ABOUT THE AFMC

Founded in 1943, the Association of Faculties of Medicine of Canada (AFMC) represents Canada's 17 faculties of medicine and is the voice of academic medicine in this country. Our member faculties graduate over 2,700 MDs per year; teach over 11,500 undergraduate medical students; train over 15,000 postgraduate trainees; employ nearly 48,000 full and part-time faculty members and undertake over 3 billion dollars of biomedical and health care research annually.

INTRODUCTION

This publication provides information on admission requirements that covers several academic years. When comparing data from year to year, it should be understood that there is some yearly variability in the context affecting the data. Examples of such context variability include changes to the number of available places, admission requirements, and selection policies for some of the faculties of medicine.

All statistical data come from an annual survey conducted by the Association of Faculties of Medicine of Canada (AFMC). Individual faculty information is provided by each faculty of medicine as of February 2022 and, therefore, is subject to change. Items such as tuition and seat counts are commonly approved by a host schools governing body over the summer. It is unlikely, but possible, that a faculty may change the testing requirements for applications.

The impact of COVID-19 is still being felt in the academic medicine community. Schools are providing more virtual options for interviews, campus tours, outreach sessions, and community events. School processes for applications and admission are being adapted continuously to respond to demands of COVID protocols in their region.

General Application Procedure Overview

There are seventeen faculties of medicine in Canada offering programs of study leading to the award of the MD degree, which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence from east to west, with no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources, as well as Canada's future physician workforce requirements. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

An applicant must decide to which faculty or faculties of medicine applications will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen, so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. The applicant’s type of pre-medical undergraduate degree and institution of study should not deter filing an application, provided that all academic prerequisites are met. Not only should applicants plan to meet all academic
prerequisites, they must also respect all deadline dates. In general, it is not possible to apply after the deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which you apply.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.

Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.

The general steps of the application process (summarized in the chart below) are as follows:

**Step 1**, is to meet the specific entry criteria defined for the schools to which an application is being made.

*Generally speaking, entry criteria for Canadian medical schools fall into four main categories:*

- **Eligibility requirements:** Most provinces require at least two years of postsecondary education, while Quebec residents applying to a medical school in that province must complete their CEGEP training. Most schools also request that applicants complete specific basic-science courses before entering their program to prepare them for the study of medicine. Since these prerequisites vary among schools, please consult each school’s section in this guide for details.

- **Academic performance:** Medical schools look closely at academic performance when evaluating candidates for potential entry into their programs. Selection committees consider grade point average (GPA) to determine whether applicants have the right study habits and intellectual capacity to pursue medical studies. Some also use Medical College Admission Test (MCAT) results. Once again, faculty websites should be consulted for specific requirements.

- **Autobiographical sketch/essay:** Applicants have the opportunity to differentiate themselves from other candidates by providing the selection committee with an autobiographical sketch/essay that reflects their personality and accomplishments. It should include a list of such things as volunteer and paid work, research, extra courses, hobbies, sports, awards, scholarships, and other forms of recognition.

- **Reference letters:** Most Canadian medical schools ask for reference letters, which can come from such individuals as community members, faculty members, or previous employers. These letters give selection committees an additional perspective on the type of medical student an applicant might become.

**Step 2**, requires the applicant to complete one or more interviews. There are several models of interview in Canadian medical schools: the panel interview, Multiple Mini Interview (MMI), CASPer Interview and TAAMUS (*Test d’aptitude à l’apprentissage de la médecine à l’Université de Sherbrooke*). The panel interview is a traditional format in which the applicant is interviewed in front of a panel of individuals—usually a mix of community members, faculty representatives, medical students, and practising physicians. There are generally three or four evaluators present. See MMI and CASPer
sections for information on those Interviews.

Only Université de Sherbrooke administers TAAMUS, optionally, if the applicant is a member of the Canadian Forces or a resident of Quebec, the Atlantic provinces, or western Canada.

If the school decides that the applicant has the academic and non-academic capabilities to pursue a career in medicine, it proceeds to step 3.

**Step 3**, is for the school to send the applicant an *offer of admission* to its undergraduate medical education program.

---

**General Application Procedure Overview**

**Step 1**
- **Entry criteria**
  - Eligibility requirements
  - Academic performance
  - Autobiographical sketch/essay
  - Reference letters

**Step 2**
- **Interviews**
  - Panel interview
  - Multiple Mini Interview (MMI)
  - TAAMUS at U de Sherbrooke

**Step 3**
- **Offers of admission**
Ontario Medical School Application Service (OMSAS)

The application process for Ontario’s six medical schools is centralized through the OMSAS (Ontario Medical School Application Service), and admission must be made through the OMSAS website. Each medical school is completely independent in reaching its own admission decisions.

All applicants are required to pay a service fee plus an institutional fee for each medical school applied to. These fees are non-refundable, and your application will not be forwarded to your universities of choice until you submit full payment to the Ontario Universities’ Application Centre (OUAC).

### Fees

**OMSAS Application Service Fee:** $220

*All applicants are required to pay a base fee of $220.*

**University Fee (In Canadian Funds)**

*Each medical school charges a university fee.*

OMSAS collects the university fees and remits them to the universities to cover a portion of the costs associated with the admissions assessment. This fee is payable to the OUAC.

Medical College Admission Test (MCAT)

The Medical College Admission Test (MCAT) is a computer-based standardized examination for prospective medical students in the United States, Australia and Canada. It is designed to assess problem solving, critical thinking, and knowledge of natural, behavioural, and social science concepts and principles prerequisite to the study of medicine. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine (please see individual school sections for details).

The latest version of the MCAT took effect in April 2015. The exam was updated to reflect changes in medicine and science and to test examinees on not only what they know but how well they use what they know. Please visit Prepare for the MCAT Exam on the AAMC website for more information.

The MCAT exam has four test sections:
- Biological and Biochemical Foundations of Living Systems
- Chemical and Physical Foundations of Biological Systems
- Psychological, Social, and Biological Foundations of Behaviour
- Critical Analysis and Reasoning Skills

Each of the four sections will receive a scaled score from a low of 118 to a high of 132, with a midpoint of 125. These 4 new MCAT scaled scores will be combined to create a total score that will range from 472 to 528, with a midpoint of 500. This score(s) are used by medical school admission committees to evaluate the MCAT component of the admissions process.

There are MCAT testing centers, both on and off campus, from coast to coast in the US and Canada. For a list of current locations, click here: MCAT testing centres in the US and Canada. Additionally, there are numerous MCAT international testing locations which use a different testing schedule depending on location. Additional information can be found on the International MCAT Testing Calendar page of the
AFMC Fee Assistance Programs

**MCAT® Fee Assistance Program for Canadians**

The Association of American Medical Colleges (AAMC) and the Association of Faculties of Medicine of Canada are piloting a new fee assistance program for Canadian examinees in financial need who register for the Medical College Admission Test® (MCAT) during the 2022 testing year.

