude sur les membres du corps professoral de l'AFMC– Description:

Fonds de données de l'AFMC - Facultés de médecine du Canada

L'Étude sur les membres du corps professoral fournit des renseignements sur les membres du corps professoral selon, entre autres, le sexe, le grade, la discipline et les installations cliniques. L'Étude s'appuie principalement sur le Sondage de l'AFMC sur les facultés de médecine (SAFM) – Partie II, un sondage annuel qui permet de recueillir des données statistiques sur les facultés de médecine canadiennes sur un certain nombre de sujets. Les données du SAFM sont publiées annuellement dans la collection des SREMC depuis 1978. Les données sur les étudiants diplômés et les membres du corps professoral sont disponibles dans notre base de données depuis 2001 et toutes les données depuis 2012.

Section B. l'étude sur les membres du corps professoral de l'AFMC – Contenu de la Table:

Tableau B-1 Membre du corps professoral à plein temps des facultés de médecine canadiennes selon le rang et Sexe

Tableau B-2 Membres du corps professoral à plein temps en sciences médicales et biologiques fondamentales et en sciences cliniques dans les facultés de médecine canadiennes selon le rang

Tableau B-3 Membres du corps professoral dans chaque faculté de médecine canadienne selon le rang et Sexe

Tableau B-3ii Membres du corps professoral dans chaque faculté de médecine canadienne selon le rang et Sexe

Tableau B-4 Membres du corps professoral dans chaque faculté de médecine canadienne selon le rang et la discipline

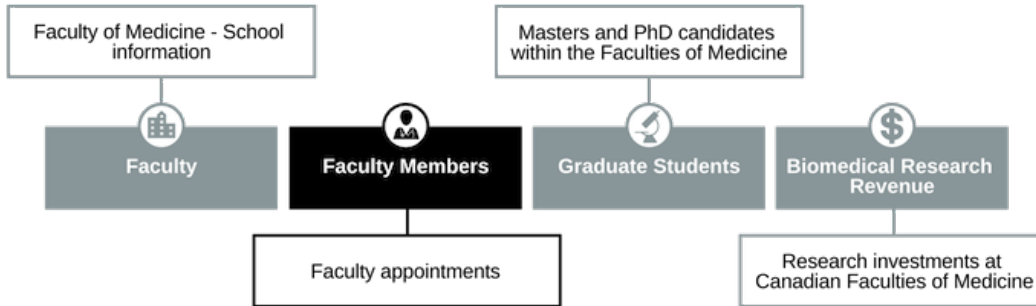

Section B. L'étude sur les membres du corps professoral de l'AFMC – Notes accompagnant les tableaux

1. Les tableaux de la section B ont été renumérotés pour la publication de 2018 afin d'en faciliter la lecture. Veuillez consulter l'annexe D pour obtenir des renvois aux numéros de tableaux des publications de l'année précédente.
2. Contrairement aux publications antérieures, les tableaux de la section B contiennent, pour la première fois, des données sexe-spécifiques sur les membres du corps professoral à temps plein et à temps partiel (à l'exception du tableau B-4). Ce changement a été appliqué à tous les rapports après 2001-2002 inclusivement; il est ventilé selon la discipline (tableau B-2) et la faculté de médecine (tableau B-3).
3. Voir l'ANNEXE A pour la classification des disciplines.
4. Voir l'ANNEXE B pour la définition de « membres du corps professoral à temps plein » pour l'année de déclaration 2016-2017.

Canadian Medical Education Statistics 2018

Section B. The AFMC Faculty Members Study – Description:

AFMC Data Holdings - *Faculties of Medicine of Canada*

The Faculty Members Study provides information on faculty members by gender, rank, discipline and clinical facilities, among others. The study is informed primarily via the AFMC Faculty of Medicine Survey (AFMS-Part II), which is an annual survey collecting statistical information about Canadian faculties of medicine on a number of topics. The AFMS data have been published annually in the CMES collection since 1978, with graduate student and faculty data available in our database since 2001 and all data since 2012.

Section B. The AFMC Faculty Members Study – Table Contents:

Table B-1 Full-Time Faculty Members in Canadian Faculties of Medicine by Rank and Gender

Table B-2 Full-Time Faculty Members in Basic Medical and Biological Sciences and Clinical Sciences in Canadian Faculties of Medicine by Rank

Table B-3i Faculty Members in Each Canadian Faculty of Medicine by Rank and Gender - Full-Time

Table B-3ii Faculty Members in Each Canadian Faculty of Medicine by Rank and Gender - Part-Time

Table B-4 Faculty Members in Canadian Faculties of Medicine by Rank and Discipline

Section B. The AFMC Faculty Members Study – Table Notes:

1. Tables in Section B have been renumbered for 2018's publication for better readability. Please see Appendix D for a cross reference of table numbers across years.
2. Unlike prior publications, the tables in Section B, for the first time, will contain gender specific data for full-time and part-time faculty members (excluding table B-4). This change has been applied to all report years after, and including, 2001/02; it is broken down by discipline (table B-2), and faculty of medicine (table B-3).
3. See APPENDIX A for Classification of Disciplines.
4. See APPENDIX B for definition of "Full-Time Faculty" for the 2016/17 report year.