In order to support an increasingly diverse physician workforce, the AAMC is committed to providing support to Canadian students who would be unable to take the MCAT without financial assistance. Canadian examinees will be able to register for an MCAT exam date through this pilot fee assistance program beginning on February 1, 2022. During the pilot year, approximately 700 awards will be provided to Canadian examinees in financial need.

Canadian fee assistance applicants who qualify will receive reduced scheduling, rescheduling, and cancellation rates for the 2022 and 2023 testing years. Visit the AAMC website for full details.

To learn more about the 2022 eligibility criteria, application process and deadlines, please see the MCAT® Fee Assistance Program (FAP) for Canadians Application Guide.

Please be aware that you must be approved for the Fee Assistance Program prior to registering for the MCAT exam to receive the reduced MCAT registration fees. AFMC is responsible for reviewing applications, determining eligibility for financial assistance, and notifying awardees. Please note that benefits are not retroactive and you must be approved before scheduling, rescheduling, or canceling your MCAT exam. Please note, the AAMC and AFMC reserve the right to discontinue the program after the pilot year.

Questions regarding the application, evaluation, or qualification process? Please contact: service@afmcstudentportal.ca
Application Fee Waiver Programs

Ontario is piloting a program to provide 150 successful awardees with free applications to three Ontario medical schools of their choice during the 2022-2023 application cycle, including the processing fee for the Ontario Medical School Application System (OMSAS).

Alberta and Saskatchewan are in discussion to join the program for the 22/23 cycle. Please see https://afmc.ca/en/learners/fee-assistance-programs for updates.

Questions regarding the application, evaluation, or qualification process? Please contact: service@afmcstudentportal.ca

Multiple Mini Interviews

The Multiple Mini Interview (MMI) is an interview format that gauges an applicant's potential to successfully interact with patients and colleagues. The MMI is designed to measure communication skills, specifically verbal and nonverbal skills that cannot be measured using standardized written exams or by reviewing coursework transcripts. The MMI typically consists of six to 10 very short timed interviews each one about a specific scenario. The MMI has become the most common interview method for medical schools worldwide. Each medical school has a slightly different variation on MMI format.

History

Since its formal inception at the Michael G. DeGroote School of Medicine at McMaster University in 2004, the MMI subsequently spread as an admissions test across medical schools, and to other healing arts disciplines. By 2008, the MMI was being used as an admissions test by the majority of medical schools in Canada, Australia, Israel, and Brunei.

MMI procedure

Interview stations—the domain(s) being assessed at any one station are variable, and normally reflect the objectives of the selecting institution. Examples of domains include the "soft skills"—ethics, professionalism, interpersonal relationships, ability to manage, communicate, collaborate, as well as perform a task. An MMI interview station takes considerable time and effort to produce; it is composed of several parts, including the stem question, probing questions for the interviewer, and a scoring sheet.

Circuit(s) of stations: To reduce costs of the MMI the interview "stations" are kept short (eight minutes or less) and are conducted simultaneously in a circuit. Numbers of stations range from 8-10.

Interviewer: There is usually one interviewer per interview station. In a typical MMI, each interviewer stays in the same interview throughout, as candidates rotate through. The interviewer thus scores each candidate based upon the same interview scenario throughout the course of the test.

Candidates: Each candidate rotates through the circuit of interviews. For example, if each interview station is eight minutes, and there are nine interview stations, it will take the nine candidates being assessed on that circuit 72 minutes to complete the MMI. Each of the candidates begins at a different interview station, rotating to the next interview station at the ringing of a bell.
As school MMI assessment questions and goals vary, refer to the site links for that faculty for more information on their MMI process. Some schools post sample questions for you to try.

**CASPer (Computer-Based Assessment for Sampling Personal Characteristics)**

CASPer (Computer-Based Assessment for Sampling Personal Characteristics) test is a 90-minute, web-based Situational Judgement Test (SJT) designed to evaluate key personal and professional characteristics that make for successful students and graduates. CASPer provides admissions and selection committees with a reliable measure of traits like professionalism, ethics, communication, and empathy. It is a component of the application process used by certain medical schools in an effort to evaluate your personal and professional characteristics.

Each school incorporates CASPer in different ways to guide their admissions process. Most programs use CASPer alongside other metrics like GPA and MCAT scores as a pre-screening tool to decide who to invite to the interview process. Some programs use CASPer in a more impressionistic approach, to help facilitate decisions on candidates who are on the cusp of whether they are admitted to the program. Some programs implement a conservative cut-off score for CASPer to screen out applicants, while other programs take a closer look at candidates who have exceptionally high CASPer scores. For instance, Dalhousie Medical School will only consider applicants who score above -1.5 standard deviations from the mean for interview.

**Medical Schools**

Canadian Medical schools currently using CASPer (year adopted in brackets):

- McMaster University (2010)
- University of Ottawa (2015)
- McGill University (2017)
- Dalhousie University (2018)
- University of Alberta (2018)
- Université Laval (2019)
- University of Manitoba (2019)
- University of Saskatchewan (2019)

**CASPer Procedure**

CASPer is delivered online. In order for you to successfully complete it you will need a computer with:

- An updated Chrome browser (recommended), stable broadband internet connection, Audio Output (Speakers or headphones) and webcam (mandatory for all applicants). Note: Taking CASPer using a tablet is NOT recommended.

The CASPer is a 90-minute test consisting of 12 sections. Each section follows a similar format consisting first of a short video or directed text, followed by 3 questions relating to the material presented in the video or question stem. Some sections are prompted by situational challenges displayed in short video clips; others are prompted by self-reflective questions. The applicant has 5 minutes to answer all questions in a given section.

*Video-based scenarios consist of:*

- A description of your role
- A short video (1-2 minutes long)
- Three open-ended follow-up questions pertaining to the video. All three questions must be
answered within a total of 5 minutes.

Word-based scenarios consist of:

- A short statement to consider
- Three open-ended follow-up questions pertaining to the statement. All three questions must be answered within a total of 5 minutes.

Note: There is NO VIDEO for these sections

There is an optional 15-minute break halfway through the test.

For more information on CASPer, including access to sample questions, visit the official website at: takecasper.com.

Repeat Applicants

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Unsuccessful applicants should try to reach an objective assessment of why they did not receive an offer and see if there are areas of their application upon which they can improve. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the competition for the limited number of places that are available when the number of qualified applicants greatly exceeds the number of available places. Well qualified applicants should consider re-applying for admission to a faculty of medicine and, in recent years, repeat applicants have fared relatively well.

Applying to Study Medicine Outside Canada

If an applicant decides to seek admission to a medical faculty outside Canada, they must bear in mind that returning to do postgraduate training or practise medicine in Canada may prove difficult. Limitations on recognition of international medical degrees apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends an international medical faculty will be able to train or practise medicine in Canada in the future.

A note about American Medical School Admission Requirements:

There are 154 MD awarding medical schools in the United States of America. Applying to most schools can be done via the American Medical College Application Service® (AMCAS®) which is the American Association of Medical Colleges’ centralized medical school application processing service, and you can search for individual schools in the MSAR. Some schools have school specific application processes. See the AAMC student website at https://students-residents.aamc.org/ for more information.

MD-granting Medical Schools in the United States are accredited by the Liaison Committee on Medical Education (LCME). As of June 30, 2025, Canadian medical schools will no longer be accredited by the Liaison Committee on Medical Education (LCME). This change will not affect current medical students but will be relevant to the students entering medical school in fall of 2022 who, in a 4-year program, will graduate in spring of 2026.
International Students
Not all faculties of medicine accept applications from international students. Conversely, some faculties of medicine have contracts with international governments or institutions to accept applications for “supernumerary” positions. The conditions of admission may require that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada, and/or that these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the educational institutions or governments that have negotiated such contracts.

International students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the student.
Faculty of Medicine

Faculty information is provided in the language of instruction for the program.

The statistics provided in the sections below are applicable to each individual faculty of medicine. For national data and additional data elements by faculty of medicine, please see the annual Canadian Medical Education Statistics Section F “Applicant Study” publication available at:

Faculty of Medicine, MEMORIAL UNIVERSITY OF NEWFOUNDLAND

Length of Program (Years): 4  Notes: N/A
Language of Instruction: English  Notes: N/A
Testing of Language Proficiency: No  Notes: N/A
New Admissions into Year One: 80  Notes: N/A

First-Year Tuition
- Canadian Residents: $14,250.00¹
- Québec Residents: $14,250.00¹

- Compulsory Fees: Approximately 4400 in Phase 1; 500-1300 in Phases 2 & 3, annually
- Visa Students: N/A²
- Foreign Students: N/A²
  *(Above-Quota contract)*

Tuition Details:
TBD

Year One Position Breakdown:
The 80 positions include: at least 60 residents of Newfoundland and Labrador, an unspecified number of Military Medical Training Program seats, 1 seat for Nunavut, 4 residents of Prince Edward, Island; the rest of the seats are for the rest of the provinces in Canada. Effective June 1, 2021. Seats are available to Canadian students or permanent residents only. 3 positions available to Indigenous students who are residents of Newfoundland and Labrador.

Selection Factors:
Applicants must be Canadian citizens/permanent residents at the time of application.

Academic Criteria:
A Bachelor’s degree is required at the time of admission.

Special Consideration:
TBD

¹ Tuition will be increasing; actual cost is not released at this time
² International students no longer accepted, effective June 1, 2021. Seats are available to Canadian students or permanent residents only
Faculty of Medicine, MEMORIAL UNIVERSITY OF NEWFOUNDLAND

Mean GPA: 3.85/4.0  
Details: N/A

MCAT Required? Yes  
Details: N/A

CASPer Required? Yes  
Details: Casper dates for 2021-2022: August 8, 2021 & August 31, 2021

Deferred Admission? Yes  
Details: Deferrals are granted at the Admissions Committee discretion each cycle for up to 4 accepted applicants.

Transfers? Yes  
Details: At the discretion of the UGME office, if the applicant satisfies requirements.

Not usually considered but may be in rare circumstances from a Canadian medical faculty.

Combined Programs:
MD/PhD Students have to be admitted to the first-year medical program and then may be considered.

Application Details:

Start Date: June 30, 2022  
Deadline: September 1, 2022  
Fee: $255.00  
Form Type: Application via Memorial University

Interview Details:

Types: Interviews were synchronous for 2021-2022; no decision has been made on interviews for 2022-2023.

Date: Not available at this time for 2022-2023. Interview date for 2021-2022 was January 8, 2022. See website for full details: https://www.med.mun.ca/admissions/home.aspx

- Visa Students: TBD
- Foreign Students: $75,000.00
  (Above-Quota contract)

Tuition Details:
Link to 2021/2022 Medicine Fee Schedule:

Year One Position Breakdown:
119 for Nova Scotia and New Brunswick residents (79 NS, 40 NB), 9 for other Canadian residents); 88 seats will be assigned to the Halifax, Nova Scotia campus and 40 seats to the Saint John, New Brunswick campus. There is 1 seat for a student in the combined Dalhousie Dentistry/Masters of Oral Maxillofacial Surgery Program. All residents of New Brunswick enrolled in the program will attend the Saint John campus and the government of New Brunswick is responsible for defining residency status. Up to 5 supernumerary positions are available to individuals applying under the Military Medical Training Program (MMTP). Applications from international students are considered only for supernumerary positions under external contracts with specific organizations.

Selection Factors:
Eligibility for admission to Dalhousie's Undergraduate Medical Education program requires applicants to meet minimum academic requirements (GPA, MCAT, undergraduate degree completion) and minimum non-academic requirements as determined from CASPer, MMI, and Personal Statements/Supplemental.

Applicants who do not meet all minimum requirements are not usually considered for admission. Final selection for admissions is determined by application file score and Admissions Committee approval.
Faculty of Medicine, DALHOUSIE UNIVERSITY

Academic Criteria:
A completed, or in progress to be completed 90-120 Credit Hour Baccalaureate Degree, in any field, from an accredited institution is required. A minimum GPA and minimum MCAT score are required.

Special Consideration:
Priority Community Application Process (Indigenous and Black applicants) is under development

Mean GPA: 3.8/4.0  Details: Minimum requirement: 3.3/4.0 for NS/NB Residents and 3.7/4.0 for Other Canadian Residents
MCAT Required? Yes  Details: Minimum total MCAT score requirement is determined in relation to GPA. This sliding scale is available on our website here: https://medicine.dal.ca/departments/core-units/admissions/admissions/mcat-requirement.html
CASPer Required? Yes  Details: CASPer results will be used for interview selection purposes only. Applicants who do not complete CASPer or who do not meet the minimum CASPer score will not be considered. The minimum CASPer score will be adjusted annually, depending on interview capacity and the size of the applicant pool.
Deferred Admission? Yes  Details: Only under exceptional circumstances: Deferral requests are not routinely granted and have generally been provided only in rare and exceptional circumstances
Transfers? No  Details: N/A

Combined Programs:
In collaboration with Dalhousie Faculty of Dentistry, one student who has completed the Dentistry program is admitted to the combined Dentistry/Masters in Oral Maxillofacial Surgery Program

Application Details:
Start Date: June 15, 2022
Deadline: Step 1 - July 31, 2022, Step 2 - Sept 5, 2022
Fee: $70.00
Form Type: Online application

Interview Details:
Types: MMI
Date: TBD
Location: Halifax Nova Scotia & Saint John New Brunswick¹
# In-Province/Out-of-Province/Out-of-Canada/Total: Approximately 300-400 applicants are invited for interview each year. Interview selection is determined by GPA eligibility, MCAT eligibility and

¹ Update not available yet—subject to change later
Faculty of Medicine, DALHOUSIE UNIVERSITY

CASPer. For applicants outside of NS and NB, interview selection is also determined by information regarding an applicant’s compelling reasons for choosing Dalhousie Medicine as their preferred choice and significant community connections to NS and NB.