Statistiques relatives à l'enseignement médical au Canada 2018

Section C. L'étude de l'AFMC sur l'enseignement médical des deuxième et troisième cycles – candidats à la maîtrise et au doctorat(PhD) - Description

Fonds de données de l'AFMC - Facultés de médecine du Canada

L'Étude sur l'enseignement médical des deuxième et troisième cycles fournit de l'information sur les étudiants diplômés (des programmes de maîtrise et de doctorat) des facultés de médecine, notamment les diplômes décernés par discipline, les années d'études et les inscriptions. L'étude s'appuie principalement sur le Sondage de l'AFMC sur les facultés de médecine (SAFM), un sondage annuel qui permet de recueillir des données statistiques sur les facultés de médecine canadiennes sur un certain nombre de sujets. L'Étude sur l'enseignement médical des deuxième et troisième cycles est publiée chaque année dans la collection des SREMC depuis 1978. Les données sur les étudiants diplômés et les membres du corps professoral sont disponibles dans notre base de données depuis 2001 et toutes les données depuis 2012.

Section C. L'étude de l'AFMC sur l'enseignement médical des deuxième et troisième cycles – candidats à la maîtrise et au doctorat(PhD) – Contenu de la Table:

Tableau C-1	Inscriptions aux études supérieures et aux études post-doctorales et diplômes décernés sciences médicales dans les facultés de médecine canadiennes
Tableau C-2	Inscriptions aux études supérieures et aux études post-doctorales en sciences médicale dans les facultés de médecine canadiennes
Tableau C-3	Inscriptions aux études supérieures en sciences médicales dans les facultés de médecine canadiennes selon la faculté et la discipline - Maîtrises
Tableau C-4	Inscriptions aux études supérieures en sciences médicales dans les facultés de médecine canadiennes selon la faculté et la discipline - Doctorats
Tableau C-5	Diplômes en sciences médicales décernés par les facultés de médecine canadiennes selon la faculté et la discipline - Maîtrises
Tableau C-6	Diplômes en sciences médicales décernés par les facultés de médecine canadiennes selon la faculté et la discipline - Doctorats

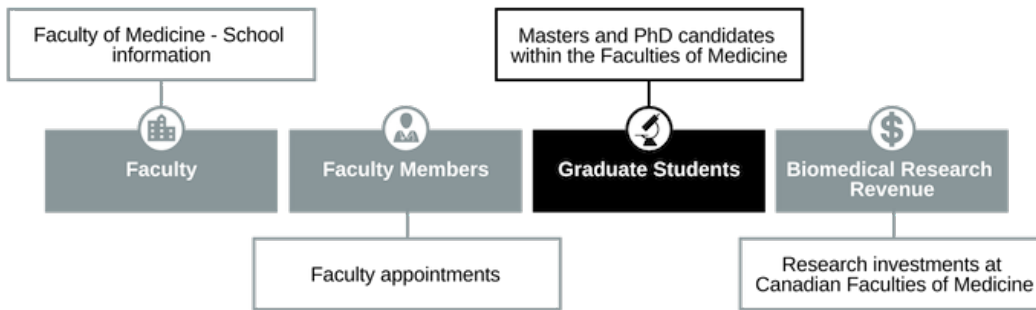

Section C. L'Étude de l'AFMC sur l'enseignement médical des deuxième et troisième cycles – candidats à la maîtrise et au doctorat (PhD) – Notes accompagnant les tableaux

1. Les tableaux de la section C ont été renumérotés pour la publication de 2018 afin d'en faciliter la lecture. Veuillez consulter l'annexe D pour obtenir des renvois aux numéros de tableaux des publications de l'année précédente.
2. Les inscriptions comprennent les étudiants à temps partiel.
3. La classification des disciplines fait l'objet d'un examen continu et, par conséquent, les sous-totaux déclarés les années précédentes peuvent différer légèrement des sous-totaux de l'année en cours.
4. Voir l'ANNEXE A pour la classification des disciplines.

Canadian Medical Education Statistics 2018

Section C. The AFMC Graduate Medical Education – Masters and Doctoral (PhD) Candidates Study – Description:

AFMC Data Holdings - *Faculties of Medicine of Canada*

The Graduate Medical Education Study provides information on graduate students at the Masters and PhD level in the Faculties of Medicine including degrees awarded by discipline, years of study, and enrolment. The study is informed primarily via the AFMC Faculty of Medicine Survey (AFMS), which is an annual survey collecting statistical information about Canadian faculties of medicine on a number of topics. The GGME study has been published in the CMES collection annually since 1978, with graduate student and faculty data available in our database since 2001 and all data since 2012.