Fees: TBD

- 92 places occupés par des résidents du Québec
- Répartition de 1 place pour un candidat Hors-Québec, 3 places selon l’entente avec la province du Nouveau-Brunswick, 2 places pour des étudiants des premières nations/autochtones, 2 places pour des candidats internationaux entre l'année préparatoire et le Programme MD
- 3 postes pour les candidats québécois médecins diplômés à l’extérieur du Canada ou des États-Unis (DHCEU)$^1$

### Selection Factors:
Tous les candidats font une demande d’admission à l’année préparatoire au programme MD et le Comité d’admission décide, selon le profil des candidats si ceux-ci seront admissibles à l’année préparatoire ou au programme MD directement. Dans la mesure des places disponibles, le candidat peut choisir de completer ses études au Campus de Montréal ou au campus en Mauricie.

### Academic Criteria:
- Être titulaire d’un diplôme de premier cycle universitaire reconnu équivalent à un baccalauréat

---

$^1$ La mise à jour n'est pas encore disponible—susceptible d’être modifiée ultérieurement
Faculté de médecine, UNIVERSITÉ DE MONTRÉAL—Doctorat de 1er cycle en médecine (Programme MD)

- Être titulaire d’un doctorat en médecine décerné par une faculté de médecine reconnue par le Conseil médical du Canada et avoir obtenu la reconnaissance d’équivalence du diplôme de docteur en médecine par le Collège des médecins du Québec (CMQ)

## First-Year Tuition

- **Canadian Residents:** TBD
- **Québec Residents:** $2,725.00
- **Compulsory Fees:** $2,143.00
- **Visa Students:** TBD
- **Foreign Students:** (Above-Quota contract) TBD

### Tuition Details:
MED-P Tuition: The preparatory year program fees ($2,725 tuition, $2,143 other compulsory fees) are those of the Faculty of Science in which the student is registered for this year. Upon successful completion of the preparatory year, the student will be admitted to the MDCM program in the Faculty of Medicine.

Select Quebec residency and "Bachelor of Science".

### Year One Position Breakdown:
Maximum of 20 seats for Outaouais campus, remainder for Montreal campus

### Selection Factors:
Canadian citizens/permanent residents who are residents of Québec currently enrolled in their final year at a Québec Collège d’enseignement général et professionnel (CÉGEP) science program may apply.

Starting September 2021 there is a pathway for Black applicants to the MEDP program.

There is a Quebec First Nations & Inuit application pathway for the Med-P program has a unique selection process shared with the other 3 Faculties of Medicine in QC and is open to university and cegep candidates:
https://www.mcgill.ca/medadmissions/applying/categories/roq/indigenous

Details of all selection pathways current and future for Quebec residents are found:
https://www.mcgill.ca/medadmissions/applying/categories/roq
Faculty of Medicine and Health Sciences, MCGILL UNIVERSITY—Med-P Program

Academic Criteria:
A CÉGEP Diplôme d’études collégiales is required at time of admission. Prerequisite courses from the CÉGEP program in Health Sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

Special Consideration:
May be given to applicants with extenuating circumstances upon formal request.

| Mean GPA: | R-Score: 36.86³ | Details: The average R-score of applicants advanced to the second step of selection in 2021 was 36.86. |

#### First-Year Tuition

- **Canadian Residents:** $17,861.00
- **Québec Residents:** $5,722.00
- **Compulsory Fees:** $2,605.00
- **Visa Students:** $49,274.00
- **Foreign Students:** TBD

(Above-Quota contract)

#### Tuition Details:

#### Year One Position Breakdown:

Usually up to 2 positions are available for visa students, exceptionally there were 3 positions for visa students this year. Up to 11 positions are available for Canadian citizens/permanent residents residing outside Québec, but in Canada and 1 position is available for students admitted to the joint Medicine and Oral and Maxillofacial Surgery (MD-OMFS) program. The remaining 193 positions are available for residents of Québec and are distributed among university-level applicants and students who have successfully completed the MED-P year. Quebec-resident positions are assigned to the Outaouais campus (24) or the Montreal campus (remainder). A maximum of 6 additional positions (shared among the four Québec faculties of medicine) are available to eligible First Nations and Inuit applicants who are residents of Québec (both campuses eligible). A maximum of
Faculty of Medicine and Health Sciences, MCGILL UNIVERSITY—MD-CM Program

4 additional positions (shared among the four Québec faculties of medicine for training in French) are available to eligible Canadian Forces members (Outaouais campus only).

Selection Factors:
Canadian citizens/permanent residents or visa students (will be required to hold a student authorization to enter Canada) may apply.

Academic Criteria:
A 4 year Bachelor degree (120 credits) is required at time of admission. Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry, and general physics; one semester with laboratory work in organic chemistry. Courses in physiology, biochemistry, cellular and molecular biology, and statistics are recommended. Exception may be made for applicants with advanced degrees in the material concerned. Prerequisite courses in progress must be completed and grades submitted by May 30, 2022

Special Consideration:
May be given to applicants with extenuating circumstances upon formal request and First Nations/Inuit applicants who are residents of Québec.

Starting September 2021 there is a pathway for Black applicants who are Quebec residents, to the MDCM program. In addition to the Quebec First Nations & Inuit application pathway, which has a unique selection process shared with the other 3 Faculties of Medicine in QC and is open to university and cégep candidates: https://www.mcgill.ca/medadmissions/applying/categories/roq/indigenous. We also have the following separate application pathways open to university-level candidates:

a) QC Rural & Small Population areas  
b) Canadian Indigenous  
c) Canadian armed forces (Outaouais campus only)  
d) Quebec-resident IMGs

See https://www.mcgill.ca/medadmissions/applying/categories for full listing of application pathways by residency and other characteristics.

</table>

### Tuition Details:

Tuition fees are the same for all Canadian students regardless of their geographical status because we do not accept international students.

### Year One Position Breakdown:

156 students are admitted through the Ministry of Health which includes: up to 7 positions available to Indigenous students, up to 4 positions available to students in the MD/PhD program and 2 positions available through our social accountability initiative.

### Selection Factors:

Canadian citizens and permanent residents (landed immigrant) status may apply.

---

\(^1\) Update not available yet—subject to change later
Academic Criteria:
Three years full-time university studies leading to a Bachelor’s degree is required. Prerequisite courses include: 6 units(credits) in humanities/social sciences, 6 units(credits) in biology or physiology, 3 units(credits) in organic chemistry, 3 units(credits) in biochemistry and 3 units(credits) in statistics. The laboratory requirements can be met by either having 6-units(credits)-worth of courses (indicated above) that include a laboratory component and/or having completed additional course(s) up to 6 units(credits) that are exclusively laboratory-based. A minimum grade of B must be attained in all prerequisite courses for a candidate to be considered for admission.

Special Consideration:
TBD

Mean GPA: TBD Details: Each year, a minimum cumulative grade point average (cGPA) is set for the current application pool. cGPA calculation is based on the last three years of full-time undergraduate studies leading to a University Bachelor’s Degree. This includes summer courses taken during that period.

MCAT Required? No Details: The Medical College Admission Test (MCAT) is not an admission requirement to the medical program of the University of Ottawa.

CASPer Required? Yes Details: Applications to the MD program or the MD/PhD program will not be considered if the CASPer test is not completed. Applicants are required to take the CASPer test in the fall of the application year and in the language of instruction they applied for.

Deferred Admission? Yes Details: Considered under exceptional circumstances only

Transfers? Yes* Details: Please refer to our Policy on Student Transfers at the following link: http://med.uottawa.ca/undergraduate/admissions/application-process/offers-admission

Combined Programs:
MD/PhD

Application Details:
Start Date: July 9, 2022
Deadline: October 1, 2022
Fee: $345.00
Form Type: Please see OMSAS section: www.ouac.on.ca
Faculty of Medicine, UNIVERSITY OF OTTAWA

Interview Details:

Types: We have a semi-structured panel interview. The panel includes a Physician, a member of the Community (who can also be a Physician) and a fourth-year medical student.

Date: February-March, 2023

Location: For the 2022 admission year, the interviews were conducted on-line. TBD for the 2023 admissions cycle.

# In-Provience/Out-of-Provience/Out-of-Canada/Total: A total of 580 candidates were interviewed with a mix of In-Provience and Out-of-Provience applicants.

Fees: TBD

Offer of Admission Details:

Date: Second Tuesday in May, 2023

Number of Offers: We anticipate approximately 166 (including English and French stream)

Deposit: $1,000.00

Distribution Type: E-mail

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

N.R. = Data not available
Faculté de médecine, UNIVERSITÉ D’OTTAWA

**Length of Program (Years):** 4  
*Notes:* 7 ans pour nos étudiants inscrits à notre programme combiné MD/PhD.

**Language of Instruction:** Anglais ou français  
*Notes:* Une fois admis, il n’y a aucune possibilité de changer d’un volet à l’autre.

**Testing of Language Proficiency:** Oui*  
*Notes:* Au besoin : la compétence linguistique sera évaluée au cours de l’entrevue.

**New Admissions into Year One:** À déterminer (166 en 2022)  
*Notes:* Nous prévoyons avoir 166 étudiants qui débuteront leurs études en médecine à l’automne 2022.

En plus des 156 places accordées par le ministère de la Santé, 8 places supplémentaires sont offertes par le Consortium national de formation en santé (CNFS) et 2+ places offertes par le ministère de la Défense nationale.

**First-Year Tuition**

- **Canadian Residents:** 25 487,00 $ ¹
- **Québec Residents:** S.O.

- **Compulsory Fees:** 1 141,00 $ ¹
- **Visa Students:** À déterminer
- **Foreign Students:** À déterminer  
*(Above-Quota contract)*

**Tuition Details:**
Les frais de scolarité sont les mêmes pour tous les étudiants, quel que soit leur statut géographique, car nous n’admettons pas d’étudiants internationaux.

**Year One Position Breakdown:**
156 étudiants sont admis par l’entremise du ministère de la Santé, ce qui comprend : jusqu’à 7 places disponibles pour les étudiants autochtones, jusqu’à 4 places disponibles pour les étudiants du programme MD/PhD et 2 places disponibles dans le cadre de notre initiative en matière de responsabilité sociale.

**Selection Factors:**
Les citoyens canadiens/résidents permanents peuvent présenter leur candidature.

---
¹ La mise à jour n’est pas encore disponible—susceptible d’être modifiée ultérieurement
Faculté de médecine, UNIVERSITÉ D’OTTAWA

Academic Criteria:
Trois années d’études universitaires à temps plein d’un programme de premier cycle menant au Baccalauréat sont requises. Les cours préalables incluent : 6 crédits en sciences humaines/sciences sociales, 6 crédits en biologie ou physiologie, 3 crédits en chimie, 3 crédits en chimie organique, 3 crédits en biochimie et 3 crédits en statistique. Les exigences de laboratoire sont d’avoir complété 6 crédits de cours (parmi ceux énumérés dans les exigences de cours) ayant une composante laboratoire ou en ayant complété des cours de laboratoire supplémentaires représentant jusqu’à 6 crédits. Tous les préalables doivent avoir été complétés avec une note minimale de B pour que la candidature soit considérée.

Special Consideration:
À déterminer

Mean GPA: À déterminer
Details: Chaque année, une moyenne cumulative globale (MCG) minimale est fixée pour le groupe de candidatures. La MCG minimale est calculée basé sur les trois dernières années d’études universitaires, à temps plein, envers un programme de baccalauréat. Nous incluons également les cours d’été ayant été complétés durant cette même période de temps.

MCAT Required? Non
Details: Le Medical College Admission Test (MCAT) n'est pas une condition d'admission au programme de médecine de l'Université d'Ottawa.

CASPer Required? Oui
Details: Les demandes pour le programme M.D. ou MD/PhD ne seront pas prises en considération si le test CASPer n'a pas été fait. Les candidats doivent passer le test CASPer à l'automne de l'année que la demande d'admission est déposée et dans la langue d'enseignement pour laquelle ils ont demandé.

Deferred Admission? Oui
Details: Envisagées en cas de circonstances exceptionnelles seulement

Transfers? Oui*
Details: Consultez la politique sur le transfert des étudiants : https://med.uottawa.ca/premier-cycle/admissions/processus-demande/offreadmission

Combined Programs:
MD/PhD

Application Details:
Start Date: 9 juillet 2022
Deadline: 1 octobre 2022
Fee: 345,00 $
Form Type: Consultez le site Web de OMSAS : https://www.ouac.on.ca/fr/omsas/
Faculté de médecine, UNIVERSITÉ D'OTTAWA

Interview Details:

Types: Nous avons une entrevue semi-structurée de style traditionnelle. Le panel est composé d’un médecin, un membre de la communauté (qui peut également être un médecin) et un étudiant en quatrième année de médecine.

Date: Février-mars 2023
Location: Pour l'année d'admission 2022, les entrevues ont lieux en ligne. Ce sera à déterminer pour le cycle d'admission 2023.

# In-Provence/Out-of-Provence/Out-of-Canada/Total: Au total, 580 candidats sont invités à l'entrevue. Les candidats sont originaires soit de la province de l'Ontario ou de l'extérieur de la province.
Fees: À déterminer

Offer of Admission Details:

Date: Deuxième mardi du mois de mai 2023
Number of Offers: Nous anticipons admettre un total de 166 étudiants (inclus les deux volets d'enseignement - français et anglais)
Deposit: 1 000,00 $
Distribution Type: Courriel

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

N.R. = Data not available

¹ Includes Canadian citizens/landed immigrants who were living outside Canada at time of application.
Temerty Faculty of Medicine, UNIVERSITY OF TORONTO

Length of Program (Years): 4  
Notes: N/A

Language of Instruction: English  
Notes: N/A

Testing of Language Proficiency: No  
Notes: N/A

New Admissions into Year One: 259  
Notes: 259 domestic seats

First-Year Tuition

- Canadian Residents: $23,090.00
- Québec Residents: $23,090.00
- Compulsory Fees: $1,745.00
- Visa Students: $91,760.00
- Foreign Students: $91,760.00 (Above-Quota contract)

Tuition Details:
Tuition fees for the 2021-2022 academic year for domestic students entering year 1 is $23,090 and supernumerary stream students entering year 1 is $91,760. The St. George Campus and Mississauga Campus Compulsory Fee are different. For DOMESTIC: $1,744.42 (St. George campus, entering 2021) and $2,129.35 (Mississauga campus, Entering 202). For INTERNATIONAL: $2,464.42 (St. George campus, Entering 2021) and $2,849.35 (Mississauga campus, Entering 2021). Note: All fees are subject to change pending the Governing Council’s review in spring 2022.