Section C. The AFMC Graduate Medical Education - Masters and Doctoral (PhD) Candidates Study – Table Contents:

Table C-1	Enrolment in Graduate Studies & Post-doctoral Studies and Degrees Awarded in Medical Sciences in Canadian Faculties of Medicine
Table C-2	Enrolment in Graduate Studies and Post-doctoral Studies in Medical Sciences in Canadian Faculties of Medicine
Table C-3	Enrolment in Graduate Studies in Medical Sciences in Canadian Faculties of Medicine by Faculty and Discipline - Masters
Table C-4	Enrolment in Graduate Studies in Medical Sciences in Canadian Faculties of Medicine by Faculty and Discipline - Doctorates/PhD
Table C-5	Degrees in Medical Sciences Awarded by Canadian Faculties of Medicine by Faculty and Discipline - Masters
Table C-6	Degrees in Medical Sciences Awarded by Canadian Faculties of Medicine by Faculty and Discipline - Doctorates/PhD

**Section C. The AFMC Graduate Medical Education - Masters and Doctoral (PhD) Candidates Study –
Table notes:**

1. Tables in Section C have been renumbered for 2018's publication for better readability. Please see Appendix D for a cross reference of table numbers across years.
2. Enrolments include part-time students.
3. The Classification of disciplines is reviewed on an on-going basis, and, as a result, subtotals reported in previous years may differ slightly from subtotals in the current year.
4. See APPENDIX A for Classification of Disciplines.

Statistiques relatives à l'enseignement médical au Canada

Section D. L'étude de l'AFMC sur les revenus afférents à la recherche biomédicale – Description:

Fonds de données de l'AFMC - Facultés de médecine du Canada

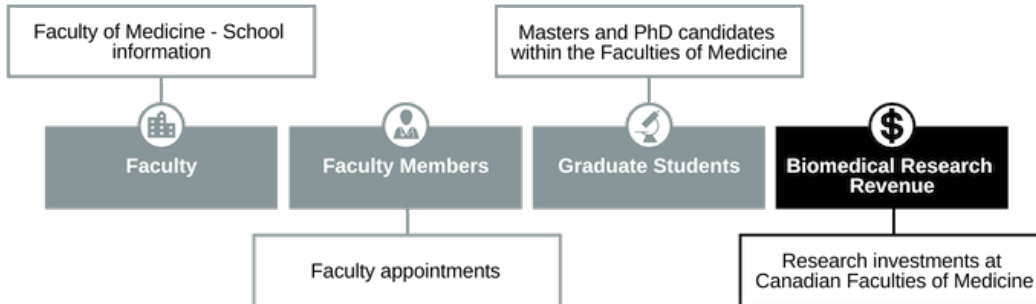

L'Étude sur les revenus afférents à la recherche biomédicale (anciennement l'Étude sur les revenus afférents à la recherche biomédicale et en santé) fournit des renseignements détaillés sur les investissements dans la recherche biomédicale et les soins de santé dans les facultés de médecine canadiennes qui effectuent des recherches. Les données sur lesquelles s'appuie l'étude sont principalement recueillies dans le cadre du Sondage sur les revenus afférents à la recherche biomédicale, qui permet de recueillir annuellement des renseignements sur les sources de financement, les montants et les secteurs de recherche. On recueille les données sur les revenus afférents à la recherche biomédicale depuis 1977; toutefois, le sondage n'a été mené sur papier que jusqu'en 2004. À l'heure actuelle, la base de données de l'AFMC sur les revenus afférents à la recherche comprend des données à partir de 2010. Le sondage a été révisé pour la publication des SREMC de 1980-1981 afin d'améliorer les rapports sur les sources de financement et les disciplines, et de nouveau en 2012-2013 afin de normaliser les disciplines. À l'heure actuelle, le sondage fait l'objet d'un examen avec les facultés afin d'assurer la normalisation des pratiques de présentation de rapports. Il devrait être publié à la fin de l'automne 2019.

Canadian Medical Education Statistics 2018

Section D. The AFMC Biomedical Research Revenue Study – Description:

AFMC Data Holdings - *Faculties of Medicine of Canada*

The Biomedical Research Revenues Study (formerly Biomedical and Health Care Research Revenues Study) provides detailed information on investments in biomedical and health care research at the Canadian faculties of medicine that conduct research. Data informing the study are primarily collected via the annual Biomedical Research Revenues Survey that collects information on funding sources, amounts, and fields of research. Biomedical research revenues data have been collected since 1977; however, the survey was conducted in paper format only until 2004, and currently the AFMC Research Revenues database includes data from 2010 onwards. The survey was revised for the 1980/81 CMES publication to improve reporting on sources of funds and disciplines, and again in 2012/13 to standardize disciplines. Currently the survey is under review with the faculties to ensure standardization in reporting practices, and is projected to be released in late fall of 2019. The Biomedical Research Revenues Survey is suspect from 2016/17 to 2017/18. There are no Biomedical Research Revenues data tables in the CMES volume 40.

Biomedical and Health Care Research Revenues

Recettes pour la recherche biomédicale et en science de la santé

The annual survey of biomedical and health care research revenues is undergoing revision. For more information on these data please contact data@afmc.ca .

L'enquête annuelle sur les revenus afférents à la recherche biomédicale et en sciences de la santé subit actuellement une révision. Pour plus de plus amples renseignements, veuillez contacter data@afmc.ca .