Year One Position Breakdown:
St. George Campus: 205; Mississauga Campus: 54; All Supernumerary (International + DND): up to 10.

Selection Factors:
The 259 domestic positions are allocated to two campuses: 205 at the St. George campus (in downtown Toronto) and 54 at the Mississauga campus (in Mississauga). Students will be assigned to either the Mississauga campus or the St. George campus at the time of offer of admission. At the St. George campus, students will be assigned to one of three academy sites shortly after they accept their offer. The St. George campus includes the FitzGerald, Peters-Boyd and Wightman-Berris Academies. All campus and academy assignments are final and will be for the entire 4 years of study. All students will be able to participate in clinical learning opportunities across the Faculty of Medicine’s affiliates. During or after the interview weekends, detailed information regarding the campus and academy structure and method of assignment will be provided. Interviewed applicants will be asked to complete a short survey indicating their preference for one campus over the other, or that they have no preference. Although we cannot guarantee placement at one’s first choice of campus or academy, our process is designed to maximize student satisfaction. Canadian citizens/permanent residents or international/visa students may apply.
Temerty Faculty of Medicine, UNIVERSITY OF TORONTO

Academic Criteria:
For students studying at an undergraduate program at a Canadian university, a minimum of three years full-time university study (equivalent of 15 full-course-equivalents) is required. Prerequisite courses include two full-course-equivalents in life sciences and one full-course-equivalent in social science or humanities or languages.

Special Consideration:
Our MD Program values a diverse applicant pool with students from all academic backgrounds. To acknowledge the academic challenge of undertaking graduate work, applicants pursuing graduate degrees will receive credit for their accomplishments during the file review process. Graduate applicants will receive credit for their graduate work based on the following categories: Doctoral degree conferred, Doctoral degree in progress, Research-based Master’s conferred, Research-based Master’s in progress, Course-based Master’s conferred. Applicants enrolled in a course-based Master’s that is in progress will be assessed as undergraduate applicants. Please note that you are not able to update your application after the October 1st deadline. Graduate students must have completed all program requirements, including the successful defense of their thesis (if applicable) by June 30 in the proposed year of entry (this deadline will be strictly enforced).

Indigenous Student Application Program (ISAP): Recognizing the commitment to social responsibility in the Faculty’s mission, this program has been implemented to increase the number of Indigenous (First Nations, Inuit and Métis) medical students. Members of the Indigenous community (faculty, students and public members) take part in the admissions file review and admission interviews. Applicants to this program must meet the same minimum requirements for MCAT, GPA and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process along with the following additional materials: 1) self-declared Indigenous status via OMSAS, 2) Proof of Indigenous ancestry (details of documentation may be found on the Admissions website), and 3) a personal essay explaining applicants’ community connectedness or intended future community involvement.

Black Student Application Program (BSAP): BSAP is an optional application stream for Black applicants who self-identify as Black African, Black Caribbean, Black North American, multi-racial students who have and identify with their Black ancestry. The aim of this application program is to increase and support Black medical student representation at the University of Toronto. Members of the Black community take part in admissions file review and interview processes, including: faculty, physicians, residents, medical students, and public members. This program reflects the Faculty of Medicine’s strong commitment to diversity as demonstrated in its Diversity Statement. Applicants to this program must meet the same minimum requirements for MCAT, GPA and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process along with the following additional materials: 1) self-identification as Black African, Black Caribbean, Black North American, multi-racial student who has and identifies with their Black ancestry via OMSAS, and 2) a personal essay highlighting why the applicant has chosen to apply through this application stream.
### Temerty Faculty of Medicine, UNIVERSITY OF TORONTO

| **Mean GPA:** | See minimum and average GPA details in the next column | **Details:** | Undergraduate applicants must obtain a minimum grade point average (GPA) of 3.6/4.0 on the Ontario Medical School Application Service (OMSAS) scale. Graduate applicants must obtain a minimum GPA of 3.3/4.0.  

**MCAT Required?** | Yes | **Details:** | The MCAT is required, and the test must have been written within five years of the application deadline. Only the most recent score is considered. Applicants must meet a threshold score of 125 in each section, with an allowance of 124 in one section. Your MCAT score is not used competitively.  

**CASPer Required?** | No | **Details:** | N/A  

**Deferred Admission?** | Yes | **Details:** | Not routinely

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

N.R. = Data not available
Michael G. DeGroote School of Medicine, MCMASTER UNIVERSITY

Length of Program (Years): 3  
Notes: N/A

Language of Instruction: English  
Notes: N/A

Testing of Language Proficiency: Yes  
Notes: N/A

New Admissions into Year One: 203  
Notes: McMaster will welcome first year students into the program on August 14, 2023. This date is based on current practice of admitting on the second Monday in August, but has not yet been officially approved.¹

First-Year Tuition

- Canadian Residents: $25,129.96¹
- Québec Residents: N/A

- Compulsory Fees: $1,000.44¹
- Visa Students: $95,000.00¹
- Foreign Students: $95,000.00¹
  *(Above-Quota contract)*

Tuition Details:
Tuition can be made in three installments – September, January, and May.

Tuition for 2022 has not yet been approved (no increase from 2020-2021).

Year One Position Breakdown:
147 positions in the Hamilton campus; 28 positions in the Waterloo Regional Campus; and 28 positions in the Niagara Regional Campus.

Selection Factors:
McMaster uses a formulaic approach to determine invitation to interview (32% UG GPA; 32% MCAT CARS; 32% CASPer and up to 4% Grad Degree). For advancement to full file review/offer of admission, the formula is: 70% MMI scores; 15% GPA; 15% MCAT CARS. All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference. Offer of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site. Canadian citizen/permanent residents or visa students may apply.¹

Academic Criteria:
Three years (30 semester credits) of undergraduate university education is required, in any field of study.

¹ Update not available yet—subject to change later
Michael G. DeGroote School of Medicine, McMaster University

Special Consideration:
Indigenous applicants who wish to self-identify must submit a FIAP (Facilitated Indigenous Admissions Process) application which is reviewed by our Indigenous Health Task Force. Indigenous applicants must meet all academic criteria above but are considered in a separate pool.

Mean GPA: 3.0/4.0

Details: The minimum GPA considered is 3.00 on the 4.00 OMSAS scale. The mean GPA of those accepted in 2020/21 was 3.88.

MCAT Required? Yes

Details: The MCAT is required – McMaster uses only the CARS score and the minimum score is 123.

CASPer Required? Yes

Details: All applicants must write CASPer. The scores on the above plus a small bonus for graduate degree holders forms the basis of the rank order for invitation to interview.

Deferred Admission? Yes

Details: On a case-by-case basis

Transfers? No

Details: N/A

Combined Programs:
MD/PhD

Application Details:

Start Date: On or about July 1st annually

Deadline: October 1, 2022

Fee: $335.00

Form Type: Application is done through the Ontario Medical School Application Services website at www.ouac.on.ca/omsas. This opens in early July and applications must be submitted by 4:30 EST on October 1st.

Interview Details:

Types: MMI - Virtual in 2021 and 2022 - unknown for 2023

Date: March/April, 2023

Location: Unknown for 2023

# In-Provence/Out-of-Provence/Out-of-Canada/Total: In 2022: 550 interviewees. 500 (90% of interview spots) are for in-Provence and 50 (10% of interview spots) are for Outside Ontario which includes international.

Fees: TBD

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred

N.R. = Data not available
Schulich School of Medicine & Dentistry, WESTERN UNIVERSITY

Length of Program (Years): 4

Language of Instruction: English

Testing of Language Proficiency: No

New Admissions into Year One: 171

First-Year Tuition

- Canadian Residents: $26,652.00
- Québec Residents: N/A
- Compulsory Fees: $1,503.00
- Visa Students: TBD
- Foreign Students: TBD¹

(Above-Quota contract)

Tuition Details:

TBD

Year One Position Breakdown:

171 positions include up to 5 position available to Indigenous applicants and up to 1 position available to applicants to the oral maxillofacial surgery program. Up to 3 supernumerary seats in the Medical Military Training Program.¹

Selection Factors:

133 in London and 38 at the Windsor campus. Being invited for an interview allows candidates the opportunity to indicate their preferred campus. Applications for both campuses will be processed by the Schulich School of Medicine & Dentistry, Western University, and will be subject to the same admission criteria. For candidates successful in receiving an offer of admission from Schulich Medicine, we do our best to place them at their preferred campus. However, if the allotted seats at that campus are full, a seat in the other location will be offered to them.¹

¹ Update not available yet—subject to change later
Schulich School of Medicine & Dentistry, WESTERN UNIVERSITY

Academic Criteria:
Our school is committed to enrolling self-directed, motivated, resilient students who reflect the diversity of the patients they serve, and who demonstrate compassion and advocacy for others. To help with this goal, we would like to learn more about our applicants through their life experiences and the activities they have participated in. Through our Abbreviated Autobiographical Sketch applicants are asked to link their activities and life experiences to 4 domains: Teamwork and Leadership, Exposure to Diversity, Social Accountability and Social Responsibility, and Self-directed Learning, Problem Solving and Critical Inquiry. To ensure a holistic approach this Sketch along with GPA and MCAT helps us determine who should be selected for interview. Applicants must have completed or be in the final year of a program leading to a 4-year undergraduate degree at a recognized university and expect to have obtained your degree by the end of the academic year in which the applicant is being made. There are no prerequisite courses. Please note the Admission policy is reviewed annually and the admission requirements for previous years may not apply. The University reserves the right to review and change the admission requirements at any time without notice.

We encourage ALL applicants (regardless of ethnicity, age, gender identity, socioeconomic status, faith, etc.) to apply to Schulich Medicine.

Effective July 1, 2019, Schulich Medicine has implemented an ACCESS pathway. The ACCESS pathway is for those applicants who have been adversely impacted by circumstances that created a disadvantage. These may include medical, sociocultural, and/or financial barrier(s).

Those who apply through the ACCESS pathway may be considered for MCAT flexibility using the same criteria as set for our Southwestern Ontario stream. The MCAT criteria are re-set annually based on the competitiveness of the applicant pool.

Special Consideration:
Applies to applicants who have indicated on their application they are from designated communities in Southwestern Ontario, from Indigenous communities, have applied through the Military Medical Training Program or the ACCESS pathway for those applicants who have been adversely impacted by circumstances that created a disadvantage.

### First-Year Tuition

- **Canadian Residents:** $24,455.00
- **Québec Residents:** N/A

### Compulsory Fees:
- Thunder Bay Campus: $1,214.79, Sudbury Campus: $1,002.47
- **Visa Students:** TBD
- **Foreign Students:** TBD *(Above-Quota contract)*

### Tuition Details:
- Thunder Bay Campus: $24,455.03 | Sudbury Campus: $24,249.47

### Year One Position Breakdown:
Includes a minimum of 4 designated positions available to Indigenous students, up to 5 Military Medical Training Program (MMTP) positions

38 Laurentian Campus | 31 Lakehead Campus

### Selection Factors:
The 64 positions are allocated to two campuses: Thunder Bay (31) and Sudbury (38). Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred campus. Canadian citizens/permanent residents may apply. Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Indigenous and Francophone applicants.
Northern Ontario School of Medicine

Academic Criteria:
The minimum requirement is a 4-year undergraduate university degree or equivalent in any discipline from a recognized Canadian university or equivalent. No preference is given to a particular discipline over another. While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.

Special Consideration:
Indigenous and Francophone applicants may apply through the Indigenous or Francophone Admissions Streams; however, all minimum requirements must be met.

Mean GPA: 3.8/4.0  Details: The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2020/21 was 3.8.

MCAT Required? No  Details: N/A
CASPer Required? No  Details: N/A
Deferred Admission? Yes  Details: except under extenuating circumstances
Transfers? No  Details: Not considered due to the distributed nature of the curriculum, all NOSM students must complete all four years of the program.

---

1 Year 1 only
Max Rady College of Medicine, Rady Faculty of Health Sciences, UNIVERSITY OF MANITOBA

Year One Position Breakdown:
The number of year one positions available for 2023/24 is 110. Approximately ninety-five percent (95%) will be filled by residents of Manitoba and up to five percent (5%) by those from out-of-province. These percentages include students who have declared their First Nations, Metis, or Inuit heritage.

Selection Factors:
All eligible applicants to the Canadian Indigenous Applicant Pool will be offered an interview.

For all other applicant pools, the Admissions Committee will calculate a composite score to determine an applicant’s ranking. The composite score will be modified by the rural, advanced academic, and socioeconomic and cultural diversity coefficient calculated for all eligible applicants.

All applicants who meet the eligibility requirements are ranked by calculating a composite score in the following way:

\[(20\% \text{ AGPA} + 50\% \text{ MCAT®} + 30\% \text{ CASPer®}) \times (\text{rural co-efficient if } >0) \times (\text{academic co-efficient if } >0) \times (\text{socioeconomic and cultural diversity co-efficient if } >0)\]

Ranking of Applicants for offer of Admission
All applicants who were selected for interview and participated in the interview process are ranked by the Admissions Committee.

1. Manitoba and Out-of-Province Applicant Pools: All applicants who participated in the interview process will be ranked in their respective pool by calculating a composite score in the following way: \((15\% \text{ AGPA} + 40\% \text{ MCAT®} + 35\% \text{ MMI} + 10\% \text{ CASPer®}) \times (\text{rural co-efficient if } >0) \times (\text{academic co-efficient if } >0) \times (\text{socioeconomic and cultural diversity co-efficient if } >0);\)

2. Canadian Indigenous Applicant Pool: Offers of admission will be extended to applicants who are recommended to the Admissions Committee by the Canadian Indigenous Applicant Pool panel, regardless of composite score of MMI results.

Academic Criteria:
1. Bachelor’s Degree completed no later than June 30, 2023 from a university recognized by the University of Manitoba.
2. Medical College Admission Test (MCAT).
3. Adjusted Grade point Average (AGPA) of 3.30 or higher.
4. Situational Judgement Test (CASPer®)
   a. Applicants to the Manitoba applicant pool and the Out of Province applicant pool must achieve a threshold CASPer® score greater than 1.5 standard deviations below the mean for their respective applicant pool in order to maintain their eligibility
   b. CASPer® shall not be used in the selection of registrants from the Canadian Indigenous applicant pool. However, as applicants from the Canadian Indigenous applicant pool may also be considered in the general applicant pools (Manitoba applicant pool and Out of Province applicant pool) the CASPer® must be written as it will be used in the selection in these general pools.

Special Consideration:
TBD

¹ Update not available yet—subject to change later
² 2021-22 rates as 2023-24 unknown at this time
College of Medicine, UNIVERSITY OF SASKATCHEWAN

Academic Criteria:
Substantial changes pending approval. Please watch the USASK College of Medicine website https://medicine.usask.ca/admission-to-the-md-program/how-to-apply.php for announcement of changes. The updated Applicant Information document will be available at www.medicine.usask.ca/admissions July 1, 2022. For application, all applicants will be required to have completed a 4-year degree with all degree requirements completed by April 30th of the year admission is being sought and MCAT (earliest accepted 2019) by the application deadline.

Special Consideration:
TBD

Mean GPA:  See GPA Details.  Details: The minimum acceptable university academic average (UAA) is 75% for Saskatchewan residents and 85% for non-Saskatchewan residents.¹

MCAT Required?  Yes  Details: MCAT scores must be obtained in one sitting prior to the application deadline. The earliest accepted scores for 2023 entry are 2019 and only the most recent score will be considered.

CASPer Required?  Yes  Details: Must be completed with score distributed to University of Saskatchewan College of Medicine by the deadline listed on the CASPer website.

Deferred Admission?  Yes  Details: Option available for Saskatchewan resident, DSAAP, and IAP applicants ONLY.

Transfers?  No  Details: N/A

Combined Programs:
MD/MBA (successful applicants to the MD program may defer admission for one year to complete an MBA degree).

Application Details:

Start Date:  August 2, 2022
Deadline:  October 1, 2022
Fee:  $150.00
Form Type:  Online application
College of Medicine, UNIVERSITY OF SASKATCHEWAN

Interview Details:

Types: MMI (virtual 2023), CASPer and changes pending approval at April 23/2022 Senate Meeting

Date: TBD

Location: MMI (virtual 2023) and changes pending approval at April 23/2022 Senate Meeting

# In-Prov/Out-Prov/Out-of-Canada/Total: TBD (2022 - MMI - 360 interviewed)

Fees: $75.00

Offer of Admission Details:

Date: May 15, 2023

Number of Offers: 100 in first round of offers and wait-list offers to follow depending on declines of offers.

Deposit: TBD

Distribution Type: E-mail

**First-Year Tuition**

- **Canadian Residents:** $13,789.00¹
- **Québec Residents:** N/A
- **Compulsory Fees:** $1,802.00¹
- **Visa Students:** TBD
- **Foreign Students:** TBD

**Tuition Details:**

TBD

**Year One Position Breakdown:**

85% of the positions are reserved for Alberta residents and 15% of the positions are for Non-Alberta residents.

In addition, up to 10 positions each year are reserved for qualified Albertan rural applicants. Applicants are determined to be rural based on geographic information submitted in the Application for Admission.

**Selection Factors:**

Canadian citizens/permanent residents may apply. Selection for admission is based on cumulative grade point average (CGPA), Medical College Admission Test (MCAT), personal activities, reference letters, interview and additional assessments as determined by Admission Commission.

**Academic Criteria:**

All applicants to the Doctor of Medicine Program must be registered in a baccalaureate degree from a program recognized by the University of Alberta and obtain their degree the year admission is sought or already have completed their degree program.

To be considered for admission, applicants must have achieved a minimum cumulative GPA (cGPA) of 3.3 for Alberta residents or 3.5 for Non-Alberta residents and a minimum of 60 transferable. At least one academic year (Sept-April or comparable) must be 30.

All applicants must complete the MCAT and meet the minimum requirements for each section in a single test sitting to be eligible to apply to the Doctor of Medicine Program.

Language of Instruction: English  
Notes: N/A

Testing of Language Proficiency: No  
Notes: N/A

New Admissions into Year One: 288  
Notes: N/A

First-Year Tuition

- Canadian Residents: $19,218.00
- Québec Residents: N/A

- Compulsory Fees: $2,105.00
- Visa Students: TBD
- Foreign Students: TBD  
(Above-Quota contract)

Tuition Details:
Please see UBC MD Program for more information on compulsory fees and likely costs: http://mdprogram.med.ubc.ca/student-resources/financial-support/cost-of-an-md-student/

Year One Position Breakdown:
Goal of 14 positions to be filled by Indigenous applicants and up to 8 positions available to applicants to the MD/PhD program. A maximum of 29 positions will be available to out-of-province residents.

Selection Factors:
The 288 positions are allocated to four campuses: 192 at the Vancouver Fraser Medical Program; 32 at the Island Medical Program (in Victoria); 32 at the Northern Medical Program (in Prince George); 32 at the Southern Medical Program (in Kelowna). All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program, up to 10 seats at the Southern Medical Program, and up to 2 seats at the Island Medical Program. Canadian citizens/permanent residents/persons with Canadian refugee status may apply.

Academic Criteria:
Please review the UBC MD Admissions website for academic criteria.

Special Consideration:
Applicants with disabilities may seek special considerations for admission requirements or the admissions process. In exceptional circumstances, applicants with disabilities may be eligible for special consideration in the calculation of their grades. However, even in these circumstances applicants must meet the competitive average.

1 Update not available yet—subject to change later
Mean GPA: 
See GPA Details.  
Details: The minimum acceptable average for in province applicants is 75% on a 100% scale. The minimum average for out-of-province applicants is 85% (visit the UBC MD website for up-to-date information on minimum academic standing).

MCAT Required? 
Yes  
Details: Please visit the website for information on MCAT eligibility

CASPer Required? 
No  
Details: N/A

Deferred Admission? 
Yes  
Details: Only granted in exceptional circumstances.

Transfers? 
Yes  
Details: Rarely granted. Considered only after completion of two years of medical studies in Canada or the United States in a school that is accredited by the Committee on Accreditation of Canadian Medical Schools and/or the Liaison Committee on Medical Education and if positions are available in the UBC medical program.
